June 27, 2016

To the Citizens, Administrative Coordinator Renae Fry, and Board of Supervisors of Sauk County:

The Accounting Department is pleased to present the Comprehensive Annual Financial Report (CAFR) for Sauk County for the fiscal year ended December 31, 2015.

This CAFR is prepared by the Sauk County Accounting Department and audited by the independent certified public accounting firm of Baker Tilly Virchow Krause, LLP. Wisconsin Statutes and the Wisconsin Administrative Code require counties to prepare a complete set of audited financial statements for each fiscal year. This CAFR is provided to fulfill that requirement for 2015. The financial statements included in the CAFR conform with generally accepted accounting principles (GAAP) as established by the Governmental Accounting Standards Board (GASB).

The letter of transmittal is designed to complement the Management's Discussion & Analysis (MD&A) and should be read in conjunction with the financial statements.

MANAGEMENT REPRESENTATIONS

Responsibility for both the accuracy of the data presented and the completeness and fairness of the presentation, including all disclosures, rests with the County.

We believe the financial information, as presented:

- is accurate in all material aspects;
- is presented in a manner designed to fairly set forth the financial position and results of operations of the County as measured by the financial activity of its various funds; and
- includes all disclosures necessary to enable the reader to gain the maximum understanding of the County's financial affairs.

INTERNAL CONTROLS

In developing the County's accounting system, much consideration was given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance is based on the assumption that the costs of internal accounting controls should not exceed the benefits expected to be derived from their implementation.

We believe that the County's internal accounting controls, along with the audit performed by independent auditors, provide the County with reasonable assurance that financial transactions are properly recorded and assets adequately safeguarded.

INDEPENDENT AUDIT

The County has retained the services of Baker Tilly Virchow Krause, LLP to perform an independent audit of the County's financial records. The goal of the independent audit was to provide reasonable assurance that the financial statements of Sauk County for the fiscal year ended December 31, 2015, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by the County; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that Sauk County's financial statements for the fiscal year ended December 31, 2015, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report. As part of their examination, the independent auditor is also issuing an internal control letter covering the review of the County's system of internal control over financial reporting and tests of compliance with certain provision of laws, regulations, contracts, and grants. The management and compliance letter will not modify or affect, in any way, this report.

The County is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996, Uniform Administrative Requirements and Audit Requirements for Federal Awards (Uniform Guidance), and the State Single Audit Guidelines issued by the Wisconsin Department of Administration. Information related to this single audit—including the schedules of expenditures of federal and state awards, findings and recommendations, and auditors' reports on internal control over financial reporting, and tests of compliance with certain provisions of laws, regulations, contracts, and grants—will be included in Sauk County's separately issued Single Audit Report.

PROFILE OF GOVERNMENT

Sauk County is located in South Central Wisconsin, approximately 40 miles northwest of Madison and 100 miles northwest of Milwaukee. In addition, Sauk County is less than 250 miles from the Chicago and Minneapolis-St. Paul metropolitan areas. The County encompasses 840 square miles including 22 townships, 13 villages, and two cities. Additionally, the Village of Cazenovia and the City of Wisconsin Dells are partially within the boundaries of the County. Interstate Highway 90/94 runs diagonally through the County and provides easy access to and from many major Midwestern cities.

In the spring of 1838, three men staked out claims at the present site of Sauk City. By 1840, settlements had been established at what are now Prairie du Sac and Baraboo. Sauk County was formed in 1840 and was surveyed between 1840 and 1845. In the years 1840 through 1860, Sauk County was in a pioneering phase. The population increased from a few hundred residents to almost 19,000 during that 20-year time frame. Principal activities included wheat farming and the raising of hops. The 1860's and 1870's saw another economic boom stimulated by the expansion of railroads through the County. Villages and cities were chartered and the number of farms in the County peaked at 3,886. By the turn of the century, the County population had exceeded 33,000 and the production of dairy products and row crops became more predominant in agriculture. Population growth slowed during the early part of the twentieth century. Industrial development and tourism stimulated growth again in the decade immediately following World War II and most recently during the last 25 years.

With an estimated population of 62,207 in 2015, Sauk County is 25th largest of the 72 counties in Wisconsin. The City of Baraboo (the County seat) is the largest in population with 19% of the County's population, but the combined tourism area of the Village of Lake Delton and City of Wisconsin Dells (the Sauk County portion) has 23.6% of the equalized value. Sauk County is served by ten school districts, which provide education to students in the kindergarten through the twelfth grades. Post-secondary education is provided by a two-year University of Wisconsin Center – Baraboo/Sauk County campus, Reedsburg Campus of the Madison Colleges, as well as the University of Wisconsin-Madison and main Madison College campus, which are both less than an hour's drive from Sauk County.

The County provides a range of governmental services authorized by state statute, under the direction of an Administrative Coordinator and a thirty-one member Board of Supervisors. The County Administrative Coordinator is an employee appointed by the thirty-one member Board of Supervisors, who are elected to two-year terms. The Chair of the County Board of Supervisors is elected by the other members of the Board and presides over the County Board sessions and names committee membership. There are nine elected department heads whose offices are established by the Wisconsin Constitution. These offices are the Clerk of Courts, Coroner, County Clerk, District Attorney, Register of Deeds, Sheriff, Surveyor and Treasurer. In addition, the County has seventeen non-elected department heads that administer the County, State and Federal regulations specific to their departments. A list of principal officers and organization chart begins on page vii.

The services provided by the County are categorized into the following five functions.

- **General government function** includes the administrative coordinator, accounting, buildings, corporation counsel, clerk, management information systems, personnel, register of deeds, surveyor, and treasurer;
- **Justice & public safety function**, including a 3-branch court system; the district attorney, the sheriff, jail and work release facility and public safety communications;
- **Health & human services function**, including care for children, mental health services, developmentally disabled, the aged and disabled;
- **Conservation, economic development, recreation, culture & education function**, including conservation, planning, zoning, parks, and University of Wisconsin extension; and,
- **Public works function**, including a highway system and transportation system assistance.

FACTORS AFFECTING FINANCIAL CONDITION

Long-Term Financial Planning

Development of Strategic Issues during the Mid-Term Assessment – During 2015, the Sauk County Board of Supervisors' members were half-way through their two-year term of office. At this time, the County Board compiled, discussed and prioritized the top strategic issues facing the County for the following two years. There were 24 issues developed, and the most important themes included changing behaviors of drugged or drunk drivers, assisting first time high risk mothers, and developing parks and trails as part of an emphasis on economic vitality. In 2015, these issues began to be addressed through a Criminal Justice Coordinating Council and hire of staff dedicated to assessing and implementing programming. Establishment of the Nurse Family Partnership program started a concerted effort to help new mothers. Staff began to develop "placemaking" as a regional initiative to align county-wide assets to showcase the County as a premier place to live, work and play.

