To the Honorable Sauk County Board: We are pleased to present the 2021 Sauk County Preliminary Budget.

This preliminary budget, which was approved by the Finance Committee on October 7, increases the overall tax levy by \$529,461. This represents a 1.67 percent increase over the levy needed to support the 2020 budget. The levy rate decreases by \$0.12 to \$4.33. The tax levy, levy rate and equalized value are shown in Figure 1 below and are compared to the 2020 figures. The budget utilizes all of the levy cap available under state law.

Figure 1. Comparative Tax Levy and Equalized Value Information

	2020 Budget	2021 Budget	Dollar Change	Percent Change
Levy Amount	\$31,730,876	\$32,260,337	\$529,461	1.67%
Levy Rate	\$4.44	\$4.33	-\$0.12	-2.64%
Equalized Value	\$7,141,653,900	\$7,457,984,600	\$316,330,700	4.43%

Each annual budget, whether by design or circumstances, is developed around major themes. The themes that shaped the 2021 preliminary budget represent both types and are set forth below.

2021 Budget Themes

Impact of COVID-19 health pandemic

The unprecedented COVID-19 health pandemic continues to have a significant impact on County operations and finances.

Sales tax revenues

When the COVID-19 pandemic began to unfold in our County in March and “Safer at Home” orders were issued by the State, it soon became apparent that sales tax revenues would be significantly impacted. Sauk County was particularly vulnerable to this loss of sales tax revenue due to the tourism and hospitality industries playing such a significant role here. Initial projections by the Wisconsin County’s Association’s *Forward Analytics* division projected up to a \$2 million shortfall in 2020 sales tax revenues for Sauk County. In response to that anticipated loss of revenue, a budget amendment was prepared, with the cooperation of the County’s department heads and elected officials, that reduced spending and recognized other enhanced revenues for the balance of the year by \$2 million. This exercise was actually the informal start of the 2021 budget planning process as it identified areas of the budget that were sensitive to the pandemic and underscored the need for fiscal restraint in the upcoming year.

With the lifting of COVID restrictions, the County’s sales tax picture appears to be improving. Where the final figure will land in 2021, however, is a major assumption underlying this budget and is covered in more detail below.

Impacts on services

The pandemic has had short-term impacts and will have potential long-term implications on the delivery of County services. As an overall theme, the pandemic has added a significant element of unpredictability to our budget planning process. While the demands for services have increased dramatically in some areas, such as public health, activities in other operations, such as jury trials came to a halt during the pandemic. To date, a significant amount of funding has been available from the state and federal governments to offset increased costs. This budget represents our best assumptions in terms of costs that departments will incur and revenues that they will receive next year. The Board needs to be aware, however, that a reimposition of Safer at Home orders or the elimination of public health grant funding will require immediate action in terms of budget amendments next year. I suggest following the process that was established this past summer; identify costs that can be cut and purchases that can be deferred and amend the budget.

The Ability of Taxpayers to Pay

While County government has suffered the loss of sales tax revenue, too many taxpayers have suffered a far more personal loss, namely loss of their jobs. Sauk County did what it could, in light of our own budget issues, to provide relief for taxpayers. These efforts involved providing forbearance to County revolving loan recipients, providing grants to local chambers of commerce and deferring the collection of property taxes to the maximum extent allowed by State law.

While the employment picture has improved since the height of the Safer at Home order, the County needs to be cognizant that many taxpayers are still experiencing financial distress. I believe the requests of County departments reflected this concern. As you consider this budget, keep in mind, as well, that County property taxes are not the only taxes that will be on the bill that taxpayers receive in December. The Sauk County Board does not control the budgets of these other units of government. Figure 2 shows the relative size of the County tax burden compared to other local governments.

A New Budget Process

In June, the County Board created the position of County Administrator to replace the old Administrative Coordinator model of organization and began recruiting qualified candidates. There are significant statutory differences between the positions of Administrator and Administrative Coordinator. One of the responsibilities of the County Administrator is to prepare the annual budget in a manner that is compliant with State law. Realizing that the new Administrator would not be on board until after the 2021 budget was well on its way to adoption, the Finance Committee modified its process to provide for a transition between the two models. The Interim Administrative Coordinator and Finance Director were directed to present a budget that was compliant with State law. The Finance and Personnel & Insurance Committees retained their roles of approving the creation and elimination of

positions, as well as position reclassification requests. The Finance Committee retained its role of approving the requests of outside agencies for county funding.

Impacts of the State Levy Cap:

Until State law is modified, the statutory levy cap will continue to play a significant role in the County's budget. The "cap" limits property tax growth by the percent of "net new construction" that takes place in the County or zero percent, whichever is greater. Net new construction in our County increased by only 1.334 percent in 2021. This provided \$465,987 of increased room under our levy cap. While this is a significant amount of money to an individual, in the context of a \$106.5 million expense budget, it does not cover increased operating expenses that rise annually due to inflation, such as the cost of labor, utilities, fuel and contracted services. The State's model for County government is, ultimately, not sustainable, but it is the law. Sauk County's best strategy is to be proactive and carefully consider any new programs or positions that will require the use of levy dollars in future budgets.

The 2021 Budget Process to Date

A significant amount of work has gone into the Preliminary Budget up to this point. Beginning in spring, County departments reviewed their anticipated expenses and revenues for the upcoming year in planning at the staff level. These budgets were developed and, in many cases shared with oversight committees. The deadlines for departments to submit their budgets to the Finance Director was August 3. While these requests were being compiled, the Finance Committee established the transitional budget process described above. The Finance and Personnel & Insurance Committees made decisions regarding positions to be included in the budget. The Interim Administrative Coordinator and Finance Director met with all the departments, incorporated the input of the Finance and Personnel & Insurance Committees and, on September 22 released a budget that was compliant with the statutory levy limit.

The Interim Administrative Coordinator and Finance Director made a number of key assumptions which included anticipated sales tax revenues, a position vacancy factor and cost of living increase for employees. The Interim Administrative Coordinator's budget estimated 2021 sales tax revenues of \$8.4 million. It recommended utilizing \$500,000 in fund balance and outlined spending reductions of \$723,298. The Finance Committee met with each department as well as outside agencies that were requesting County funding.

Between the time that the Interim Administrative Coordinator's budget was released and initial review by the Finance Committee, *Forward Analytics* published a new estimate of Sauk County sales tax revenues. Its "low" estimate projected 2021 revenues of \$9.1 million. The Finance Committee utilized the *Forward Analytics* estimate and, with the encouragement of the Interim Administrative Coordinator, removed the \$500,000 of fund balance use. The Committee also chose to restore approximately \$224,000 in cuts that the Administrative Coordinator had proposed. Some significant restorations included retaining outside Corporation Counsel rather than pursuing an "in-house" model (an increase of \$100,000); funding a prosecutor in the District Attorney's Office (a \$45,000 increase) and including fund balance in the budget to study the issue of providing better mental health services to our veterans.

As you consider this Preliminary Budget, remember that the annual budget serves a number of important functions. It is:

1. **A Policy Document** – reflective of constituencies' desired type and level of service that encompasses the unique flavor of Sauk County.
2. **An Operations Guide** – providing direction on policy implementation in a detailed form.
3. **A Planning Document** – embodying the mission, vision and goals of Sauk County government, incorporating the strategic plan.
4. **A Communications Device** – providing transparency, accountability and information.

The Preliminary Budget aligns with the County's top strategic issues in the manner set forth below. These issues reflect the biennial policy priorities of the Board that were developed during the spring of 2019.

Top Strategic Issues (SI) for 2019-2021

28. Workforce development
29. Transportation
30. Communication -- into and with the community
31. Homelessness

2021 Budget Highlights

- The budget includes increased funding for County airports. The increase was caused by the withdrawal of Iowa County from ownership of the Tri-County Airport as well as funding of a study for the Baraboo-Dells Airport. Total airport funding in this budget is: \$24,000. (SI 1, 18)
- The budget includes funding, from general fund balance of \$80,000 to study how the County can better provide for the mental health of our veterans and implement the appropriate solution. (SI 16)
- The budget includes money for the Great Sauk State Trail expansion, including the "wye" and Wisconsin River bridge planning, from general fund balance of \$655,000. (SI 8, 21)
- The Highway Department budget includes \$1.5 million for further design of a replacement shop and office building. (SI 17, 19)
- Sauk County is funding 11 outside agency requests for a total of \$161,900. (SI 5)
- The budget provides funding for a prosecutor in the District Attorney's Office in the amount of \$45,000, effective roughly July 1, 2021. Since the State of Wisconsin does not provide adequate funding to support the office, the Finance Committee deems the continued prosecution of crimes to be a public safety priority.

Conclusion

The mission of Sauk County government is, "To provide essential services to the residents of Sauk County in a fiscally responsible manner that promotes safety, economic development, and stewardship of natural resources while encouraging the development of cultural, social, and community values that enhance human dignity."

Notwithstanding the foregoing mission statement, given the state-mandated budget cap, budgeting at the county level is a zero-sum game. Keep this in

mind as you consider modifications to this budget prior to adoption. To add resources to one department you will need to remove them from another. Revisiting the hypothetical tax bill shown earlier in Figure 2, this budget allocates levy dollars among the departments as shown in Figure 3.

Figure 3: Allocation of Sauk County's Portion of the Property Tax

Sauk County is fortunate to be in a strong fiscal position which has permitted it to weather the pandemic "storm" thus far. This budget represents the best efforts of staff and the Finance Committee to maintain excellent services in the face of an unpredictable future.

About: 2021 Budget - County Board October Presentation

As you begin your review of the 2021 budget in its entirety, please keep in mind the attached guidance that the County Board (mission and vision) and Finance Committee (policies, priorities and definitions) have adopted. This overarching guidance is meant to focus decision-making on the larger goals of Sauk County, rather than the narrower scope of each department. With the realities of the current economy, as well as tight levy limits, consideration of these concepts was integral to the Finance Committee's reviews.

Levy Limits

The majority of the levy will be able to increase by the greater of 0.00% or the percent of net new construction (1.334% for the 2021 budget), plus adjustments for tax incremental financing districts and personal property aid, for a total allowed increase of \$465,987. Exemptions for debt service, library aids, bridge aids and special charges are available and have been exercised, providing an additional \$63,474. There was no carryover of prior year levy capacity.

How to Read This Book

The first group of introductory pages are summaries of the budget recommendation made by the Finance Committee. Your budget book is then sorted by the functional areas in which the County provides services. **The detailed pages are the budgets include all of the Finance Committee's recommendations.**

The original budgets as presented by oversight committees, including line items, can be found on the County's website at <https://www.co.sauk.wi.us/accounting/2021-budget-process-and-documents>.

Sauk County's Vision Statement

Where the County would ideally like to be, defines guiding principles, values, and the long range result of work

To develop a service model for a thriving, progressive county government, founded on organizational flexibility, inherent capability and resources.

Sauk County's Mission Statement

Defines the major reasons for the existence of the Sauk County government

To provide essential services to the residents of Sauk County in a fiscally responsible manner that promotes safety, economic development, and stewardship of natural resources while encouraging the development of cultural, social, and community values that enhance human dignity.

Budget Priorities

Broad, overarching goals to promote accomplishment of Sauk County's mission

Priority 1 - Cross Sectional Analysis of County Operations

Priority 2 - Proactive Relationships to Retain Programmatic and Financial Flexibility

Budget Policies

Overarching courses of action to prudently guide budget decisions

Budget Policy 1 - Sauk County will provide necessary services to those most in need within the limits established by the availability of resources and statutory authority. Balancing of dollar costs with social costs shall be a conscious effort. To that end, preventative programs and services are encouraged whenever possible.

Budget Policy 2 - Sauk County will protect, maintain, and enhance its financial reserves and provide the oversight necessary to assure its citizens and creditors of its financial and institutional stability. Revenue enhancements to offset operational costs and improve financial health will be pursued.

Budget Policy 3 - Sauk County property tax dollars respond to social need. The need for County services tends to be greatest when economic growth, which provides key County funding through the property tax and sales tax, is least. This inverse relationship relative to state limitations will be recognized.

Budget Policy 4 - Sauk County will consciously consider adjusting the level of services provided when changes in departmental revenue can be directly related to changes in state or federal aid and other outside funding sources. Planning for, rather than reacting to, rising expenses in a culture of innovation is strongly encouraged as programs evolve. When making adjustments, recognize that programs substantially funded by state or federal funds, leverage local tax dollars. In other words, a program that is half funded by state and/or federal money only uses half as many local dollars per dollar of gross spending, compared to a program that is not even partially funded by state and/or federal money.

