

Sauk County Government Operations
Mission Statement Exercise

A mission statement is a definition of the committee's reason for existence – its true or core purpose(s). A mission statement is an action-oriented formulation of the organization's reason for existence. The mission statement can also serve to define how the organization proposes to get from where it is currently to where it wants to be in the future. Additionally, it is often valuable to define values or beliefs a group has in working toward achieving their mission. Space is designated below for you to identify values as well.

In the space below, please develop a mission statement for Sauk County Government operations. Or, list what you think are the primary purposes of the governmental unit.