University of Wisconsin–Baraboo/Sauk County Campus – Sauk County and the City of Baraboo equally share ownership of UW-B/SC, and both entities are committed to supporting this local arm of the Wisconsin university system. In 2015, construction was completed on a major update to the science facilities totaling around \$5 million.

Capital Improvement Plan – The County's ten-year Capital Improvement Plan shows a commitment to maintaining the County's infrastructure. County road projects and communications systems all have funds planned for annual maintenance without the need for bonded indebtedness. In 2015, voting equipment was replaced county-wide for nearly \$400,000, and 2016 anticipates development of the Great Sauk Trail recreation trail for \$1,040,000. Further renovation and expansion at UW-B/SC is planned the theater and arts centers for 2019 (\$527,000) and 2023 (\$1,759,000).

Impact of Financial Policies & Practices

Budget: Sauk County prepares an annual, balanced budget as required by State of Wisconsin Statutes. Budgetary control is maintained at the departmental level. Changes to the adopted budget are considered on a case-by-case basis and require the approval of two-thirds of the entire County Board. The Board of Supervisors has designated certain accounts as non-lapsing, and those unexpended appropriations have been carried forward for use in 2016.

Cash Management and Revenues: Cash reserves are invested in statutorily-defined safe investments emphasizing, in order of importance, preservation of principal, liquidity and rate of return. Revenues are budgeted as realistically as possible, with a focus on cautious estimates of revenues when uncertain.

Fund Balance/Retained Earnings: Sauk County's fund balance policy defines appropriate uses of fund balance and retained earnings. Fund balance may never be used to offset operational costs. Appropriate uses include nonrecurring capital expenditures (such as the Great Sauk Trail and voting equipment) and start-up costs for innovative programs (Criminal Justice Coordinating Counsel development.)

Debt Administration: All debt outstanding is a general obligation of the County for which an irrevocable, irrevocable tax has been levied at the time of the borrowing to be included in future tax levies, sufficient to repay the principal and interest payments as they become due. Under Wisconsin State Statutes, Chapter 67, Sauk County's aggregate indebtedness may not exceed 5% of the equalized value of taxable property located in the County. Sauk County has used only 5.9% of its legal debt capacity.

ECONOMIC CONDITION AND OUTLOOK

Sauk County is the primary home of the Wisconsin and Midwest tourism magnet of the Wisconsin Dells and Lake Delton area. The County's tourist attractions are year-round destinations, with a variety of resorts, restaurants, and entertainment options. As such, the local economy has shown limited vulnerability to economic fluctuations as vacationers from throughout the Midwest choose to stay closer to home. Although collection of the 0.5% sales tax fell by nearly 7.9% in 2009, 2015 saw the largest collections ever at nearly \$8.5 million.

Although Sauk County's largest employers are tourism-based, there is also a strong industrial, agricultural and other community job base. Other stable industries include glass manufacturing, printing, and foundry. Large retailers provide mail-order, as well as on-site, services. Agricultural land comprises 60% and forest and undeveloped land comprises another 30% of the County's acreage. Together, annual wages in support of these properties total \$24.2 million. There are three hospitals and their related health care facilities. Sauk County is adjacent to Dane County, with the state capitol and University of Wisconsin in the City of Madison. These nearby opportunities complement the in-county options of the UW-Baraboo/Sauk County campus in Baraboo and Madison College campus in Reedsburg. This easy access to world-class higher education and highly skilled jobs is attractive, while offering an appealing rural and small town atmosphere.

The 2015 annual average unemployment rate in Sauk County, at 4.2%, is at or below state and national averages. The low unemployment rate can be attributed to the type of businesses located in the County, including multiple employment opportunities in the Wisconsin Dells/Lake Delton area and close proximity to Madison, Wisconsin.

Various national entities have recognized Sauk County and its cities as some of the best places to live in the United States. Smithsonian Magazine has named Baraboo the 4th best small town in the nation to visit in 2013. POLICOM Corporation, a firm that develops economic strength rankings, has named the Baraboo micropolitan statistical area 62nd strongest of the 536 such areas in the nation. Sauk County is also home to Wisconsin's most visited state park, Devil's Lake.

AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Sauk County for its comprehensive annual financial report for the fiscal year ended December 31, 2014. This was the 3rd consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

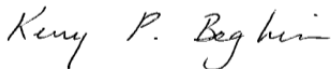

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the County has also received the GFOA's Award for Distinguished Budget Presentation for each of the past thirteen fiscal years beginning with 2003. In order to qualify for the Distinguished Budget Presentation Award, the County's budget document was judged to be proficient in several categories including policy documentation, financial planning, organization and communication.

ACKNOWLEDGMENTS

The preparation of this report could not have been accomplished without the efficient and dedicated services throughout the year of the entire staff of the Accounting Department, especially Accounting Manager Lynn Horkan, other County Departments and the capable assistance of our independent auditors. I would like to express my appreciation to everyone that assisted and contributed in its preparation.

Respectfully submitted,

A handwritten signature in cursive script that reads "Kerry P. Beghin".

SAUK COUNTY, WISCONSIN
COMPREHENSIVE ANNUAL FINANCIAL REPORT

FINANCIAL
SECTION

INDEPENDENT AUDITORS' REPORT

To the County Board of Supervisors
Sauk County
Baraboo, Wisconsin

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Sauk County, Wisconsin, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise Sauk County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control over financial reporting relevant to Sauk County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Sauk County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the County Board of Supervisors
Sauk County

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Sauk County, Wisconsin, as of December 31, 2015 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note I, Sauk County adopted the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68*, effective January 1, 2015. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Sauk County's basic financial statements. The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects, in relation to the basic financial statements as a whole.

To the County Board of Supervisors
Sauk County

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Sauk County's basic financial statements. The introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we will issue a report on our consideration of Sauk County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Sauk County's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Baker Tilly Virchow Krause, LLP". The signature is written in a cursive, flowing style.

SAUK COUNTY

UNAUDITED MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended December 31, 2015

As management of Sauk County, we offer readers of Sauk County's financial statements this narrative overview and analysis of the financial activities of Sauk County for the fiscal year ended December 31, 2015. This section should be read in conjunction with the financial statements and the accompanying notes that follow. It should also be noted that the information contained herein will provide information on both the governmental operations and the business-type activities of the County.