Budget Policy 5 - Even if not mandated, programs and services should be encouraged if they hold down costs elsewhere. The "elsewhere" could be within a department, within the County's operations, and even with other local units of government.

Budget Policy 6 - The impact of decisions on the future should always be strongly considered - not just the impact on the next budget year or five years in the future, but generations in the future. The transition to future budgets should be smooth, honest, and within long-term plans.

Budget Policy 7 - The County's physical assets shall be properly and timely maintained. Deferring maintenance so that other programs can be provided is strongly discouraged.

Budget Policy 8 - Sauk County will encourage information sharing with other counties and other units of government to increase the effectiveness of the use of resources to meet the needs of citizens.

Budget Policy 9 - Many Sauk County services are offered annually, not because they have always been offered but because they are valuable to Sauk County citizens. Yet, even time tested valuable programs can sometimes be made more effective by changing the way they are performed.

Budget Policy 10 - Last year's budget should not be the only benchmark used to evaluate current requests. Multiple-year trends should be considered too.

Budget Policy 11 – Decisions should be evidence-based as much as possible. Sauk County government uses a substantial amount of data for operational purposes that could also be better used for decision making.

Budget Policy 12-Although county government services aren't expected to make profits as measured by businesses, it is still important to measure the cost of each service to make the service as effective and cost effective as possible.

Budget Policies with Current Examples

Examples of How the Budget Priorities Affect Real Decisions

Priority 1 - Cross Sectional Analysis of County Operations

- Criminal Justice Coordinating unites the efforts of multiple departments
- Health Care Center prepares meals for ADRC home delivery and dining sites
- Continuum of Care work supports the goals of multiple departments

Priority 2 - Proactive Relationships to Retain Programmatic and Financial Flexibility

- Great Sauk State Trail development with the Ho-Chunk Nation, Dane County, Villages of Prairie du Sac and Sauk City, Town of Prairie du Sac, Sauk Prairie Conservation Alliance, and Friends of the Great Sauk State Trail
- Shared information technology services with the City of Baraboo
- Joint ownership of the UW-Platteville Baraboo/Sauk County campus with the City of Baraboo
- Restructure of Tri-County Airport ownership with Iowa and Richland Counties.

Examples of How the Budget Policies Affect Real Decisions

Budget Policy 1 - Sauk County will provide necessary services to those most in need within the limits established by the availability of resources and statutory authority. Balancing of dollar costs with social costs shall be a conscious effort. To that end, preventative programs and services are encouraged whenever possible.

- Creation of Criminal Justice Coordinating
- Creation of Nurse Family Partnership
- Study of affordable, available housing in Sauk County

Budget Policy 2 - Sauk County will protect, maintain, and enhance its financial reserves and provide the oversight necessary to assure its citizens and creditors of its financial and institutional stability. Revenue enhancements to offset operational costs and improve financial health will be pursued.

- Proper debt load, balancing interest rates paid on debt (which defers and amplifies total project costs) versus interest rates earned on invested funds, and the use of reserves
- Moody's Investor Service noted a Sauk County strength of "strong financial position characterized by healthy operating reserves."
- Judicious use of general fund reserves to fund:
 - Non- or rarely-recurring projects (Space needs study and renovation \$2,900,000; Building security \$650,000; Great Sauk State Trail "Wye" \$400,000; Energy cost saving measures \$335,000; roof replacement \$300,000 and other items)
 - Start-up program costs (local revolving loan fund \$162,953)
 - Contingency fund \$350,000
 - Vacancy and turnover \$825,000
 - General fund reserves are never used to fund ongoing operations

Budget Policy 3 - Sauk County property tax dollars respond to social need. The need for County services tends to be greatest when economic growth, which provides key County funding through the property tax and sales tax, is least. This inverse relationship relative to state limitations will be recognized.

- Study of affordable, available housing in Sauk County
- Study of expansion of the continuum of care campus, with options ranging from a community based residential facility to more specialized treatment facilities

Budget Policy 4 - Sauk County will consciously consider adjusting the level of services provided when changes in departmental revenue can be directly related to changes in state or federal aid and other funding sources. Planning for, rather than reacting to, rising expenses in a culture of innovation is strongly encouraged as programs evolve.

Budget Policy 5 - Even if not mandated, programs and services should be encouraged if they hold down costs elsewhere. The "elsewhere" could be within a department, within the County's operations, and even with other local units of government.

- Comprehensive Community Services provides wrap-around care for troubled families
- Nurse Family Partnership intensively educates and supports first-time mothers through the first two years of their child's life
- Implementation of energy efficiency projects and solar

Budget Policy 6 - The impact of decisions on the future should always be strongly considered - not just the impact on the next budget year or five years in the future, but generations in the future. The transition to future budgets should be smooth, honest, and within long-term plans.

- Implementation of energy efficiency projects and solar
- Proper debt load, balancing interest rates paid on debt (which defers and amplifies total project costs) versus interest rates earned on invested funds, and the use of reserves

Budget Policy 7 - The County's physical assets shall be properly and timely maintained. Deferring maintenance so that other programs can be provided is strongly discouraged.

- Commitment to maintaining approximately 6 to 10 miles of county highway each year utilizing tax levy and not debt issuance
- Maintenance of major facilities' infrastructure, such as roofs \$300,000, tuckpointing and caulking \$40,000.
- Proactive upgrade to computer systems to remain current with evolving technologies, such as communications infrastructure \$359,350 and levying \$30,000 per year for an expected major upgrade to the Sheriff's dispatch center and radios

Budget Policy 8 - Sauk County will encourage information sharing with other counties and other units of government to increase the effectiveness of the use of resources to meet the needs of citizens.

Budget Policy 9 - Many Sauk County services are offered annually, not because they have always been offered but because they are valuable to Sauk County citizens. Yet, even time tested valuable programs can sometimes be made more effective by changing the way they are performed.

Budget Policy 10 - Last year's budget should not be the only benchmark used to evaluate current requests. Multiple-year trends should be considered too.

- Data for departmental outputs and outcomes is being presented for longer periods of time.

Budget Policy 11 - Decisions should be evidence-based as much as possible. Sauk County government uses a substantial amount of data for operational purposes that could also be better used for decision making.

Budget Policy 12 - Although county government services aren't expected to make profits as measured by businesses, it is still important to measure the cost of each service to make the service as effective and cost effective as possible.

FINANCE COMMITTEE

TO: Sauk County Board of Supervisors & Department Heads
 FROM: Finance Committee
 DATE: October 20, 2020
 SUBJECT: 2021 Budget – Supervisory Amendments to the Budget

As part of the 2021 Budget development process, individual Supervisors may submit proposed amendments to the budget recommended by the Finance Committee. This process enables Supervisors to clearly explain, in writing, what their proposed amendment is and what their intended tax levy impact (increase or decrease) is on the 2021 Budget. Each proposed amendment should be sponsored by only one supervisor so the Open Meetings Law related to walking quorums is not violated.

Attached, for your use, is a copy of the 2021 Budget - Supervisor Amendment form. Feel free to make copies of this form if you wish to submit more than one amendment. Please include only one amendment on each form. This form can also be found on Sauk County’s web site in Microsoft Word and pdf formats so that you can make your own copies.
<https://www.co.sauk.wi.us/accounting> under 2021 Budget Process and Documents

Supervisors who propose amendments are strongly encouraged to consult with the affected departments prior to submission.

The following is a schedule of when and how these Amendment forms will be processed and reviewed:

October 28, 2020	Supervisors prepare amendments and submit them to the Accounting Office. Amendments are due to the Accounting Office October 28, 2020.
Until November 2, 2020	County Administrator, Finance Director and Department Heads review the proposed amendment forms and determine the fiscal and operational impact of each proposed amendment. Supervisors who submit a proposed amendment may be contacted if further explanation is needed.
November 4, 2020	Finance Committee meets to review the proposed amendments. Finance Committee actions are distributed to all County Board members.
November 10, 2020	County Board adopts the 2021 Budget, including any amendments that are brought forward to the County Board during the meeting. Submittal of an amendment through this process does not automatically bring that amendment to the County Board floor. A specific motion to amend the Finance Committee’s recommendation must be made during the November County Board session. Conversely, an amendment does not need to be submitted through this process in order to be considered.

Why has this form been developed?

The County intends to utilize a formal Supervisory Amendment process in order to allow for a structured and understandable process. In addition, it gives staff and the Finance Committee the opportunity to analyze any proposed amendments so that the County Board can make informed decisions when they meet to adopt the budget. In order to provide the Committee and staff with sufficient time to review proposed amendments, Supervisors are asked to submit their amendments as soon as possible, but no later than October 28.

Supervisors are reminded that the purpose of this process and the use of the form are to propose financial changes to the budget. They are not intended to be used as a forum for raising policy or procedural issues in the budget. Therefore, non-financial issues should be addressed at the appropriate Committee level and then forwarded to the full County Board for consideration if appropriate.

What are appropriate and inappropriate amendments?

Sauk County's budget proposal was developed using a complex mixture of prioritization; mandate and legal requirement review; and discussion between department managers, oversight committees and the Finance Committee. Further, Wis. Stat. § 65.90 provides for a certain amount of specificity in establishing the budget.

Amendments ruled out of order include the following:

1. "I move to amend the budget to provide a levy rate of no more than x."
2. "I move to cut x amount of dollars from the levy."
3. "I move that the budget shall provide for an x percent increase / decrease from last year."

Sauk County Financial Policy 5-94, Fund Balance/Retained Earnings and Contingent Funds Policy, also states that "Sauk County shall not use any fund balances or retained earnings to fund operations. Funding operations with fund balance erodes the County's ability to maintain these operations into the future, as well as diminishes reserves available for emergencies or future planning."

Fund balances or retained earnings may be budgeted to fund the following items:

- a. Nonrecurring or rarely recurring capital outlays to reduce reliance on borrowed funds and future debt service costs.
- b. Nonrecurring startup costs of projects or programs that are expected to provide savings or increase efficiencies in the future.
- c. Prepayment of outstanding debt to generate greater rates of return than refinancing and result in the immediate improvement of many important credit ratios.
- d. Termination costs of ineffective or inefficient programs.
- e. All or part of the contingency fund as described below.
- f. Vacancy and turnover factor. Departmental budgets are developed as if all staff positions will be filled for the entirety of the year. Recognizing that there is always vacancy and turnover, the County will analyze previous years' turnover, outside funding and any other pertinent information. The property tax levy may be reduced by using fund balance to fund this vacancy factor centrally (as opposed to in departments' budget).
- g. Continuing appropriations / carryforward funds as described in Financial Policy 3-96.
- h. Other nonrecurring expenditures which are expected to yield a positive financial return in the future.

Feel free to contact either the Administrator or Finance Director if you have any questions regarding this process, or if you would like any numbers or details clarified.

The general government function contains significant revenues that are not directly related to other functions, such as \$9.157 million in sales tax collections. This forces the general government function to have a net reduction of the property tax levy.

The general government function also includes costs related to general building services, such as utilities and maintenance staff, for the Law Enforcement Center and Human Services in Reedsburg.

Fund balances are segregated into five classifications.

1. Nonspendable - Amounts cannot be spent because they are a) not in spendable form or b) legally or contractually required to be maintained intact.
2. Restricted - Amounts are restricted by external parties (i.e. creditors, grantors, contributors) or laws / regulations of other governments or restricted by law through constitutional provisions or enabling legislation, such as an ordinance.
3. Committed - Amounts that can only be used for a specific purpose pursuant to constraints imposed by formal action of the government's highest level of decision making authority. The formal action must occur prior to the end of the reporting period. The amount, which will be subject to the constraint, may be determined in the subsequent period.
4. Assigned - Amounts constrained by the government's intent to be used for specific purposes that are neither restricted nor committed.
5. Unassigned - A residual classification for the General Fund. The total fund balance less amounts categorized as nonspendable, restricted, committed and assigned equals unassigned fund balance.

Sauk County maintains balances in many of its funds. Financial policy 5-94, Fund Balance / Retained Earnings and Contingent Funds Policy, defines appropriate uses of fund balances and retained earnings.

Nonrecurring or rarely recurring capital outlays to reduce reliance on borrowed funds and future debt service costs.

Nonrecurring **startup** costs of projects or programs that are expected to provide savings or increase efficiencies in the future.

Prepayment of outstanding debt to generate greater rates of return than refinancing.

Termination costs of ineffective or inefficient programs.

All or part of the **contingency fund** since its expenditure is unlikely to occur.

Vacancy and turnover factor. Departmental budgets are developed as if all staff positions will be filled for the entirety of the year. Recognizing that there is always vacancy and turnover, the County analyzes previous years' turnover to reduce the property tax levy.

Continuing programs. Allows funds levied or grants received in one year to be expended in the next year for the purpose for which the funds were received.

This summary represents the total of all outlay requests, as currently estimated, regardless of funding source.

Outlay items are defined as those whose original costs are greater than \$5,000, including any additional costs that are necessary to make the items ready for use, and whose lives are not less than three years.

Detail of each department's outlay for 2021 can be found with the departmental budgets.

This summary represents the outlay requests that have no alternate funding sources and must be borne by the property tax levy or other as yet unspecified funds. Alternate funding sources include State or Federal grants, available fund balances, or debt issuance. MIS outlay is actually charged back to departments and the levy is recorded in the departments. Gross MIS outlay is shown here where the original purchases are made.

Most departments are part of the General Fund, Special Revenue Funds or Capital Project Funds. After applying grant revenues, other outside funds and fund balance for items whose purchases are nonrecurring, the tax levy is the remaining funding source. These funds by their definition do not depreciate asset acquisitions. The General Fund, Special Revenue Funds and Capital Project Funds are those that are not Proprietary Funds as discussed below.

The proprietary funds fund their outlay at time of purchase with grant or other revenues, then available fund balance. The assets are capitalized and depreciated over their useful lives. The proprietary funds are the Health Care Center and Highway.

Accounting Department

Department Vision - Where the department would ideally like to be

The Accounting Department should be a data warehouse of historical financial information for the County's governmental operations. The Accounting Department should provide interested parties summaries of this data, either by analyzing the data within the Accounting Department or by teaching others to retrieve the data to analyze themselves. Having a strong base of historical information, the Accounting Department should develop models to make financial projections, thereby assisting decision-makers in determining current policies or actions. The Department should also focus on research and development of recommended policies, as well as implementation of accounting best practices.

Department Mission - Major reasons for the department's existence and purpose in County government

To facilitate the effective and efficient use of County resources and to provide a record and accountability for those resources. The Sauk County Accounting Department provides financial expertise and leadership, maintains financial records, satisfies the County's financial obligations, and prepares managerial, financial and agency reports. To serve County Board Supervisors, managers, citizens, other governmental units, and funding agencies through consultation and information dissemination, maintenance of an accounting system according to established accounting principles, and coordination of budget preparation and implementation.

Issues on the Horizon for the Department:

Major national accounting scandals have directed focus on strengthening accountability, increasing transparency, and enhancing understandability. With that, the Governmental Accounting Standards Board (GASB, an independent, private-sector, not-for-profit organization that establishes recognized authoritative guidance) has promulgated numerous new or revised standards in accounting.

Statements of auditing standards (SAS's) continue to require more detailed documentation of accounting procedures. Upcoming SAS's will require closer review of supplementary information and any other documents that incorporate audited financial data.

Locally, tighter economic times have placed more of a burden on the County's administrative staff, including Accounting, to more closely study County programs and how they are being offered. This additional effort is coupled with an expectation that administrative overhead needs to be decreased.

**SAUK COUNTY, WISCONSIN
2021 BUDGET
HIGHLIGHTS**

Department: Administrator

Changes and Highlights to the Department's Budget:

Change 1 - Fiscal austerity is an appropriate response to the budget challenges created by the County's sales tax loss due to COVID-19. Further, the transition from Administrative Coordinator to Administrator will require the new incumbent to focus their time on becoming acclimated to Sauk County throughout 2021. It is recommended the following tax levy-funded items be put on hold: community development grants \$40,000, organization-wide staff development \$10,000, community events \$10,000. Further, carried forward from 2019 funds could also be put on hold: placemaking \$20,000. However, \$24,000 was added to support general economic development opportunities.

Change 2 - The 2020 budget included creation of a County-funded Revolving Loan Fund (RLF) Program. Loan expenditure of \$256,369 was funded by \$100,000 from fund balance, \$61,940 of loan repayments received in 2019, and \$94,429 of 2020 loan repayments. 2020 loan repayments were put on hiatus for 6 months to provide relief to those businesses, and general fund dollars were reallocated to chambers of commerce and other uses due to COVID-19. With 2021 budget constraints, it is recommended the program be put completely on hold and 2021 loan repayments be used to reduce the tax levy.

Change 3 - Transfer outside agencies from the Administrator budget to the General Non-Departmental accounts.

Change 4 - Completion of Ho-Chunk Intergovernmental Agreement-funded training and community events.

Issues on the Horizon for the Department:

Programmatic review and process analysis will be a priority moving forward. The reality is that the cost of doing the County's business will continue to increase more than the increase in levy limits.

This disconnect requires that we continually prioritize and be forward thinking. In addition, a positive work place with strong values will be needed to equip department managers to provide the needed services. Lastly, communication will continue to be key in moving the County's message forward in a positive way.

Building Services

Department Vision - Where the department would ideally like to be
Facilities radiate a professional appearance both inside and out.

Department Mission - Major reasons for the department's existence and purpose in County government
Assure facilities and grounds are properly maintained operationally, and they project a professional and respected appearance both inside and out. Maintain the County Communication Systems current/updated and in good working condition. Establish a "Safety First" mindset for all employees and maintain a safe environment for all employees and visitors.

Key Outcome Indicators / Selected Results - How well are we doing?				
Description	What do the results mean?	2019 Actual	2020 Estimate	2021 Budget
Maintenance costs per square foot includes all tower sites (NOTE: based on final revised budget divided by square footage, 425,030. This cost does not include outlay / capital projects)	Some fluctuation in this cost would be considered normal. Although we try to "spread out" our facility improvements within Capital Improvement Plan to keep this somewhat close from year to year, unforeseen failures may happen that could skew these costs which would require us to be even more diligent in our maintenance programs	\$4.75	\$4.45	\$3.83
Communications - All systems are running at peak efficiency with little or no down time, handle specific communications work orders, manage tower co-locators/leases on 8 tower sites, Manage Dark Fiber leases on 147 miles of fiber optic cable. All systems run 24/7/365 total runtime of 525,600 minutes.	Outages, equipment failures and coverage complaints would indicated that there are issues with the infrastructure requiring improvements or upgrades.	No outages on systems one fiber lease expired and not renewed	Minor outages for maintenance on fiber, one fiber lease added and Three tower lease added	Ideally no outages. Still have space to lease on both towers and fiber

2021 BUDGET
HIGHLIGHTS**

Department: Corporation Counsel

Changes and Highlights to the Department's Budget:

The 2021 budget includes reclassifying the Legal Assistant to Office Manager/Paralegal and the Legal Secretary to Paralegal. The Legal Assistant and Legal Secretary have been acting in the capacity of Paralegals for quite some time, therefore the reclassification is appropriate.

Do not refill Corporation Counsel position -\$132,109
 Elimination of vacant Paralegal position -\$74,774
 Reclassify Principal Assistant Corporation Counsel to Assistant Corporation Counsel -\$1,922

Contract for Corporation Counsel services, rather than having an on-staff attorney.

2021 BUDGET
HIGHLIGHTS**

Department: COUNTY CLERK

Changes and Highlights to the Department's Budget:

Change 1: 2021 will be a 2 Year Election Cycle. 2020 was a 4 Year Election Cycle. This decreases expenses as well as revenues and levy.

Change 2: COVID-19 has disrupted travel, both nationally and internationally. The office has seen a decrease in passport applications and renewals.

Change 3: Increase in expenses due to reorganizing structure of the office.

Change 4: Addition of Municode update services for maintenance of Sauk County's Code of Ordinances.

Changes and Highlights to the Department's Budget:

This budget includes use of previously accumulated fund balance to smooth the levy impact of fluctuations in debt service due to refundings.

The Debt Service Fund accounts for debt service related to the Law Enforcement Center (LEC). The last payment of LEC debt will be in 2021.

Issues on the Horizon for the Department:

Any issuance and payment of debt related to the Health Care Center is recorded in the Health Care Center fund. This accounting procedure allows the debt payments to be applied to Medicare and Medicaid rates.

The Health Care Center budget includes repayment of \$5,080,000 of general obligation refunding bonds issued April, 2017 and \$2,665,000 of general obligation refunding bonds issued July, 2019 for construction of a replacement facility. The Health Care Center is accounted for as an enterprise fund, so debt issuance and repayment is recorded in that fund, not the Debt Service fund, with repayment starting in 2008 and ending in 2027.

Future Debt Plans

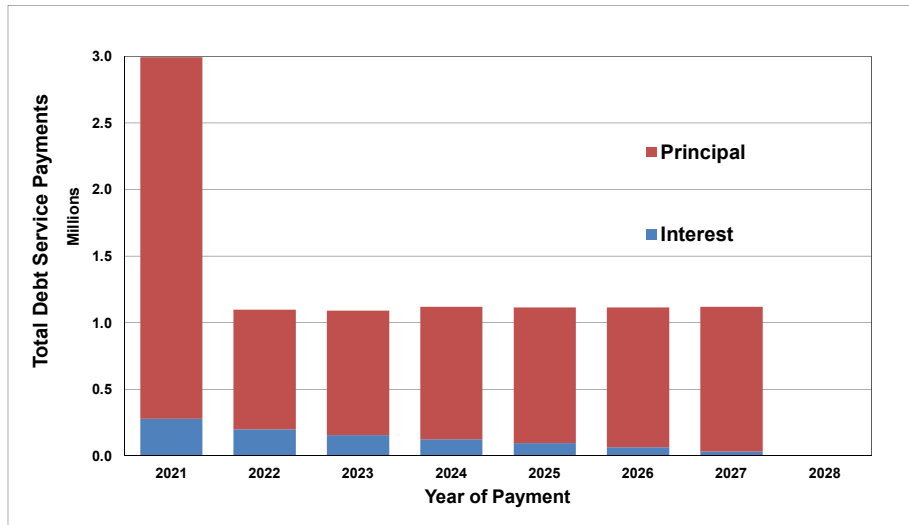

Sauk County is considering replacement of its main Highway building, which may require issuance of debt. Consult the Capital Improvement Plan for possible future projects needing funding.

Whenever interest rates are such that opportunities arise to refinance debt and obtain savings, these opportunities will be explored. Further, opportunities to extinguish debt using reserves will be considered.

Legal Debt Limits

Section 67.03(1) of the Wisconsin Statutes restricts county general obligation debt to "5% of the value of the taxable property located (within the county) as equalized for state purposes." Values equalized for state purposes include tax incremental financing district increments, and do not necessarily equal value for computation of the levy rate.

Issues on the Horizon for the Department:

Identify and write grants to fund the Re-Entry program
 Treatment Alternatives Diversion (TAD) grant funding will end the end of 2021 – We will need to rewrite a competitive grant to get more funding.
 Pre-Booking & Diversion grant (SUDS) ends 3/31/2022. Will need to find another way to fund that program as well.
 Educational Navigator Funding will end 2021 (unless SSM Health decides to continue.)

Land Records Modernization

Department Vision - Where the department would ideally like to be

Land Records Modernization will forward the goals set forth in the Land Records Modernization Plan, to improve access to Sauk County's land information through the application of cost effective technology solutions and modernized processes.

Changes and Highlights to the Department's Budget:

Tax levy spending is decreasing by \$145,000. The decrease is relative to a large increase in funding last year for two significant projects: the upgrade of the 911 system and hardware upgrades to the phone system. When considering the levy cost of the 2021 budget in light of these prior year's costs, the cost of operations is increasing for 2021 as compared to 2020. This increase is due to annual wage and benefit increases.

Issues on the Horizon for the Department:

The greatest challenge facing Sauk County, with regard to the technology budget, is the increasing cost of ownership for technology, due to the ever increasing cost of license and support agreements. MIS is continually looking for options, when purchasing equipment, to help manage these costs into the future.

Personnel Department

Department Vision - Where the department would ideally like to be

The mission of the Sauk County Personnel Department is to lead county government's innovative human resource system by recruiting and retaining a talented and diverse workforce to ensure the best service to the public, as well as provide guidance and information to all departments of the County.