FINANCIAL HIGHLIGHTS

- > The County's primary government total net position increased by \$8.2 million, or 6%, from the prior year. The County's net investment in capital assets increased by \$6.4 million, consisting of routine infrastructure upgrades and the University of Wisconsin Baraboo/Sauk County science building. An increase in unrestricted net position of \$7.7 million resulted from budget variances. Total assets increased by a net \$5.1 million, comprised of increases in cash and investments of \$2.8 million, accounts receivable of \$1.0 million and capital assets of \$4.6 million. There was also a decrease in restricted net pension asset of \$3.2 million. Liabilities and deferred inflows of resources had no significant changes.
- > The County's primary government operating expenses in 2015 were \$195,000 less than 2014, at \$63.9 million. Increased expenses include \$430,000 in general government, \$1.0 million in health and social services, \$595,000 in public works and \$266,000 in culture, education and recreation. Conservation and development expenses decreased \$208,000, Highway expenses decreased \$2.5 million or 41.2%, with decreased costs for fuel, snow and ice control and state directed construction projects. Health Care Center expenses increased \$315,000 due to transfer of the home care program from governmental activities.
- > Program revenues increased by 6.7%, or \$1.9 million. The largest increases were \$403,000 in culture, education and recreation due in part to snowmobile bridge construction of \$246,000 and a community forest timber sale generating \$150,000. Highway revenues increased \$875,000, due to a \$550,000 Ho-Chunk cost share contribution for road construction projects and \$161,000 sale of material and supplies. The Health Care Center showed an increase of \$582,000 due to increased collections and transfer of the home care program.
- > The County's primary government total debt decreased by \$1.8 million during the current fiscal year due to scheduled debt service payments and premium amortization.

OVERVIEW OF FINANCIAL STATEMENTS

Sauk County's financial statements consist of four parts:

1. Management Discussion and Analysis - This discussion and analysis is intended to serve as an introduction to Sauk County's basic financial statements.
2. Basic Financial Statements - The basic financial statements have three components:
 - > Government-wide financial statements provide both long-term and short-term information about the County's overall financial status.
 - > Fund financial statements focus on individual parts of County government and report on the County's operations in more detail than the government-wide statements.
 - > Notes to financial statements explain some of the information in the financial statements and provide more detailed data.

SAUK COUNTY

UNAUDITED MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended December 31, 2015

OVERVIEW OF FINANCIAL STATEMENTS (cont.)

3. Required Supplementary Information - The required supplementary information further explains and supports the information in the financial statements.
4. Supplementary Information - The supplementary information contains combining statements that provide details about the non-major governmental and internal service funds. The non-major funds are aggregated and presented in a single column in the basic financial statements, as are the internal service funds.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of Sauk County's finances, in a manner similar to a private sector business.

The statement of net position presents information on all of Sauk County's assets, liabilities and deferred inflows of resources with the difference between the three reported as net position. Over time, increases or decreases in net position may serve as useful indicators of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how Sauk County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving the rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave.)

Both of the government-wide financial statements distinguish functions of Sauk County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities.) The governmental activities of Sauk County include public safety; public works; health and social services; culture, education and recreation; conservation and development; and general government. The business-type activities of Sauk County include the highway operation and nursing home.

FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Sauk County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Sauk County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the near-term inflows and outflows of spendable resources, as well as ongoing balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

SAUK COUNTY

UNAUDITED MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended December 31, 2015

OVERVIEW OF FINANCIAL STATEMENTS (cont.)

FUND FINANCIAL STATEMENTS (cont.)

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for the governmental funds with similar information presented for the governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Sauk County maintains 13 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, Human Services and Debt Service Funds, are considered to be major funds. Data from the other 10 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

Sauk County adopts an annual budget for all its governmental funds. A budgetary comparison schedule has been provided for each governmental fund to demonstrate compliance with these budgets.

Proprietary Funds: Services for which Sauk County charges customers a fee to provide are reported in proprietary funds. Sauk County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Sauk County uses enterprise funds to account for its Highway and Health Care Center. Internal service funds are an accounting device used to accumulate and allocate costs internally among Sauk County's various functions. Sauk County uses internal service funds to account for its self-insured deductible payments via the County Insurance Fund and self-insured workers compensation via the Workers Compensation Fund. The services provided by these funds benefit the business-type and governmental functions.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Highway and Health Care Center, both of which are considered major funds of Sauk County. The County Insurance and Workers Compensation Funds are reported as internal service funds in the proprietary fund financial statements.

Fiduciary Funds: Fiduciary funds are used to account for resources held in trust for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support Sauk County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

UNAUDITED MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended December 31, 2015

FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE - THE GOVERNMENT-WIDE PRESENTATION

An analysis of the County's financial position begins with a review of the Statement of Net Position and the Statement of Revenues, Expenses and Changes in Net Position. These two statements report the County's net position and changes therein. It should be noted that the financial position can also be affected by non-financial factors, including economic conditions, population growth and new regulations.

Sauk County Condensed Statements of Net Position

(in millions)

Net Position:						
Net investment in capital assets	83.6	89.2	8.5	9.4	92.2	98.6
Restricted	19.2	14.6	2.6	1.3	21.8	15.9
Unrestricted	29.7	35.2	4.3	6.4	33.9	41.6
TOTAL NET POSITION	\$ 132.6	\$ 139.1	\$ 15.3	\$ 17.0	\$ 147.9	\$ 156.1

The 2015 beginning balance includes a restatement to net position due to GASB Statements No. 68 and No. 71 implementation. Amounts reported for 2014 have been restated.

Governmental assets increased \$4.8 million, including \$2.8 million in cash and investments and \$4.7 in capital assets net of depreciation. The change in assets also contained decreases of \$2.4 million in restricted net pension asset. Deferred outflows increased \$2.5 million also due to pension amounts. Total governmental liabilities and deferred inflows of resources had no significant changes. Noncurrent liabilities decreased reflecting planned debt reduction totaling \$868,000. Finally, total governmental net position increased \$6.5 million, or 4.9%. Net investment in capital assets increased \$5.6 million primarily from infrastructure additions, restricted funds decreased \$4.6 million from a decrease in pension position, and unrestricted funds increased \$5.5 million due to budget variances.