Department Mission - Major reasons for the department's existence and purpose in County government

The Personnel Department as directed by the Sauk County Board of Supervisors will advocate for the fair and equitable treatment of applicants and employees through adherence to laws, statutes and policies and procedures pertaining to the administration of the County.

Changes and Highlights to the Department's Budget:

The Personnel Department is committed to developing and providing innovative human resources and safety services for employees that align with both county and departmental goals. The department is planning to address trends and challenges related to effective human resource management.

The allocation of \$166,993 for a global timekeeping and Human Resource Management (HRM) system was budgeted in 2020. The system is planned for implementation in 2020/2021.

Recruitments continue to increase due to turnover and retirements, while the number of applicants per recruitment continues to decrease. Trends within talent acquisition move away from traditional recruitment advertising, such as Monster or Zip Recruiter, and toward employment branding and individualized candidate experience. Traditional job boards are costly, and with the loss of one vendor we are capitalizing on the opportunity to switch to branding Sauk County as an employer of choice. Current branding costs are low, but time spent is high.

The Triple I System is used by all county departments to report an on the job injury, illness, or property incident. The current system does not allow for limited sharing of information and the flow for entering information and the types of information needed tend to confuse employees and managers while completing the form. The upgrade costs account for 100 hours of MIS staff time.

Issues on the Horizon for the Department:

The demand for strategic, consultative, and collaborative human resources related services continues to grow, and will into future years. A diverse set of challenges related to human resources may have global implications for the county including deploying new talent acquisition strategies, more flexible work structures, workforce diversity and inclusion, and management of complex employment laws.

Register of Deeds

Department Vision - Where the department would ideally like to be

The Register of Deeds will utilize the current technology available to provide the most up to date, accurate, and efficient method of recording documents and facilitating the subsequent search and retrieval of those documents, including, but not limited to the eventual incorporation of past recordings into the most current system.

Department Mission - Major reasons for the department's existence and purpose in County government

The mission of the Register of Deeds Office is to record documents in a timely manner and issue copies of documents ,complying with Wisconsin State Statutes (59.43.) This office will file and issue copies of vital records, complying with Wisconsin State Statutes (69.07.) Military records and fixture-based U.C.C. Filings will be recorded in The Register of Deeds. The office will strive to maintain high standards of service and customer satisfaction.

Elements of Countywide Mission Fulfilled

Recordings	The Register of Deeds maintains real estate indexes (Grantor/Grantee and Tract) that allow title companies, attorneys, appraisers, Realtors, bankers and any other interested party to research title to a property, based upon documents pertaining to a parcel that have been submitted for recording. Deeds, mortgages, certified survey maps, and numerous other documents affecting title are all considered public record. The Register of Deeds makes these records available to all who request them; however, we do not make any determination as to the status of a parcel at any given time. Such determination is best done by a licensed title professional. Public computers are available at no cost for real estate research. Surveyor

Department Vision - Where the department would ideally like to be

The County Surveyor's office is responsible for conducting and/or overseeing all activity with regards to remonumentation, maintenance and perpetuation of the physical corners of the Public Land Survey System (PLSS). The Surveyor's office is the repository for records pertaining to the PLSS, real property boundaries and geodetic control information within the County. The County Surveyor is responsible for developing, maintaining, and providing access to these records by Surveyors, other professionals and the general public as well as other Departments in County, State, and Federal Government. Additionally, by provisions of the Sauk County Ordinance 43.65, the County Surveyor is responsible for critical review of Certified Survey Maps and Plats of Surveys, an authority which has not been provided for by State Statutes. This is very positive advancement in the level of service that is being provided to the people of Sauk County.

Department Mission - Major reasons for the department's existence and purpose in County government

To provide for the remonumentation and maintenance of the Public Land Survey System (PLSS), being the Section Corners and Quarter Corners throughout Sauk County. It is also the responsibility of the County Surveyor to provide mediation and resolution of controversies, disputes, and questions with regards to the locations of those corners, and also, through the provisions of the County Surveyor Ordinance, with regards to any and all surveys conducted in the county. The County Surveyor is also responsible for filing survey maps and reports of remonumentation and perpetuation of the 2,912 original PLSS corners, as well as the PLSS corners not originally monumented, or monumented by past County Surveyors, and providing copies of these documents as they are requested. The County Surveyor may also be responsible for providing or administering Surveying related support services to other departments in the County as requested and where sufficient funding is provided.

Department: SURVEYOR

Changes and Highlights to the Department's Budget:

Storage facilities for paper copies of survey records (as mandated by State Statutes), have become overloaded and require expansion. These are relatively expensive, special order containments. Hence the increased request for Office Supplies And Expense funding. Special contracts are being funded by State Land Information Grants but they do not allow for any of the Grant Funding to be used to pay for the monuments, signs, and posts used in completing these projects. Hence the increased request for Monuments, Signs, and Posts funding. Grants also do not fund County Surveyor supervision of these projects, which is absolutely necessary to ensure proper performance by contractors. The State provides no supervision over the quality of performance. Also, reduced private Surveyor participation in Monumentation Maintenance and Preservation is increasing the County Surveyor workload to maintain Statutory compliance. These are the reasons for the request for increased funding for Wages Part Time No Benefits.

Issues on the Horizon for the Department:

The County Surveyor continues to develop more cooperative relationships with Land Information personnel in creating better and more user friendly connections between County GIS and other online services and county survey records in order to simplify the work of researchers and overall accuracy and availability of information provided by the County through the internet. Efforts continue to be directed at using GPS derived coordinates to make adjustments in the online Mapping services, such that the visual accuracy will continually be improved. Some inaccuracies in coordinates and/or other mistakes on tie sheets and other documents continue to be discovered, which in many cases, require field investigation. Many of the remaining corners in the county that are still without GPS coordinates, or that have known or suspected associated inaccuracies or mistakes, are in extremely difficult locations and will require increased per corner bounty or contract payment incentives to private surveyors and/or increased County Surveyor field and office hours in order to be resolved. As bounty payments to private surveyors have not been increased since 2008, the current situation is an increasing work load for the County Surveyor.

Department Vision - Where the department would ideally like to be

To continue to maintain our level of excellent service to the public and other county offices. Learn to better utilize the existing tools we have and continually search for more efficient processes for all facets of our department. Provide information for the public via our web site. Continue to find ways to increase revenues and decrease expenses.

Department Mission - Major reasons for the department's existence and purpose in County government

To administer and fulfill the duties as defined in the Wisconsin State Statutes. This includes property tax collection; receiving, disbursing and investing county funds; maintenance of assessment rolls, property descriptions and tax parcel maps; completion of tax rolls and tax bills; tax deed land acquisitions and sales; unclaimed funds; monitoring of converted agricultural land; Lottery & Gaming Credit maintenance and Land Records Council representation.

2021 BUDGET
HIGHLIGHTS**

Department: Treasurer/Real Property Lister

Changes and Highlights to the Department's Budget:

1. Investment rates decreased significantly in 2020 due to the COVID pandemic. As investments mature, the new investment rates will reflect this economic uncertainty by producing less investment income offset by increased tax levy.
2. Interest/Penalty on property taxes revenues were budgeted to decrease. It is anticipated that due to economic difficulties property owner's will be delinquent with payment in 2021. Therefore not collecting interest and penalties on these delinquencies until 2022. In addition with Act 185 the interest and penalty begins October 9, 2020 at a rate of 1.5% instead of 13.5 % for taxes due and payable in 2020.
3. Restructure staffing and departmental organization.

Department: Workers Compensation

Changes and Highlights to the Department's Budget:

Sauk County began self insuring for workers compensation in 2008. Beginning in 2010, the workers compensation rates charged to departments were reduced by 61.86% due to adequate reserves being accumulated in 2008 and 2009. Rates for 2020 are increasing slightly to maintain reserves, but are still relatively stable. So long as the County maintains an adequate balance, the rates can remain low in future years.

Changes and Highlights to the Department's Budget:

Change 1: The ADRC is no longer able to claim any cost from Elder Benefits Specialists (EBS) out of Home and Community Based Services. In 2021 we are seeing decrease of revenue of \$30,000.00 with needed offset of county levy to maintain the current staffing.

Change 2: The ADRC will see increase of \$43,142 tax levy in 2021 due to reduction of \$32,000.00 from 53.10 transportation grant; decrease of \$6,200.00 revenue from Vets Transportation Grant; staff cost net increase of \$10,942 due to hiring internal combined with reduced bus driver hours. ADRC will be able to transfer \$6,000.00 from the DOT trust fund for vehicle maintenance in 2021.

Change 3: The ADRC will see labor increase due to additional hours requiring health insurance and retirement benefits \$27,088.

Change 4: In 2020 ADRC received additional funds from CARES Act due to COVID-19 Pandemic that need to be used by end of September 2021. ADRC will be able to carryforward to 2021 - \$25,000.00 to help with increased demand in the Home Delivery Meal Program.

Change 5: The ADRC will replace one of the busses due to age, repair costs and increased mileage (current mileage 152,076). The anticipated cost for a new vehicle is \$61,000.00 funded through a transfer from the DOT trust fund.

Issues on the Horizon for the Department:

Space for privacy and confidentiality continues to be an issue at the ADRC. Most of the aging and transportation staff have relocated to the basement level suite of offices to help accommodate these needs.

As the baby boomers become the "Silver Tsunami," the ADRC finds itself with more clients with significant needs. Since the ADRC's primary focus is to help reduce the cost of Long Term Care by keeping people in their homes with in-home services versus costly nursing home stays, the meal program and other supportive services will become even more important. As needs increase, state funding remains flat while federal funding decreases. Covid-19 will continue to affect the manner in which the ADRC delivers its services: for example the ADRC does not anticipate opening congregate dining sites until mid 2021.

Changes and Highlights to the Department's Budget:

For 2021, there is no expected change in the 66% federal match on agency expenses with the exception of medical liability incentive funding. The Federal Office of Child Support Enforcement clarified in June 2019 that funding received by counties for medical liability incentives is Program Income and thus, not matchable by the federal government. The Bureau of Child Support covered the loss of funding to counties in 2020 and will do so again in 2021. Child Support Agencies in Wisconsin received an all-funds increase in the 2019-2021 state budget of \$750,000 in year one and \$1.5 million in year two. A new Administrative Rule passed July 2018 eliminated the funding collected through birth costs for intact families which decreased the Agency's revenues by approximately \$7,000-\$10,000.

Issues on the Horizon for the Department:

Previously, the Child Support Agency was working with the Ho Chunk Nation Child Support Agency on a Memorandum of Understanding for transferring cases, but that was halted by them for an undetermined time. If discussions should begin again and should the Memorandum of Understanding become finalized in the next year, the result would be a decrease in child support cases in Sauk County, which, depending on the size of the decrease, could potentially impact agency performance outcomes and funding. The full impact is unknown at this time.

The Federal Government has clarified that county funding received from birth cost collection will no longer receive a 66% federal match. The State of Wisconsin has agreed to provide funding to the counties for calendar years 2020 and 2021 to cover the lost anticipated federal match funding. For Sauk County, the federal match in 2018 was \$66,604.00.

Program Evaluation						
Program Title	Program Description	Mandates and References	2021 BUDGET	FTE's	Key Outcome Indicator(s)	
Human Health Hazards Vector Surveillance	To assess and abate possible human health hazards. Complaints can include, but are not limited to: discharge of toxic or hazardous substances, garbage not properly contained, pollution of a body of water, accumulation of carcasses, accumulation of decaying organic matter in which vermin can breed, dilapidated housing, a dangerous, unsanitary or otherwise unfit structure, and solid waste. Environmental Health (EH) staff collect, evaluate, investigate, and enforce complaint or concerns regarding these types of issues. The authority for the program is given by Wisconsin State Statutes and local county ordinance, "Abating Public Nuisance Affecting the Public Health" which enables Sauk County Health Department (SCHD) to take enforcement action. Funding is from County tax levy. Additionally, Environmental Health staff work in conjunction with DHS, DPH, Communicable Disease nurses, Conservation Planning and Zoning, and UW Extension on issues such as Blue Green Algae, nitrates in private drinking water, vector-borne surveillance and Legionella investigations.	Wis. Stat 254.59 Sauk Co. Ord. Ch. 28 DHS Ch.145.17 & Wis. Stat. 252.11	User Fees / Misc.	\$0	0.63	5% reduction in Lyme's Disease cases

Legionnaires Disease Prevention	Legionnaires Disease is a serious type of pneumonia caused by the Legionella bacteria. After Legionella grows and multiplies in building water systems, water containing Legionella then has to spread in droplets small enough for people to breathe in. Environmental Health plays a key role in the remediation of Legionella in commercial lodging facilities by conducting investigations, enforcement action, sample collection and working in collaboration with state agencies such as DSPS and DHS. 			COUNTY LEVY	\$69,586		
Lead poisoning prevention	Lead poisoning is an important health concern, especially for young children. Environmental Health plays a key role in preventing lead exposure, and in identifying and treating lead poisoning. Most children in Sauk County get lead poisoning from paint dust or chips from older homes. When a child is found to have elevated blood lead levels, there is a coordinated response from Sauk County Public Health Nurses and Environmental Health Sanitarians. If needed, a home inspection to collect samples and perform analysis on paint, soil and water sources is performed by the certified Lead Hazard Investigator on staff.	Wis. Rabies	Rabies is a reportable communicable disease caused by warm blooded animals. Environmental Health coordinates with veterinary clinics and the Wisconsin State Lab of Hygiene for testing of specimens. The cost for testing specimens is primarily the Health Department's responsibility. Environmental Health staff follows the animal by ensuring quarantine and verifying veterinary checks are completed. Environmental Health staff refer patient care and treatment issues to a Public Health Nurse for follow up.	Wis. DNR Well Water	The Transient Non-Community (TNC) Well Water Program detects construction, location, maintenance, and operational deficiencies within the well water system to prevent unsafe conditions. Systems are required to meet the definition of a TNC potable water supply system to be included within the TNC program. Annual bacteria and nitrate water samples are collected to test systems for harmful levels. A sanitary survey, a detailed inspection of the entire system and distribution points, is conducted once every five years. Annual site visits, an inspection of the major components of the well system to detect defects, are conducted for water systems without a sanitary survey. Key Outcome Indicators / Selected Results - How well are we doing?				
Description	What do the results mean?	2019 Actual	2020 Estimated	2021 Budget
Food Service inspections: Maintain percentage of food service establishments inspected through the DATCP program on time.	Food safety is improved as a result of timely inspections	100%	100%	100%
Drowning Pool Prevention: In 2008, the Virginia Graeme Baker Pool and Spa Safety Act (VGSA) was enacted to require all pools and spa's have anti-entrapment drains. Environmental Health ensures all pools and spa drains in Sauk County are in compliance with this law.	Decrease VGBA main drain and equalizer violations unlicensed pool facilities by 20%	NA	NA	20%
Transient, Non-Community Well Water: Percentage of wells tested through the DNR Well Water program.	Testing TNC wells reduces rate of illness from drinking water	100%	100%	100%
Human Health Hazards: Percentage of Human Health Hazards (HHH) resolved within 14 days of a positive determination	Risk of disease is reduced with timely mitigation or elimination of human health hazards.	100%	100%	50%
Lead: Percentage of children with blood lead levels over 5 that have been investigated and abated, mitigated, or relocated.	Risk of developmental disability is reduced with reduction in exposure to lead	100%	100%	50%
Body Art: Percentage of body art inspections completed on time	Disease is reduced with safe body art practices	100%	100%	100%
Radon: Number of radon testing kits distributed	Lung disease from exposure to high levels of radon is reduced through testing and connection to mitigation services	145	175	200
Food Service Inspections: Reduce the number of violations in complex food establishments.	Regular inspection leads to improved food safety and therefore reduces food-borne illness	8%	25%	5%

Issues on the Horizon for the Department:

Increased reimbursement rates likely needed to offset cost of new inspection software
 Change in Wisconsin Food Code resulting in change in license types and revenue
 Fee changes based on time study – could lead to increase or decrease in revenue
 Conversion in 2020 of most temporary food establishments to Mobile food establishments, which requires an additional service base license - will increase amount of facilities need to inspect.
 Covid-19 may impact revenue for DATCP facilities and achievement of goals (Conducting onsite inspections and responding Covid-19 complaints and supporting community based testing.)
 Ongoing clarification of Legal authority to issue orders
 3rd lead certified staff member to help address lead poisoning in children
 Expanding Vector surveillance will increase (Traps, Tick testing, Tick\Lyme's disease mapping/epidemiology)
 Pest control applicator and equipment
 Water Management Plan mandate through Sauk County Ordinance for all commercial lodging facilities in Sauk County to combat Legionnaires Disease.

The Health Care Center is required by accounting standards to record outlay purchases as assets, not expenditures.

The amounts shown for outlay expenditures are for budget purposes only.

2018 Beginning fund balance restated to subtract \$255,517 due to implementation of new accounting standard for post employment benefits.

Changes and Highlights to the Department's Budget:

Change 1: Continued review of positions allowed for further reduction in total FTEs (decrease in 5.57 for the HCC resulting in savings in wages and benefits despite increases in wages and health insurance costs. Reduced positions include: 4 full-time Certified Nursing Assistants at approximately \$60,000 each; a medical records position from 1.00 to 0.80 full-time equivalent for \$8,400; a maintenance position from 1.00 to 0.60 for \$19,000; and a environmental services staff from 0.90 to 0.50 for \$15,100.

Change 2: Receipt of more CPE (Certified Public Expenditure) dollars resulted in no levy ask for capital projects for 2021

Change 3: New revenue streams from contracts with hospice and other insurances through our Leading Choice Network affiliation.

Change 4: National nursing/care provider shortage has made filling positions at HCC difficult. Increased vacancy factor from \$300,000 to \$400,000 to align with trend over last 3 years.

Issues on the Horizon for the Department:

COVID-19 situation has placed the HCC under tremendous changes that have required increased expenditures and decreased revenues in 2020. We are budgeting for a more return to status quo for 2021 with hopes of vaccine. Medicare has declared a 2.2% increase in funding. The state of Wisconsin has not yet released anything regarding Medicaid funding but we do anticipate changes at the state level of funding will occur due to the pandemic. Staffing shortages in caregivers has led to decreased ability to accept new admissions to the facility. Continuation of meal preparation for the nutrition sites and meals on wheels to continue our mission of providing care and services to the elderly of Sauk County. CPE funds have provided for decrease to tax levy needs for HCC capital projects however these funds are not to be anticipated in future years as the overall Medicaid reimbursement rate has increased significantly. This may result in increased needs for levy dollars in the near future after these funds are depleted.

Key Outcome Indicators / Selected Results - How well are we doing?				
Description	What do the results mean?	2019 Actual	2020 Estimate	2021 Budget
Child Protective Services (CPS): Number of cases screened in vs out of home care rate.	The goal for screened in cases is to keep the child in the home rather than removing and placing in out of home care. The more cases screened in, the more likely the out of home care rate will increase thus affecting our budget.	Cases screened in = 233 Out of home care rate = 96	Cases screened in = 260. Out of home care rate = 100	Cases screened in = 260 Out of home care rate = 90
Adult Protective Services (APS): Number of program admissions vs the # of Institutional placements.	Human Services continues to see a rise in APS cases due to dementia and the Opioid Crisis. Those more difficult cases can lead to high cost placements like Institutions.	271 Admissions Institutional placement rate = 2	285 Admissions. Institutional placements = 2	Cases screened in = 290. Institutional placements = 3
Youth Justice: Number of cases screened in vs the out of home care placements.	The more cases screened in the more likely of an out of home placement. If an out of home placement does occur, the goal of the staff is to place in the least restrictive if possible as the cost is less and to work to get the youth home.	Cases screened in = 151 Out of home care placements = 8	Cases screened in=175 Out of home placements= 7	Cases screened in = 160 Out of home placements = 8
Community Support Program (CSP): Number of cases in CSP vs # of institutional and CBRF placements.	The CSP program is continually seeing an increase in their CBRF placement rate. These are consumers who are not able to stay in the community. CSP works to get these consumers in less restrictive, meaning less costs placements like Adult Family Homes or Residential Care Apartments. If a CSP client is placed in a CBRF or Institution, County Levy picks up the majority of this cost.	CSP cases = 110 CBRF = 13 Institutional placements = 0	CSP cases = 125 CBRF = 11 Institutional placements = 2	CSP cases = 125 CBRF = 11 Institutional placements = 2
Children's Long Term Support (CLTS): Number of open cases vs number of institutional placements.	When a CLTS client is placed in an institution, the child is no longer funded with CLTS funds and the cost of the child is now put on County Levy. As more cases are admitted to this program, the likely hood of an Institutional placement grows.	Open Cases = 188 Institutional placement rate = 1	Open Cases = 195 Institutional placement rate = 1	Open Cases = 200 Institutional placement rate = 1
Comprehensive Community Services (CCS): for children, the number enrolled in CCS vs the Institutional placement rate. For adults, the number enrolled in CCS vs the Institutional and CBRF (Community Based Residential Facility) rate.	As the CCS program continues to grow for both adults and children, increasingly more difficult cases are likely. CCS is a model where a team is placed around the consumer to keep the child/adult in the home and community. CCS reimburses 100% unless a child/adult are placed in an institution. Diverting to a CBRF is a better option as CCS also reimburses the support and supervision costs related to that CBRF placement.	CCS enrolled children = 151 Institutional placement rate = 10 CCS enrolled adults = 134 Institutional/CBRF rate = 7	CCS enrolled children = 160 Institutional placement rate = 10 CCS enrolled adults = 145 Institutional/CBRF rate = 7	CCS enrolled children = 165 Institutional placement rate = 8 CCS enrolled adults = 150 Institutional/CBRF rate = 5
Substance Use: Number of Medically Assisted Treatment and Substance Use cases vs the number of residential placements.	As the number of Substance Use cases increases so does the probability for residential placements. The goal is to monitor this and get consumers into the appropriate treatment right away to avoid the high cost residential placement.	Cases = 107 Residential placements = 30	Cases = 115 Residential placements = 31	Cases = 115 Residential placements = 31
Mental Health Outpatient: Psychiatry - number of consumers (both children and adults) served vs those not seen in six months (6 mos).	Psychiatry is an essential aspect of mental health treatment and stabilization, with medication often being an essential component of care. Timeliness of access to a Psychiatrist and receiving medication can prevent crisis episodes and hospitalizations.	Psychiatry consumers = 386 Psychiatry consumers not seen in 6 mo = 125	Psychiatry consumers = 400 Psychiatry consumers not seen in 6 mo = 140	Psychiatry consumers = 425 Psychiatry consumers not seen in 6 mo = 145
Crisis: number of Crisis face to face contacts vs number of cases diverted from hospitalization.	Seeing a consumer in Crisis face to face vs just talking with them on the phone can help divert consumers from being hospitalized.	Face to Face Contacts = 764 Cases diverted from hospitalization = 705	Face to Face Contacts = 600 Cases diverted from hospitalization = 505	Face to Face Contacts = 700 Cases diverted from hospitalization = 600

Changes and Highlights to the Department's Budget:

Change 1 Increase in Prior Year Revenue as we have been receiving additional money from our CCS WIMCR recon due to program growth.

Change 2 Remove outside agency requests from Human Services budget.

Change 3 In 2020, Human Services budgeted for a minimum Department of Children and Families Basic County Allocation increase of \$200,000 based on information that we received \$287,348 over the 2019 amount received. In 2021, we are expected to receive an additional 1.6% increase. Therefore the difference between what was budgeted in 2020 vs what we are receiving in 2021 = \$162,486.

*The Department of Human Services (DHS) budget reflects activities over which DHS has responsibility. Building service costs related to the DHS Reedsburg 6th Street location are recorded in other County budgets.

Issues on the Horizon for the Department:

Potential changes to Medicaid funding: Discussion at Federal level about changing to a block grant type of allocation. Could have a negative affect on our agency.
Shortage of Psychiatrists.
Increase in aging population.
Increase in demand for AODA (alcohol and other drug abuse) services
The Pandemic which started in 2019-2020 will continue to challenge crisis resources and child mental health as well as service delivery in all areas of the agency.