Business-type assets increased by \$228,000. The major increases were in accounts receivable \$576,000 and internal balances \$597,000. The increased assets were offset by decreased due from other governments (\$201,000) and restricted net pension asset (\$795,000). Business-type liabilities and deferred inflows decreased (\$620,000). The largest component of the decrease is due to debt decreasing (\$858,000). The large decrease was offset by increased unearned revenue as a result of increased taxes receivable \$138,000. Finally, total business-type net position increased \$1.7 million, or 11.0%, due to budget variances offset by restricted pension purposes.

SAUK COUNTY

UNAUDITED MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended December 31, 2015

FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE - THE GOVERNMENT-WIDE PRESENTATION (cont.)

Governmental Activities

The County's governmental activities program revenues increased by \$448,000 overall, or 2.7%. The majority of this increase consisted of revenues primarily in culture, education and recreation \$403,000 related to snowmobile trail bridge construction and county forest timber sales.

Governmental activities expenses increased by \$2.0 million, or 6.1%. The largest increases were due to \$1.0 million in health and social services increase in labor cost and community living and support services, \$595,000 in public works from infrastructure depreciation and landfill long-term care cost revaluation, and \$430,000 in general government labor costs.

The following graphs show the allocation of Sauk County's governmental activities revenues and expenses.

SAUK COUNTY

UNAUDITED MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended December 31, 2015

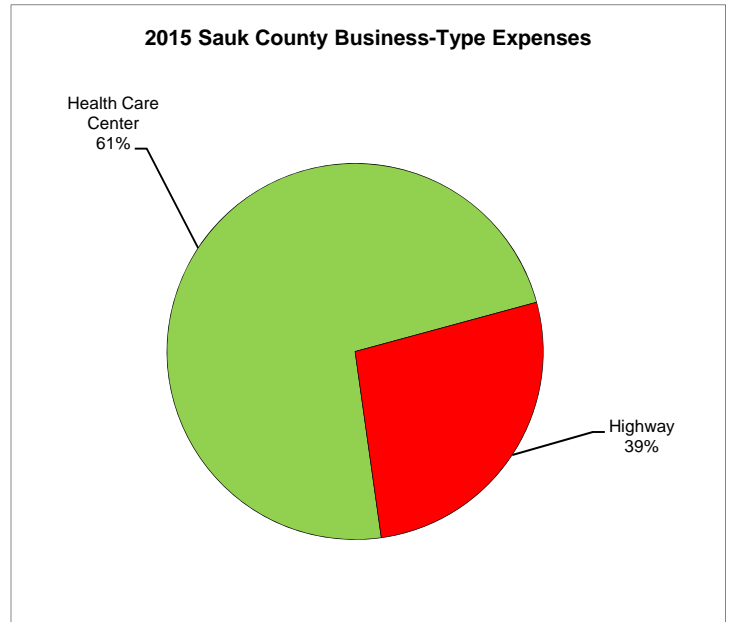

FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE - THE GOVERNMENT-WIDE PRESENTATION (cont.)

Business-type Activities

Business-type activities program revenues increased by 12.4% overall, \$1.5 million. This increase was comprised of increases in Highway of \$875,000, and Health Care Center of \$582,000. Highway charges for services increased \$646,000 due to Ho-Chunk revenues for road construction. Health Care Center charges for services increased \$306,000 and operating grants increased \$276,000 with transfer of Home Care operations from the general fund to the Health Care Center. Business-type activities property tax allocations increased \$392,000 to fund higher Health Care Center labor costs and the Home Care program.

Business-type activities expenses in total decreased \$2.2 million, or 14.2%. The Health Care Center saw an increase in expenses of \$315,000 due mostly to the transfer of the home care program. This increase was offset by a Highway Department decrease of \$2.5 million related to smaller scaled state projects and lower winter road maintenance costs.

The following graphs show the allocation of Sauk County's business-type activities revenues and expenses.

SAUK COUNTY

UNAUDITED MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended December 31, 2015

FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE - THE FUND PRESENTATION

Sauk County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of Sauk County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, Sauk County's governmental funds reported combined ending fund balances of \$44.9 million, an increase of \$1.1 million in comparison to the prior year.

The fund balance section of the balance sheets of the governmental funds focuses on "the extent to which the government is bound to honor constraints on the specific purposes for which amounts in the fund can be spent". The focus is not on whether these resources were available for appropriation. It also distinguishes the unreserved fund balance from the reserved fund balance. The components of fund balance include the following line items:

- a) Nonspendable fund balance (\$1,551,866) includes the portions of net resources that cannot be spent because of their form and they must remain intact.
- b) Restricted (\$9,908,827) and assigned (\$4,357,647) fund balances have imposed external or internal limitations.
- c) Unassigned fund balance (\$29,124,514) is the overall residual positive fund balance that has not been classified within the other above mentioned categories.

Approximately 64.8% of the fund balance constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of fund balance has constraints on the specific purposes for which the fund can be spent. Sauk County is committed to not using fund balance to fund operational costs, but to fund nonrecurring projects or acquisitions, safeguard for emergencies, and foster innovation.

More detailed fund information can be found in the notes to the financial statements.

General Fund: The general fund is the chief operating fund of Sauk County. At the end of the current fiscal year, unassigned fund balance of the general fund was \$29.1 million, while total fund balance reached \$35.0 million. As a measure of the general fund's liquidity, it is useful to compare both unassigned fund balance and total fund balance to total fund expenditure. Unassigned fund balance represents 84.4% of total general fund expenditures, while total fund balance represents 101.4% of that same amount.

The fund balance of Sauk County's general fund increased by \$1.4 million during the current fiscal year. Key factors in this growth are:

- > Transfer of excess funds from Human Services exceeded budget by \$2.7 million.
- > Sales tax collections exceeded budget by \$1.4 million.
- > Use of fund balance for UW Baraboo/Sauk County science building project \$2.3 million.

SAUK COUNTY

UNAUDITED MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended December 31, 2015

FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE - THE FUND PRESENTATION (cont.)

Human Services Fund: A major governmental fund of Sauk County is the human services fund. This fund provides services in the area of child protection; juvenile offender assistance; economic support; outpatient mental health and substance abuse; serious mental illness community support; care management for the frail elderly, developmentally disabled and physically disabled; and adult protection. At the end of the current fiscal year, the fund balance was \$3.0 million. The fund balance is 99.7% restricted with the remaining balance nonspendable. As a measure of the liquidity, fund balance represents 19.6% of total human services fund expenditures of \$15.4 million.

The fund balance of Sauk County's human services fund decreased \$488,000 after transfers to the general fund of unneeded funds in accordance with the fund balance policy.