Prenatal Child Care / Nurse Family Partnership	The Prenatal Care Coordination (PNCC) Program is a service available at no cost to pregnant teens or pregnant women who are eligible for Medical Assistance. Services provided include: identification of needs and services, assistance with finding a physician, nutritional counseling and Women Infants & Children (WIC) referrals, social support throughout pregnancy, breastfeeding advice, and education about care of newborns. We also coordinate with internal programs, Human Services, and community partners to ensure that high risk cases are managed and receive the wrap around services necessary for a healthy birth. Nursing visits are also made to the jail to help coordinate prenatal care for pregnant inmates. Goal in 2021 is to expand the service group to age 5. Sauk County Nurse Family Partnership (NFP) is continuing to expand this evidence-based nurse home visiting program. NFP is a voluntary prevention program, that provides services to low-income, first time mothers. Ongoing outreach continues to provide a consistent base of client referrals. Key Outcome Indicators / Selected Results - How well are we doing?				
Description	What do the results mean?	2019 Actual	2020 Actual	2021 Estimated
Immunization: Increase vaccination rates for all residents, with a focus on children and older adults, including an emphasis on Hep A, measles, and influenza, and newly, COVID-19 vaccines.	The residents of Sauk County have been protected against vaccine-preventable diseases, which will improve the health of individuals, families, and the greater community. Rates for children 0-24 months are a good proxy of immunization success in a community, and are included here.	66%	68%	75%
Reducing Youth Alcohol Use: high school students	Youth alcohol use can lead to many problems, such as: addiction, problems with learning and memory, sexual assault, falls, vandalism, poisoning, and death.	43% (estimated)	n/a	37%
Reducing Youth Vaping: high school students	Youth vaping causes many problems, such as: addiction, problems with learning and memory, severe respiratory diseases, cancer, and death.	26% (estimated)	n/a	21%
Lead prevention: Decrease rates of children under 6 years with elevated blood lead levels.	Fewer children will be exposed to lead	1.9% EBLL of those that were tested	1.9% EBLL of those that were tested	1.9% EBLL of those that were tested
Childhood Physical Activity: Increase the rate of regular physical activity in children 5-17	Children will develop good health habits from a young age that will help them live healthy, long lives without debilitating chronic diseases by engaging in physical activity at least 5 days/week..	46.5%	Unknown	48.0%
Communications and Public Education: The department will update the website & regularly use social media at least weekly to include the latest opportunities to support healthy living and how to connect to resources, as measured by the SCHD website visits annually.	Community members will understand how the Health Department can help them raise healthy families, how to connect to health improvement resources, how to utilize the opportunities Sauk County has to live the healthiest lives possible, and how to become an advocate and net promoter of public health in Sauk County.	22,916	TBD	35,000
Sexually Transmitted Infections (STIs): reduce the rate of STIs in the community, with a focus on chlamydia.	Community members will understand STI risks and prevention, practice safe sex, and access treatment to decrease their likelihood of contracting and/or spreading STI's	375.1	TBD	325.0
Suicide: Reduce suicide rate.	Stigma around behavioral health treatment will be reduced and residents will access resources to treat mental health conditions which can result in suicide.	14.8	14.0	13.0
Reduce opioid overdose deaths	Our efforts will decrease opioid overdose deaths by: better connecting survivors of overdose to treatment and other supports; training first responders and community members to identify opioid overdose and respond effectively with Narcan provided via our program; encouraging safe storage and disposal of prescription drugs through the provision of free supplies to prevent diversion; providing education to prescribers on alternatives to opioids and safe tapering; and other death prevention measures as identified by the Sauk County Overdose Death Review Team and other collaborations.	17.5 per 100,000 population	n/a	14.0 per 100,000 population
Nurse Family Partnership (NFP): improve the opportunities for healthy futures of high risk families.	Families will plan subsequent births to maximize the potential of young children and high risk families, as measured by less than 25% of families with another pregnancy within 2 years of previous pregnancy.	44%	30%	25%

Veterans Service Office

Department Vision - Where the department would ideally like to be

Sauk County Veterans will be treated with exceptional service by a staff of highly trained and knowledgeable advocates.

Department Mission - Major reasons for the department's existence and purpose in County government

In recognition of the special sacrifices that veterans and their families have made, the Sauk County Veterans Service Office is dedicated to providing the highest quality service to Sauk County veterans and their family members by utilizing all available resources including federal, state, county and civic. We strive to keep veterans and their family members informed of all pertinent information through the use of all available technologies and actively work for the protection of veterans benefits.

Goals - Desired results for department	Measures - How to tell if goals are being met	Objectives - Specific projects	Completion Date
Develop a plan to expand outreach to include remote service. We will establish an occasional presence in different parts of Sauk County to facilitate a higher profile and to make it easier for veterans to meet with staff and learn about their benefits.	Track how many times we offered services remotely.	By being available in different locations we will make it easier for veterans outside of the Baraboo area to avail themselves of our services and access their benefits.	12/31/2021
Develop and implement a system to reach out to retired-disabled veterans who have not reached a 50% or higher VA disability rating.	Track the number of veterans contacted & appointments made.	Utilizing VetraSpec the Veterans Service Office staff will identify the retired-disabled veterans that are service-connected at less than 50%. We will contact these veterans by the most expeditious means, inviting them to meet with us to identify possible increase in rating percentage.	12/31/2021
Develop & implement a veterans benefits presentation series to increase public awareness of the benefits that veterans and their dependents have earned with their service.	Track the number of presentations.	Identify the topics and content of presentations. Identify locations for presentations in the different areas of the county. Promote through all available media outlets to include traditional and social media and public awareness of how military service affects mental health.	12/31/2021

Changes and Highlights to the Department's Budget:

2021 goals include more outreach which will result in additional travel mileage.

\$53,500 of general fund balance was added to make endowments to cemeteries for perpetual care of veterans' graves. This will eliminate a recurring expense in future annual budgets, provide cemeteries with more flexibility, and reduce the administrative burden of writing numerous checks every year.

The Veteran Service Commission requested an additional \$15,000 to Veterans Service Aid for Veterans Relief.

Issues on the Horizon for the Department:

* Changes, such as the national work queue (NWQ) at the Federal Department of Veterans Affairs continues to significantly consume the department case management time and resources. We expect this to continue.

* The federal VA continues to be in a period of major transition, the impact on this office is significant. While the transitions will not affect funding, it has resulted in an increased workload for staff and is straining our ability to maintain our current level of service.

* Homelessness – We have seen a sharp rise in homelessness in Sauk County over the past few years, mental health is frequently a core reason. We expect this increase to continue into 2021 and beyond. Trying to get these vet's connected to mental health services is a significant challenge when services are not available

* As we get better at identifying mental health issues with the veterans we serve, we have noticed that accessibility and qualification issues are a significant obstacle for many of our veterans. Treatment & counseling of certain family members of our veterans is an unmet need. Two key reasons that many of our veterans do not seek the help and treatment they need is that there is no warm hand off – we are asking them to contact a complete stranger and often the stranger is not a fellow veteran, so they often choose to suffer silently. Having a counselor that is a veteran in this office is the only way to fill this huge gap. There is no outreach within Sauk County for veterans that are unable to travel to meet with a counselor in person.

* We dealt with 89 homeless/at-risk of homeless veterans in 2019. The vast majority of the financial assistance they received was Federal grant dollars that may not be available in 2021. Also, they are restricted to how often those funds can be used, therefore the commission believes the additional \$15,000 is necessary.

Changes and Highlights to the Department's Budget:

Future funding may change based on the federal budget.

1. In the summer of 2021, activities will take place at local farmers markets and on social media to promote the consumption of fresh produce to improve the nutritional status of all Sauk County residents.
2. All time record of 61% of all infants enrolled in Sauk county WIC are still breastfeeding at 6 months compared to the state rate of 35%.
3. Will have interns throughout the year to help with special projects for the WIC program.
4. The WIC Coordinator is part of the Sauk County Wellness Team, which promotes the Health & Wellness for all of Sauk County employees.

Issues on the Horizon for the Department:

1. The rising staff wages and health insurance cost to be funded only with existing grant dollars.
2. Plans to co-write grant for Special Project from USDA with Juneau/Adams County WIC programs.
3. If COVID continues to limit physical presence of WIC appointments, Child lead testing will continue to be non-existent. Increase impact on children with lead poisoning and decrease in revenue if not billing for lead testing.

Circuit Courts

Department Vision - Where the department would ideally like to be

The vision for the court system for Sauk County is to provide a forum that is fair and accessible to all who seek or need the services of the court and to do so within reasonable periods of time consistent with the needs of litigants and requirements of law.

Department Mission - Major reasons for the department's existence and purpose in County government

The mission of Wisconsin's Court system and the court system of Sauk County is to protect individual rights, privileges and liberties, to maintain the rule of law, and to provide a forum for the resolution of disputes that is fair, accessible, independent and effective.

Department: Circuit Courts

Changes and Highlights to the Department's Budget:

No significant changes for 2021, all increases are due to ongoing operations. The court audio video upgrade should be completed in 2020, which accounts for the decreased use of carry forward funds and supplies/services expenses.

Issues on the Horizon for the Department:

An issue on the horizon is the need for a fourth judgeship. The statistics used in the state for determining the need for judges show that Sauk County has a judicial need of 4.0 judges; Sauk County currently has three circuit judges authorized by the state legislature. Sauk County is addressing this disparity through the use of the court commissioner. As the numbers show a growing need for judicial assistance, planning for a fourth judgeship should begin, at least in a preliminary way.

Clerk of Courts

Department Vision - Where the department would ideally like to be

We want to provide and initiate new procedures that will enhance efficiency in the office and coordinate with state court operations. We will strive to improve the quality of the justice-related services to all participants and the general public in an easily accessible and respectful environment. Our ultimate goal is to develop and implement district and state recommended procedures which prove to have a positive impact on our overall operations of the courts and our customer relations. We look to maintain and increase the avenues of communications between the courts, the public and other agencies. This can be attained through positive interaction and respect.

Department Mission - Major reasons for the department's existence and purpose in County government

To provide the administrative link between the judiciary and the public in a manner that is professional, courteous and efficient, representing Sauk County as an outstanding provider of services.

Elements of Countywide Mission Fulfilled

Provide fiscally responsible / essential services
Promote safe community

Strategic Issues Addressed - Fundamental policy choices or critical challenges as defined by the Sauk County Board

Justice & Public Safety - Emergency response and preparedness

Justice & Public Safety - Diversion programs / alternatives to incarceration

Justice & Public Safety - Criminal Justice Coordinating Council release planning and re-entry

Goals - Desired results for department	Measures - How to tell if goals are being met	Objectives - Specific projects	Completion Date
Continued enhancements of the Sauk Co. Clerk of Courts web page	Positive response from users.	Update Sauk County website for ease of navigation for collection information, quick links and overall user friendliness.	Ongoing
Increase restitution collections for victims	Monthly payments to victims	Collections via payment plans, income assignments and referral to State Debt Collection	Ongoing
Increase revenues	Collection percentages rise	Utilize State Debt Collection services as well as private collection agencies to increase revenues	Ongoing

Due to virtual courtroom changes, the Courts may see technology expenses, which are yet unknown.

Court Commissioner / Family Court Counseling

Department Vision - Where the department would ideally like to be

To provide correct, timely legal decisions and information to litigants and to county departments and to provide professional assistance to county and state departments and offices to fill in "gaps" in the delivery of legal services. To provide a mechanism for the prompt, informal resolution of child custody and physical placement disputes.

Department Mission - Major reasons for the department's existence and purpose in County government

The Court Commissioner's office provides information regarding legal procedures for family court, domestic abuse, criminal, ordinance violations, traffic, small claims and probate matters, and conducts preliminary and final hearings in these matters. This department supervises the provision of mediation and legal custody and physical placement studies in divorce, legal separation, paternity and other actions affecting the family.

Elements of Countywide Mission Fulfilled

Provide fiscally responsible / essential services
Promote safe community

Strategic Issues Addressed - Fundamental policy choices or critical challenges as defined by the Sauk County Board

General Government - Cooperation
Justice & Public Safety - Security for county buildings / employees

Goals - Desired results for department	Measures - How to tell if goals are being met	Objectives - Specific projects	Completion Date
Coordinate procedures for mediators, including referral and reporting timelines	Survey mediators as to all cases referred which are pending beyond 45 days	Since the inception of the mediation program, each mediator has utilized his/her own procedures/reporting forms. Although these practices have all been substantially similar, there have been some differences. Coordinating all procedures and forms will make it easier to track referrals and provide easier instruction for new mediators replacing those who retire.	12/31/2021 and Ongoing
Expand remedies available to parties pursuing entry of orders in family law (paternity/child support) child custody and physical placement actions to include outside agencies/organizations	Conduct meeting(s) with organizations and/or parties involved	Create opportunities for parties ("pro se" or represented) filing actions for the entry of child custody and physical placement orders in these types of matters to receive further education on child care topics both before pursuing and during pursuit of these orders.	12/31/2021 and Ongoing
Standardize "pro se" family law processes	Conduct meeting(s) with organizations involved	Standardize forms and processes regarding the filing and prosecution of "pro se" family law actions to reduce the time that court personnel are required to spend per case. Continue to pursue the establishment of a "pro se" assistance center.	12/31/2021 and Ongoing

**SAUK COUNTY, WISCONSIN
2021 BUDGET
HIGHLIGHTS**

Department: Court Commissioner / Family Court Counseling

Changes and Highlights to the Department's Budget:

Change 1: The 2021 budget includes retirement payouts for the Court Commissioner and one month of overlap with his replacement for training. This is funded by general fund balance.