Debt Service Fund: The other major governmental fund of Sauk County is the debt service fund. This fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for the payment of general long-term debt principal, interest, and related costs. In anticipation of increased future debt requirements, the County has accumulated \$445,000 of fund balance to level the future impact to the property tax levy.

As of the end of the current fiscal year, Sauk County's enterprise funds reported combined ending net position of \$16.5 million, an increase of \$1.7 million in comparison to the prior year (as restated for pension reporting). Approximately 35.6% of this total amount constitutes unrestricted net position, which is available for spending at the government's discretion. The remainder of net position is net investment in capital assets.

Highway Fund: The highway fund reports the operations of Sauk County to maintain the County's roadways and contract with the state and other local municipalities to maintain their roadways. At the end of the current fiscal year, unrestricted net position of the highway fund was \$4.8 million, while total net position reached \$12.0 million. Total net position is an increase from the restated prior year of \$1.2 million. This indicates a favorable year.

Health Care Center Fund: The health care center fund contains the operations of the County's nursing home. In 2015, net position increased \$493,000 excluding the restatement for pension purposes, largely related to increased operating revenues.

BUDGETARY HIGHLIGHTS

Sauk County adopts a budget for all funds of the County at the department level of expenditure. Throughout the year, as additional information becomes available, such as the receipt of funds not originally budgeted or not receiving funds that were anticipated in the original budget, budget amendments can be made. All unspent appropriations lapse to unassigned fund balances at year-end unless specifically re-appropriated by County Board action.

SUPPLEMENTARY APPROPRIATIONS

General Fund: Supplementary appropriations totaled \$3,866,272, much of which (\$3,583,309) was carryforward of funds previously appropriated in 2014 for projects that were not completed and related interdepartmental charges. Much of the remainder was appropriation of additional grant funds received.

SAUK COUNTY

UNAUDITED MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended December 31, 2015

BUDGETARY HIGHLIGHTS (cont.)

SUPPLEMENTARY APPROPRIATIONS (CONT.)

Special Revenue Funds: Supplementary appropriations totaled \$2,179,319, of which \$295,198 was carryforward of funds previously appropriated in 2014 for projects that were not completed or uses of segregated fund balance for specific programs. Much of the remainder was transfer of unneeded Human Services fund balance to the general fund (\$1,857,618) and appropriation of additional grant funds received.

Enterprise Funds: Supplementary appropriations totaled \$73,075 comprised of carryforward of funds previously appropriated in 2014 and additional grant funds.

BUDGET TO ACTUAL COMPARISONS – GENERAL FUND

Sauk County's general fund budget was constructed to use \$3.4 million of general fund balance. Slightly more than \$1.0 million of this was budgeted use in the originally adopted budget for contingent costs, such as vacancy and turnover of staff; these funds were not needed. Capital projects were deferred to 2016 or accomplished within budget showing a favorable budget variance of \$1.7 million. Additionally revenue budgets were exceeded in transfers from Human Services of \$1.8 million and sales tax of \$1.4 million.

CAPITAL ASSETS AND DEBT

CAPITAL ASSETS

Sauk County's investment in capital assets for governmental activities as of December 31, 2015 amounted to \$98.4 million (net of depreciation), a net increase of \$4.7 million. This investment in capital assets includes land, buildings, improvements, machinery and equipment. Completed UW-Baraboo/Sauk County science building along with routine reconstructed roadways, infrastructure and equipment replacement result in this net increase (including construction in progress).

The County's investment in business-type activities capital assets as of December 31, 2015 was \$20.7 million (net of depreciation), essentially unchanged from the prior year. Increases consisted primarily of routine highway equipment replacement.

More detailed capital asset information can be found in Note IV. D. Capital Assets of the financial statements.

DEBT

Sauk County had \$20.1 million in general obligation notes and bonds outstanding as of December 31, 2015. \$9.1 million of this amount is for governmental activities. The remaining \$11.0 million was issued as financing for construction of a replacement skilled nursing facility and is reported in business-type activities.

The County's general obligation bond rating by Moody's Investor Services, Inc. is Aa1.

More detailed debt information can be found in Note IV. F. Long-Term Obligations of the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Sauk County's equalized valuations have strengthened with a 2015 increase of 5.48% exclusive of tax incremental financing districts. The County continues to monitor this trend. The Wisconsin Dells/Lake Delton area, including six tax incremental financing districts in these municipalities, continues to be a strong driver for Sauk County. Also, an artery from Madison to Wisconsin Dells through Sauk County is Highway 12, which continues to be widened and expanded over the next few years. With this growth comes additional costs for infrastructure maintenance and government services that are provided by the County.

SAUK COUNTY

UNAUDITED MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended December 31, 2015

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES (cont.)

Sauk County's 2016 budget includes a \$304,932, or 1.02%, increase in property tax dollars levied to \$30.1 million. Major initiatives include priorities in development of a Nurse Family Partnership program to assist at-risk first-time mothers, emphasis on countywide placemaking as a regional economic driver, and expansion of the criminal justice coordinating program into a drug court. Total expenditures, for all County funds, are budgeted to be \$80 million. The County continues to adjust to changing economic conditions, resulting in the ability to maintain services without the use of fund balance to supplement diminishing revenue streams. In development of the budget, all known factors were included in the projections. As additional information becomes available throughout the year, the budget will be amended by the County Board.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of Sauk County's finances and to provide a glimpse at plans for the future and how those plans may affect the financial health of the County. Questions concerning any of the information provided in this report or requests for additional financial information can be directed to the Sauk County Accounting Department, 505 Broadway, Baraboo, WI 53913, 608-355-3237, www.co.sauk.wi.us.

SAUK COUNTY

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES For the Year Ended December 31, 2015

Net change in fund balances - total governmental funds	\$ 1,118,433
--	--------------

Amounts reported for governmental activities in the statement of activities
are different because:

Governmental funds report capital outlays as expenditures. However, in the
statement of net position the cost of these assets is capitalized and they are
depreciated over their estimated useful lives with depreciation expense reported
in the statement of activities.

Capital asset additions are reported as capital outlay in the fund financial statements, but are capitalized in the government-wide financial statements	4,526,638
Some items reported as capital outlay in the fund financial statements are not capitalized in the government-wide statements	(387,440)
Depreciation is reported in the government-wide statements	(3,944,667)
Infrastructure financed by the highway fund	5,166,343
Governmental assets transferred to the health care center fund	(262,420)
Net book value of assets retired	(445,900)

Receivables not currently available are reported as unearned revenue in the fund financial
statements but are recognized as revenue when earned in the government-wide
financial statements.

Government charges	13,464
Government grants	(89,515)
Investment income	(392)
Delinquent taxes	(84,202)
Loans	(49,201)

Debt and lease proceeds provide current financial resources to governmental funds,
but issuing these obligations increases long-term liabilities in the statement of net
position. Repayment of principal is an expenditure in the governmental funds, but the
repayment reduces long-term liabilities in the statement of net position.

Principal repaid	869,928
Unamortized debt premium	34,539

Some expenses in the statement of activities do not require the use of
current financial resources and, therefore, are not reported as expenditures
in the governmental funds.

Compensated absences	27,451
Other postemployment benefits	(42,917)
Accrued interest on debt	5,353
Landfill post-closure care	(117,598)
Net pension asset	(2,437,490)
Deferred outflows of resources related to pensions	2,549,866

Change in internal service fund net position attributable to governmental activities	<u>91,157</u>
--	---------------

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	<u>\$ 6,541,430</u>
--	----------------------------

See accompanying notes to financial statements.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Sauk County, Wisconsin conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The accepted standard-setting body for establishing governmental accounting and financial reporting principles is the Governmental Accounting Standards Board (GASB).

A. REPORTING ENTITY

This report includes all of the funds of Sauk County. The reporting entity for the County consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading. Sauk County has not identified any organizations that meet this criteria.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

In June 2012, the GASB issued statement No. 68 – *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*. This statement establishes standards for measuring and recognizing assets, liabilities, deferred outflows of resources, deferred inflows of resources and expense/expenditures related to pensions. In November 2013, the GASB issued statement No. 71 – *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*. These statements were implemented January 1, 2015.

Government-Wide Financial Statements

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The County does not allocate indirect expenses to functions in the statement of activities. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as general revenues. Internally dedicated resources are reported as general revenues rather than as program revenues.

Fund Financial Statements

Financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, liabilities, deferred inflows of resources, net position/fund balance, revenues, and expenditure/expenses.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Fund Financial Statements (cont.)

Separate financial statements are provided for governmental funds and proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Funds are organized as major funds or non-major funds within the governmental and proprietary statements. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the County or meets the following criteria:

1. Total assets, liabilities, deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
2. The same element of the individual governmental fund or enterprise fund that met the 10% test is at least 5% of the corresponding total for all governmental and enterprise funds combined.
3. In addition, any other governmental or proprietary fund that the County believes is particularly important to financial statement users may be reported as a major fund.

Separate financial statements are provided for governmental funds and proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The County reports the following major governmental funds:

- General Fund – accounts for the County's primary operating activities. It is used to account for all financial resources except those accounted for and reported in another fund.
- Human Services Fund – used to account for and report grants and local revenues legally restricted or committed to supporting expenditures for the human services program.
- Debt Service Fund – used to account for and report financial resources that are restricted, committed, or assigned to expenditure for the payment of general long-term debt principal, interest, and related costs.

The County reports the following major enterprise funds:

- Highway Fund – accounts for the maintenance and repair of infrastructure assets in the County.
- Health Care Center Fund – accounts for operations of the County's health care facility.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Fund Financial Statements (cont.)

The County reports the following non-major governmental and enterprise funds:

Special Revenue Funds – used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes (other than debt service or capital projects).

Aging and Disability Resource Center

County Jail

Land Records Modernization

Landfill Remediation

Drug Seizures

Community Development Block Grant – Economic Development (CDBG-ED) Revolving Loans

Community Development Block Grant – Flood Relief Small Business (CDBG FRSB)
Revolving Loans

Community Development Block Grant – Emergency Assistance Program (CDBG EAP)

Community Development Block Grant – Housing Rehabilitation (CDBG-Housing Rehab)

Dog License

In addition, the County reports the following fund types:

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the County, or to other governmental units, on a cost-reimbursement basis.

Self-Insurance

Workers' Compensation

Agency funds are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, and/or other governmental units.

Officers' Range Association

Tri-County Airport

Clerk of Courts

Huber Trust

Tax Collection

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

Government-Wide Financial Statements

The government-wide statement of net position and statement of activities are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Taxes receivable for the following year are recorded as receivables and deferred inflows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met. Special assessments are recorded as revenue when earned. Unbilled receivables are recorded as revenues when services are provided.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are services provided and used between various functions of the County. Elimination of these charges would distort the direct costs and program revenues reported for the functions concerned.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period except for aging and disability resource center and human services reimbursable grants, for which available is defined as 180 days. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on long-term debt, claims, judgments, compensated absences, and pension expenditures, which are recorded as a fund liability when expected to be paid with expendable available financial resources.

Property taxes are recorded in the year levied as receivables and deferred inflows. They are recognized as revenues in the succeeding year when services financed by the levy are being provided.

Sales taxes are recognized as revenues in the year in which the underlying sales relating to it take place.

Intergovernmental aids and grants are recognized as revenues in the period the County is entitled to the resources and the amounts are available. Amounts owed to the County which are not available are recorded as receivables and unavailable revenues. Amounts received before eligibility requirements (excluding time requirements) are met are recorded as liabilities. Amounts received in advance of meeting time requirements are recorded as deferred inflows.

Revenues susceptible to accrual include property taxes, miscellaneous taxes, public charges for services, special assessments and interest. Other general revenues such as fines and forfeitures, inspection fees, recreation fees, and miscellaneous revenues are recognized when received in cash or when measurable and available under the criteria described above.

Proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as described previously in this note. Agency funds follow the accrual basis of accounting and do not have a measurement focus.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (cont.)

Government-Wide Financial Statements (cont.)

The proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Highway Fund and Health Care Center are charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

All Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY

1. Deposits and Investments

For purposes of the statement of cash flows, the County considers all highly liquid investments with an initial maturity of three months or less when acquired to be cash equivalents.