Other than that, the Court Commissioner's budget remains relatively static. No substantially new or different revenues are expected in the coming year. However, due to COVID-19, 2020 revenues are reduced.

So long as the Wisconsin Statutes are not modified to change the sources of funding for the mediation program (and no changes are anticipated), it will continue to operate in a self-funded fashion.

Issues on the Horizon for the Department:

The proliferation of "pro se" litigants continues to present an increasing strain on available time/resources.

Register in Probate / Juvenile Clerk of Court

Department Vision - Where the department would ideally like to be

The department will work collectively with internal and external entities to process and complete electronic and paper filings, promote the use of available resources by pro se filers, and to administer the collection of departmental fees in collaboration with the Sauk County Clerk of Court.

Department Mission - Major reasons for the department's existence and purpose in County government

The mission of the office of Register in Probate / Juvenile Clerk of Court is to maintain the records and perform statutory functions pertaining to Formal and Informal Probate; Juvenile and Adult Adoptions; Juvenile and Adult Guardianships; Juvenile and Adult Mental Commitments; Juvenile Termination of Parental Rights; Children in Need of Protection and Services; Juveniles in Need of Protection and Services; and Juvenile Delinquencies.

Elements of Countywide Mission Fulfilled

Provide fiscally responsible / essential services

Changes and Highlights to the Department's Budget:

All Probate / Juvenile case types were converted to electronic filing in 2019. This has resulted in decreased office supply expenses. Efforts to reduce additional office expenditures are made on an ongoing basis.

The Probate / Juvenile Clerk of Courts department continued collaboration with the Clerk of Courts staff for reimbursement of Juvenile Legal Fee assessments, Advocacy Counsel reimbursement, and Court Appointed Counsel reimbursement through entry of assessments, judgments, tax intercept, and collections for unpaid legal fees incurred in JV, JC, TP, and GN cases. The department also continues to work with family, voluntary, and corporate guardians for reimbursement of Guardian ad Litem fees in annual WATTS proceedings. This process is being utilized with new cases filed and current cases with outstanding unpaid balances. Juvenile restitution is now received through the Clerk of Courts.

Sauk County Court System approved increased court appointed counsel / GAL fees to \$100 per hour per the Supreme Court ruling. The increase has resulted in greater than originally anticipated expenses for both adult and juvenile cases due to extended hours of representation required for a greater percentage of complex cases. It is anticipated that these costs will continue to be generated for the duration of 2020 and 2021. To date costs for psychological examinations have been maintained within budget, however, complex cases have increased which may impact current and future

Issues on the Horizon for the Department:

The COVID 19 pandemic has and will continue to have a financial effect on all areas of county government. Although at the present time the actual effect is still to be determined, it is evident there will be a reduction in county revenues. Within this department the effect that may be realized will include delayed inventory filings, delayed sales of real estate in probate and guardianship cases, delayed closure of probate cases. These delays could ultimately impact the amount of revenues received within the department, in particular for filing fees which represent the greater portion of the revenue base. Monthly reviews of case deadlines are conducted and will continue to be conducted in an effort to promote timely filings under statutory guidelines. The reviews enable the department to determine trends which may impact revenues.

Highway

Department Vision - Where the department would ideally like to be

The Highway Department is committed to maintaining the current level of service it provides to the general public while reducing costs through improved efficiency and operating procedures.

Department Mission - Major reasons for the department's existence and purpose in County government

We are a department entrusted with the development, maintenance, and safe operation of Sauk County's transportation system. We strive to satisfy the diverse mobility needs of all citizens while retaining a responsible concern for public safety and the environment.

Elements of Countywide Mission Fulfilled

Promote safe community
Encourage economic development

Specific Strategic Issues Addressed

Declining/unpredictable financial support (highways, medicaid, other)

Maintain transportation network and services (Baraboo highway shop, other transportation networks, broadband)

Goals - Desired results for department	Measures - How to tell if goals are being met	Objectives - Specific projects	Completion Date
Reduce equipment repair time and cost. Eliminate frequent and redundant repairs or extending the longevity of repairs that are made.	Thorough daily routine maintenance checks on equipment reduce repair time and costs therefore our production on projects will be maximized and increase productivity.	Improve Department efficiency by combining more efficient maintenance techniques and equipment with new material products to reduce the need for costly and redundant maintenance procedures.	12/31/2021
Improve safety with a well maintained fleet of operational equipment.	Thorough daily routine maintenance checks and knowledge of equipment reduces unexpected safety injury therefore reduces safety costs.	Continue to update the Department's equipment fleet with new, reliable, safe, and efficient units.	12/31/2021
Reduce employee injuries/accidents as well as general public liability claims and improve work quality and efficiency through knowledgeable work crews.	Employee injuries/accidents should be reduced/minimized if we improve our knowledge on the jobsite with equipment/surroundings.	Continue to educate employees on policy/procedure changes and train crews on various safety, maintenance, and construction techniques through workshops and seminars.	5/31/2021
Maintain continuity of information sharing between government agencies, authorities, and the general public to reduce confusion and inefficiency.	Collaboration and communication with other departments grows us as a department in obtaining information.	Continue correspondence with other governments at the state, county, and local levels to ensure needs are met and compliance with policies, procedures, and mandates is maintained.	12/31/2021
Consider all roads/bridges on the CTH system for future needs to ensure that no single element falls below an acceptable level of safety.	Highway department works within their yearly highway improvement plan and works with townships to make sure all necessary improvements are made.	Monitor and accurately determine future needs of the CTH system to adequately project budget values to cover needed costs.	8/31/2021
Maintain effective procedures used for winter maintenance operations to ensure the Department is current with statewide accepted levels of service.	Our level of service is proven with the maintenance we provide to the highways. New procedures, equipment and material are used each year.	Improve service of winter maintenance operations by incorporating new materials, equipment, and procedures to improve efficiency, response time, and general safety.	10/1/2021
Incorporate new technologies and alternative fuels into Department operations.	Improved fuel mileage improves longevity/efficiency of equipment.	Monitor advancements in alternative fuel vehicles and other technologies which could improve Department efficiency.	12/31/2021
Address ever changing needs of the Department and employees and act upon them to maintain Department efficiency, safety, and employee morale.	Employee turnover rate would decrease and employees would want to continue their employment in Sauk County.	Review and update current procedures and administer improvements where needed to increase Department efficiency, moral, and safety.	12/31/2021

The Highway Fund is required by accounting standards to record outlay purchases as assets, not expenditures.
The amounts shown for outlay expenditures are funded by fund balance use, and are for budget purposes only.

2018 Beginning fund balance restated to subtract \$169,939 due to implementation of new accounting standard for post employment benefits.

Changes and Highlights to the Department's Budget:

Change 1: Bridge Aid funding has increased this year by \$40,005 from \$92,506 to \$132,511. This special purpose levy is exempt from levy limits.
 Change 2: The County will receive additional County Highway Improvement Program/Multimodal Local Supplement (CHIP/MLS) funds in 2021.
 Change 3: Radio Equipment is outdated and needs to be upgraded.
 Change 4: One position is being eliminated, and various positions are being considered for reclassification.

Issues on the Horizon for the Department:

The Sauk County Highway Department has garages located at 620 Linn Street in Baraboo and a satellite Garage located at 537 K Street in Reedsburg. Both of these Garages are no longer adequate for the current fleet storage, repair activities, parts storage and employee quarters. The existing facilities are too small, improperly laid out, in need of many architectural and mechanical repairs.

Landfill Remediation

Department Vision - Where the department would ideally like to be
Manage and maintain the resources and responsibilities for the long-term care, restoration and management of the areas degraded by former landfill operations.

Department Mission - Major reasons for the department's existence and purpose in County government
Assure facilities and grounds are properly maintained, that appropriate testing and management continues, maintain the methane management system in good working order and manage expensed to minimize potential future impact of the long term care of the site on the tax levy.

Elements of Countywide Mission Fulfilled
Promote safe community Stewardship of natural resources

Specific Strategic Issues Addressed
Protect air, water, land

Goals - Desired results for department	Measures - How to tell if goals are being met	Objectives - Specific projects	Completion Date
Maintain compliance with required Federal and State monitoring.	No notices of noncompliance are received	Monitor site, monitor flare operations, completion of required testing and filing of reports.	12/31/2021
Provide adequate funding for perpetual care of the landfill sites.	Need for tax levy is minimal or none	Complete and maintain detailed interest earned on investments and expenditure projections.	12/31/2021
Assure that residents in the area of the former landfill operations have a safe drinking water supply.	Water samples from neighboring wells are within safe limits	Request delisting from the Environmental Protection Agency National Priority List, the "Superfund" list.	3/31/2021

Changes and Highlights to the Department's Budget:

Interest on the Long Term Care Funds decreased in the second half of 2020 due to the pandemic.

There are two major investments to fund the landfill long-term care. As of December 31, 2019, these investments are:

1. Settlements from certain parties who contributed waste to the first landfill and from Sauk County's previous liability insurance company: \$3,135,632.
2. Funds held by the Wisconsin Department of Natural Resources for long-term care of the second landfill: \$1,836,684.

Issues on the Horizon for the Department:

Long Term Care Funds were intended to cover the management cost of the closed landfill for 40 years after its closure in 2007; however, the extremely low interest on the Long Term Care funds may create the need to levy taxes prior to the originally anticipated 40 years of coverage.

Sauk County is required to keep estimates of the newer landfill's long-term care cost. This was last reevaluated in 2014, and as of December 31, 2019 was estimated at \$1,917,551. This estimate must be updated in 2020.

Arts, Humanities & Historic Preservation

Department Vision - Where the department would ideally like to be

To ensure that all citizens have equal opportunities to participate in the arts, history, and cultural activities. To coordinate efforts among agencies to ensure that Sauk County protects and nurtures the unique cultural heritage of the County. To make Sauk County a community known for its diverse and wide array of art, history and cultural events, and activities. To create an environment conducive to a sustained artistic and cultural presence for generations to come.

Department Mission - Major reasons for the department's existence and purpose in County government

To advocate the creation, development, preservation, and presentation of activities to expand the presence of the arts, humanities, and historic resources in all parts of Sauk County.

Elements of Countywide Mission Fulfilled

Development of cultural, social, and community values

Specific Strategic Issues Addressed

General Government - Placemaking and economic development

General Government - Cooperation

Outside Issues - Communication - into and with the community

Outside Issues - Workforce development

Goals - Desired results for department	Measures - How to tell if goals are being met	Objectives - Specific projects	Completion Date
Update and improve the annual Arts, Humanities and Historic Preservation (AHHP) and monthly Good Idea grant programs.	Track feedback from former grant applicants, arts and culture professionals and Sauk County supervisors to ensure changes are effective.	Complete grant policies and procedure project from 2019 in July. Provide grant writing workshops and assistance. Continue collaborating with Spring Green Arts Coalition and Wisconsin Arts Board to provide local opportunities for organizations to learn more about programs and processes.	2/1/2021
Increase the number and variety of AHHP and Good Idea grant applicants by improving outreach efforts to new and diverse grant applicants.	Track the number of new grant applicants each year through database. Use social media insights on posts specific to grant programs. Coordinate with local organizations	Improve the AHHP website and strengthen social media presence on the Sauk County Facebook page. Continue to improve on public outreach highlighting the grant program including testimonials from grant recipients. Offer Good Idea Grants in Spanish.	Ongoing
The economic impact of the Sauk County Arts and Culture program is measured and shared publicly.	Track feedback from former grant applicants, arts and culture professionals and Sauk County Supervisors to ensure changes are effective.	Improve AHHP and Good Idea grant final report forms to ensure Sauk County is able to measure the impact of the grant programs. Review program to see if we can combine grants with the Placemaking initiative.	Ongoing
Ensure Sauk County is a desirable place to live and work in part due to a vibrant arts and culture scene.	Sauk County cultural assets are appreciated and recognized.	Ensure that Sauk County's cultural assets are included in the County's creative placemaking initiative by working with the Community Liaison and Economic Development Committee.	Ongoing

Changes and Highlights to the Department's Budget:

2021 Budget Outlook: The 2021 budget includes both the former Conservation, Planning and Zoning (CPZ) and Parks Departments into one Land Resources and Environment (LRE) Department. Changes which impact the 2021 budget include; increase in dam repair and/or replacement expenses, capital outlay items, and decreases or increases in anticipated grant amounts due to prior years.