Investment of County funds is restricted by state statutes. Available investments are limited to:

- a. Time deposits in any credit union, bank, savings bank or trust company maturing in three years or less.
- b. Bonds or securities of any county, city, drainage district, technical college district, village, town, or school district of the state. Also, bonds issued by a local exposition district, a local professional baseball park district, a local professional football stadium district, a local cultural arts district, the University of Wisconsin Hospitals and Clinics Authority, or the Wisconsin Aerospace Authority.
- c. Bonds or securities issued or guaranteed by the federal government.
- d. The local government investment pool.
- e. Any security maturing in seven years or less and having the highest or second highest rating category of a nationally recognized rating agency.
- f. Securities of an open-end management investment company or investment trust, subject to various conditions and investment options.
- g. Repurchase agreements with public depositories, with certain conditions.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

1. Deposits and Investments (cont.)

Custodial Credit Risk

Custodial credit risk is the risk that in the event of the failure of the custodian holding the County's deposits and investments, the deposits and investments may not be returned. County policy minimizes this risk by requiring all principal and interest outside the Wisconsin Local Government Investment Pool to be insured or collateralized to their full value. Any bank account including certificates of deposit with a balance greater than the bank's deposit insurance or the State Deposit Guarantee Fund must be collateralized at 100% of the collateral's market value by written agreement with the bank. The County was not in compliance at year end. See Note IV.A.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. County policy limits investments to the unrated Wisconsin Local Government Investment Pool or investments rated in the highest or second highest rating categories as issued by nationally recognized statistical rating organizations, unless properly collateralized or insured.

Interest Rate Risk

The County's investment policies seek to ensure preservation of capital in the County's overall portfolio. Return on investment is of secondary importance to safety of principal and liquidity. County policy limits the County to investments with a remaining maturity of no more than three years. The policy further limits the weighted average maturity of the County's investment portfolio to no more than one year.

Concentration of Credit Risk

Concentration of credit risk is the risk associated with a lack of diversification of having significant funds invested in a few individual issuers, thereby exposing the County to greater risks resulting from adverse economic, regulatory, geographic or credit developments. County policy states that the County will generally invest no more than 5% of its funds that are not properly collateralized or insured in a single issuer. Obligations of the U.S. government, mutual funds, external investment pools, and other pooled investments are excluded from this requirement.

Foreign Currency Risk

The County does not invest in securities of foreign issuers or in securities denominated in a currency other than the U.S. dollar.

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on quoted market prices. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income. The difference between the book balance and carrying value is due to outstanding checks and/or deposits in transit.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

1. Deposits and Investments (cont.)

The Wisconsin Local Government Investment Pool (LGIP) is part of the State Investment Fund (SIF), and is managed by the State of Wisconsin Investment Board. The SIF is not registered with the Securities and Exchange Commission, but operates under the statutory authority of Wisconsin Chapter 25. The SIF reports the fair value of its underlying assets annually. Participants in the LGIP have the right to withdraw their funds in total on one day's notice. At December 31, 2015, the fair value of the County's share of the LGIP's assets was substantially equal to the amount as reported in these statements.

See Note IV. A. for further information.

2. Receivables

Property taxes are levied in December on the assessed value as of the prior January 1. In addition to property taxes for the County, taxes are collected for and remitted to the state and municipal governments as well as the local school district and technical college district. Taxes for the state billed in the current year for the succeeding year are reflected as receivables and due to other taxing units on the accompanying agency fund statement of fiduciary net position.

Property tax calendar – 2015 tax roll:

Lien date and levy date	December 2015
Tax bills mailed	December 2015
Payment in full, or	January 31, 2016
First installment due	January 31, 2016
Second installment due	July 31, 2016
Personal property taxes in full	January 31, 2016
Tax sale – 2015 delinquent real estate taxes	October 2018

Property taxes are due in the year subsequent to levy on the last day of January, and collected by local treasurers through that date, at which time unpaid taxes are assigned to the County and appropriate receivables and payables are recorded. Tax collections become the responsibility of the County and taxes receivable include unpaid taxes levied for all taxing entities within the County. The County makes restitution to local districts in August for payables recorded at the settlement date without regard to collected funds. A lien is placed on all properties for which a portion of the current tax levy remains unpaid as of September 1. The interest and penalties on taxes not paid within 60 days of the end of the current fiscal period is shown as unavailable revenue until it is received in cash.

Accounts receivable have been shown net of an allowance for uncollectible accounts. No allowance for uncollectible delinquent taxes has been provided because of the County's demonstrated ability to recover any losses through the sale of the applicable property.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

2. Receivables (cont.)

All CDBG loans have been originally funded by external grant funds. Loans receivable issued from CDBG-ED, CDBG-FRSB, and CDBG-Housing Rehabilitation revolving loan funds are shown net of an allowance for uncollectible accounts. The principal balances are also shown as unavailable revenues to be recognized when repayment is received. Interest received from loan repayments is recognized as revenue when received in cash. When new loans are made from the repayments, expenditures are recorded. Any unspent loan repayments at year end are presented as restricted fund balance in the fund financial statements.

Loans receivable issued from the CDBG-EAP fund are considered forgivable loans. A portion of loan principal is forgiven each year so long as the recipient of the loans remains in business. Any remaining principal is due if the business ceases operation. Since these loans are intended to not be repaid, the grant revenue was recognized at the date of loan issuance. Any unspent loan repayments at year end are presented as restricted fund balance in the fund financial statements.

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as “due to and from other funds.” Long-term interfund loans (noncurrent portion) are reported as “advances from and to other funds.” Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances”.

The County has a 0.5% sales tax which is collected by the State of Wisconsin and remitted to the County monthly. Sales tax is accrued as a receivable when the underlying sale relating to it takes place. At December 31, 2015, the County has accrued two months of subsequent year collections as receivable.

In the governmental fund financial statements, advances to other funds are offset equally by a fund balance reserve account which indicates that they do not constitute expendable available financial resources and, therefore, are not available for appropriation.

3. Inventories and Prepaid Items

Governmental fund inventory items are charged to expenditure accounts when purchased. Year end inventory was not significant. Proprietary fund inventories are generally used for construction and for operation and maintenance work. They are not for resale. They are valued at cost using the first-in, first-out method, and charged to construction and/or operation and maintenance expense when used.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The related expenditure is recognized proportionately over the periods that service is provided.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

4. Restricted Assets

Mandatory segregation of assets is presented as restricted assets. Such segregation is required by bond agreements and other external parties. Current liabilities payable from these restricted assets are so classified. The excess of restricted assets over current liabilities payable from restricted assets will be used first for retirement of related long-term debt. The remainder, if generated from earnings, is shown as restricted net position.

5. Capital Assets

Government-Wide Statements

Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements. Capital assets are defined by the government as assets with an initial cost of more than \$5,000 for general capital assets and \$5,000 - \$80,000 for infrastructure assets, and an estimated useful life in excess of one year. All capital assets are valued at historical cost or estimated historical cost if actual amounts are unavailable. Donated capital assets are recorded at their estimated fair value at the date of donation.