County Owned Dams: General maintenance of dam facilities is required each year. Both the Redstone Dam and the Delton Dam are in need of some repairs based upon inspections completed in 2020. Hemlock Dam is under administrative order from the Department of Natural Resources (DNR) to either be replaced or removed. \$230,773 of general fund balance was allocated for this project. DNR Municipal Dam Grant Program will potentially provide \$75,000 for the project.

Comprehensive Planning Process: State Statute requires that the County undertake a comprehensive planning process every ten (10) years. The existing comprehensive plan was adopted in 2009. Due to changing circumstances throughout the County, the adoption of a new plan is needed. The department intended to begin this process in 2020; however, with the COVID pandemic the project was placed on hold. The Department intends to start this process in 2021. Ho-Chunk Funding of \$15,000 is included for marketing/branding efforts for the planning process. Due to uncertainties surrounding the COVID pandemic, additional funds were not included in this budget cycle, but may be needed in 2022.

Baraboo Range: Monitoring of the Baraboo Range Program easements will continue in 2021. This program will use \$5,118 of the \$100,552 carryforward in 2021. The monitoring of the BRPP easements is required indefinitely.

White Mound Master Plan: The budget contains carry forward funds of \$25,000 to assist in the preparation of a Master Plan for White Mound Park. The plan will take into consideration general guidance provided within the County's SCORP to identify specific improvements for the park. Funds were designated in 2019, but were carried forward to 2020 to complete the plan. As with the Comprehensive Plan, COVID has delayed the project. While staff has started the planning process, completion of the plan will not occur until 2021.

Department Strategic Plan: With the merger of the CPZ and Parks Departments; a strategic plan to further define the mission, vision, values, goals and objectives of a unified department are needed. Department staff will work together to complete a strategic plan for the department moving forward. The department's intention is to begin this process winter 2020-2021.

Sauk County Well Water Monitoring Program: The County will be entering the second year of the Well Water (Groundwater) Monitoring Program. This is a collaborative effort between the Land Resources and Environment Department, Public Health, University of Wisconsin Extension, and the UW-Stevens Point. Very little groundwater data exists, which would allow us to evaluate groundwater quality over time in Sauk County. The collection of this trend data will enable the County to make meaningful program and policy decisions surrounding the management of groundwater quality. Over 397 participants sampled their well water in the first year.

Great Sauk State Trail: The first and second phases of the Great Sauk State Trail are completed. Efforts continue to make the connection to Devil's Lake State park through the "Wye". In 2019, funds were added to the budget in the amount of \$350,000 for the design and construction of this connection point. In addition, Sauk County worked with Dane County on a feasibility study for a bridge over the Wisconsin River to make the connections with the Walking Iron Trail in Dane County. Next steps to acquire the geotechnical program are underway, in which costs will be shared with Dane County. Carry forward funds are included in the budget for removal of railroad ties and construction of the "Wye". An additional \$25,000 was included for the development of a parking area and trail connection on property adjacent to United Coop. Allocated trail staff labor \$42,330 and maintenance expense \$12,000 are partially offset by permit revenues \$8,000. Maintenance for the trail increased \$6,585 over 2020.

Producer Led Group: Sauk County's first producer led group formed, known as the Sauk Soil and Water Improvement Group (SSWIG). Upon receiving a DATCP grant in 2020, the group has offered training opportunities as well as cost sharing incentives as a means to promote soil health throughout Sauk County. In pursuit of those efforts, additional grant funds may be available in 2021 to help continue those effort. Funding in the amount of \$30,000 is being requested.

Lake District Grant: In 2020, fund balance was included in the LRE Budget in an effort to offer a grant program for local lake districts to assist with projects that enhance area habitats and improve water quality. Additional funds are requested in the 2021 budget to continue these opportunities moving forward.

Issues on the Horizon for the Department:

Continue development of partnerships with cities and villages on a total maximum daily load (TMDL) process for phosphorous reductions to surface waters as part of WDNR TMDL process. This will continue to bring funding to our

Continue work on outdated county ordinances with approximate completion in 2020, which include Chapter 7 Zoning, Chapter 10 County Parks, and Chapter 22 Land Division and Subdivision Regulations.

The department will continue implementation of the 2017-2027 Land and Water Resource Management Plan of the county in order to stay eligible for DATCP staffing and cost sharing grants.

During 2021, we will continue implementation of another five-year RCPP funding project through NRCS. The department requested and received approximately \$1.1 million, which is a 1:1 match of what we anticipate to be a partnership between our department, Juneau County Land Conservation, and the Reedsburg Wastewater Treatment Facility for an additional 5-year period. A new Memorandum of Understanding was approved by the Sauk County Board. The department will continue working with USDA-NRCS to acquire landowner sign-up for conservation practices.

There will be masonry work at the Redstone Dam that will need to be completed. This work will involve lowering the lake enough to stop the flow over the spillway. Repairs are also required at the Delton Dam in 2021. Replacement of Hemlock Dam is also still on the horizon.

The expansion of the Great Sauk State Trail continues to have an impact on budgets and operations for the parks department. As the park maintenance of the Great Sauk State Trail increases, the demand for more staff will also increase.

The County hopes to begin its Comprehensive Planning process. A proposed timeline for the project as well as civic engagement plan must be adopted by the Sauk County Board of Supervisors.

Additional planning efforts to include the White Mound Master Plan, Hemlock Park Master Plan, Capital Improvement Program as well as numerous planning efforts for future trail expansion of the Great Sauk State Trail.

WI Fund is set to sunset and will not be available next year to those low-income households in need of replacement of a failing septic system. Over the years, this program has served the County and its residents well. The department will try to find other resources that may be available to assist these households.

Coroner

Department Vision - Where the department would ideally like to be
The vision of the Coroner's Office is to provide the services of our Office to the public as mandated by State Statutes, within the limits of our appropriated budget.

2021 BUDGET
HIGHLIGHTS**

Department: Coroner

Changes and Highlights to the Department's Budget:

There is an increasing trend for people to choose cremation over a traditional funeral. Currently, 65% of all deaths are cremations.

The state budget includes a freeze on cremation fee rates for two years. Also, if a decedent is on assistance and qualifies, their funeral expenses will be assisted by the State. When this occurs, counties are expected to waive cremation fees. This has reduced Sauk County cremation fee revenue as more take advantage of this program. There is an increase in requests by law enforcement for autopsies and the blood test expenses.

Increase per diem calls by 25% due to trends over last several years.

The trend shows an increase in unclaimed bodies, resulting in increased expenses to the county. 2020 budget includes a new line item Interment/Cremation expense, \$2,000.

Issues on the Horizon for the Department:

The increasing push for a higher level of training and professionalism equalizing all Coroner departments around the state continues.

Case loads increase slightly each year, less than 10%, with this there has been an increase in hospice care cases.

Planning for equipment and safe handling techniques for bariatric personnel is an increasing priority.

Evaluate staffing needs and options, increased caseload has resulted in increased administrative tasks.

District Attorney

Department Vision - Where the department would ideally like to be
"That guilt shall not escape or innocence suffer; that Justice be done in all cases."

Department Mission - Major reasons for the department's existence and purpose in County government

Changes and Highlights to the Department's Budget:

The Sauk County District Attorney's Office received the Improving Criminal Justice Responses to Sexual Assault, Domestic Violence, Dating Violence and Stalking (ICJR) grant through the Department of Justice's Office on Violence Against Women from October 1, 2017 through September 30, 2020. The grant was funded to encourage partnerships among governments, courts, victim providers, and crisis centers to ensure these cases are treated seriously, requiring the coordinated involvement of the entire criminal justice system and community-based victim service organizations. The total grant award amount is \$450,000. Grant funds were stretched into 2021 but funds are anticipated to run out July 2021.

Workload analysis performed by the State, utilizing case filing data from 2017-2019, puts the current prosecutorial need for the Sauk County DA's Office at 7.26 attorneys. When grant funding is exhausted in July, the number of attorneys will be reduced to 5 (the same level as 2001). At the same time that prosecutor staffing is at risk of decreasing, felony caseloads have continued to exponentially increase (a 109% increase between 2010-2019). Despite the efforts of law enforcement and the DA's Office to decrease overall case filings by diverting low level and first-time offenders, any caseload relief from diversion has been more than offset by the increase in serious crimes (namely felonies - which are more serious, complex, and time consuming).

Given Sauk County's unique location as a tourist destination with a close proximity to Madison, and as a stop on main artery between Minneapolis and Chicago, the county's prosecutorial needs far exceed that of its residential population. At a time when county attractions are receiving an "unprecedented" volume of visitors, a reduction in prosecutor staffing will result in serious ramifications to the administration of criminal justice in Sauk County. Operating at roughly two-thirds the needed prosecutorial staff level will result in significant delays, less attention to each case, and less time to invest in diversion and system-improving endeavors - none of which are in the interest of justice, victims, the accused, or the public. Because it is imperative that prosecutor staff at least remain at the current level, the Sauk County District Attorney's Office budget includes a request for \$45,000 for a full-time prosecutor starting in July 2021. If the State does not approve an appropriation for an additional attorney, County funding would be requested to continue as a stop-gap and the County's expense in 2022 would be approximately \$90,000.

Issues on the Horizon for the Department:

Trends for felony filings consistently show year-over-year increases. One rough metric for staff need is that one prosecutor is necessary for every 150 felony cases or every 400 misdemeanor cases. For reference, 488 felony cases were filed in 2016 and 652 were filed in 2019. This three-year felony caseload increase, by itself, necessitates the addition of prosecutor. Continued caseload increases cannot reasonably be handled by current, much less reduced, staff levels.

Continued changes to certain crimes (former misdemeanors that are now felonies with enhanced penalties) result in more complexity and time investment. As Wisconsin is the last State to have OWI first offenses as a civil offense as opposed to criminal, there is mounting pressure for Wisconsin to make OWI first offenses a crime. If that occurs, that additional workload would require significant increases in staff. The current OWI-1st caseload is split between the DA's Office and 5 municipal attorneys. If OWI-1st offenses become criminal, more litigation will result and that caseload would be solely the responsibility of DA's Office.

2021 BUDGET
HIGHLIGHTS**

Department: Emergency Management

Changes and Highlights to the Department's Budget:

Change 1: With increasing significant rainfalls, a "2080 Flood Study" with UW Madison will identify areas of mitigation or areas that should remain undeveloped. This will be funded by grant dollars estimated at \$70,000 with local match of \$10,000. This project was budgeted to occur in 2020, but most work will likely be in 2021. This change reflects the decrease in revenue and expense from 2020 to 2021.

Change 2: The 2021 budget includes an increase of \$5,000 for purchase of personal protective equipment (PPE) related to the COVID-19 outbreak. Other departments will be purchasing their own PPE directly, but this amount is for currently unforeseen expenses that may occur.

2021 BUDGET
HIGHLIGHTS**

Department: SHERIFF

Changes and Highlights to the Department's Budget:

Change 1

Vacancy factor recorded in non-departmental account, not Sheriff, in 2021.

Change 2

Based on changes in the budget process we have removed \$5,000 from the Bar Buddies line items.

Change 3

Completed implementation of new software in 2020.

Change 4

Hold off on refilling vacant clerk position for 2021.

*The Sheriff's Department budget reflects activities over which the Sheriff has responsibility. Building and debt service costs related to the Law Enforcement Center are recorded in other County budgets.

**Debt Service is funded by sales tax. However, if sales tax did not fund debt service, the tax levy would be decreased elsewhere.

Issues on the Horizon for the Department:

Housing revenue currently offsets about 7% of the property tax request; however, if we lose rentals in the future we would need to offset the loss in some way.