Additions to and replacements of capital assets of business-type activities are recorded at original cost, which includes material, labor, overhead, and an allowance for the cost of funds used during construction when significant. For tax-exempt debt, the amount of interest capitalized equals the interest expense incurred during construction netted against any interest revenue from temporary investment of borrowed fund proceeds. No net interest was capitalized during the current year. The cost of renewals and betterments relating to retirement units is added to plant accounts. The cost of property replaced, retired or otherwise disposed of, is deducted from plant accounts and, generally, together with removal costs less salvage, is charged to accumulated depreciation.

Depreciation and amortization of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation and amortization reflected in the statement of net position. Depreciation and amortization are provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings	50-150 Years
Building Improvements	5-80 Years
Land Improvements	20-50 Years
Machinery and Equipment	5-50 Years
Vehicles	5-20 Years
Infrastructure	10-100 Years
Intangibles	10-30 Years

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same way as in the government-wide statements.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

6. Deferred Outflows of Resources

A deferred outflow of resources represents a consumption of net position/fund balance that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that future time.

7. Compensated Absences

Under terms of employment, employees are granted sick leave, vacation, executive leave, and compensatory time in varying amounts. Only benefits considered to be vested are disclosed in these statements.

All vested vacation, sick, executive, and compensatory pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements, or are payable with expendable available resources.

Payments for vacation, sick, executive and compensatory leaves will be made at rates in effect when the benefits are used. Accumulated compensated absence liabilities at December 31, 2015 are determined on the basis of 2015 current salary rates and include salary related payments.

8. Long-Term Obligations

All long-term obligations to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term obligations consist primarily of notes and bonds payable, and accrued compensated absences.

Long-term obligations for governmental funds are not reported as liabilities in the fund financial statements. The face value of debts (plus any premiums) is reported as other financing sources and payments of principal and interest are reported as expenditures. The accounting in proprietary funds is the same as it is in the government-wide statements.

For the government-wide statements and proprietary fund statements, bond premiums and discounts are amortized over the life of the issue using the effective interest method. The balance at year end is shown as an increase or decrease in the liability section of the statement of net position.

The County does not engage in conduit debt transactions.

9. Deferred Inflows of Resources

A deferred inflow of resources represents an acquisition of net position/fund balance that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

10. Equity Classifications

Government–Wide Statements

Equity is classified as net position and displayed in three components:

1. Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances (excluding unspent debt proceeds) of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
2. Restricted net position – Consists of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.
3. Unrestricted net position – All other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

When both restricted and unrestricted resources are available for use, it is the County’s policy by Financial Policy 5-94 to use restricted resources first, then unrestricted resources as they are needed.

Fund Statements

Governmental fund balances are displayed as follows:

- a. Nonspendable – Includes fund balance amounts that cannot be spent either because they are not in spendable form or because legal or contractual requirements require them to be maintained intact.
- b. Restricted – Consists of fund balances with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.
- c. Committed – Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority. Fund balance amounts are committed through a formal action (resolution) of the County. This formal action must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the County that originally created the commitment.
- d. Assigned – Includes spendable fund balance amounts that are intended to be used for specific purposes that are not considered restricted or committed. Fund balance may be assigned through the following: 1) The County has adopted a financial policy manual authorizing the Finance Committee to assign amounts for a specific purpose. 2) All remaining positive spendable amounts in governmental funds, other than the general fund, that are neither restricted nor committed. Assignments may take place after the end of the reporting period.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

10. Equity Classifications (cont.)

Fund Statements (cont.)

- e. Unassigned – Includes residual positive fund balance within the general fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those purposes.

The County considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents / contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the County would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The County has a formal minimum fund balance policy. That policy is to maintain a working capital fund of 25% of subsequent year expenditures in all funds except internal service funds. The balance at year end was \$14,452,129, or 25%, and is included in unassigned general fund balance.

See Note IV. I. for further information.

Proprietary fund equity is classified the same as in the government-wide statements.

NOTE II – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND BALANCE SHEET AND THE STATEMENT OF NET POSITION

The governmental fund balance sheet includes a reconciliation between *fund balance – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position.

Long-term liabilities applicable to the County's governmental activities are not due and payable in the current period, and accordingly, are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities—both current and long-term—are reported in the statement of net position.

Bonds and notes payable	\$ 9,079,464
Plus: Issuance premium (to be amortized as a reduction to interest expense)	60,443
Compensated absences	2,867,967
Workers compensation	195,157
Post employment benefits	459,112
Landfill post-closure liability	1,958,686
Accrued interest	83,174
	<hr/>
Combined Adjustment for Long-Term Liabilities	<u>\$ 14,704,003</u>

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE III – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. LIMITATIONS ON THE COUNTY'S TAX LEVY

Wisconsin law limits the county's future tax levies. Generally, the county is limited to its prior tax levy dollar amount (excluding TIF districts), increased by the greater of the percentage change in the county's equalized value due to new construction, or zero percent. Changes in debt service from one year to the next are generally exempt from this limit with certain exceptions. The county is required to reduce its allowable levy by the estimated amount of fee revenue it collects for certain services, if those services were funded in 2013 by the property tax levy. Levies can be increased above the allowable limits if the amount is approved by referendum.

NOTE IV – DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

The County's deposits and investments at year end were comprised of the following:

	Carrying Value	Bank and Investment Balances	Associated Risks
Deposits	\$ 35,289,865	\$ 35,660,821	Custodial credit risk
LGIP	12,354,981	12,354,981	Credit risk
Petty cash and cash on hand	5,608	5,795	N/A
Total Cash and Investments	<u>\$ 47,650,454</u>	<u>\$ 48,021,597</u>	
Reconciliation to financial statements			
Per statement of net position			
Unrestricted cash and investments	\$ 46,825,491		
Restricted cash and investments	8,862		
Per statement of assets and liabilities			
Agency Funds	<u>816,101</u>		
Total Cash and Investments	<u>\$ 47,650,454</u>		

Deposits in each local and area bank are insured by the FDIC in the amount of \$250,000 for time and savings accounts (including NOW accounts) and \$250,000 for demand deposit amounts (interest-bearing and noninterest bearing). In addition, if deposits are held in an institution outside of the state in which the government is located, insured amounts are further limited to a total of \$250,000 for the combined amount of all deposits.

Bank accounts are also insured by the State Deposit Guarantee Fund in the amount of \$400,000. However, due to the nature of this fund, recovery of material principal losses may not be significant to individual municipalities. This coverage has been considered in computing custodial credit risk.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

The County maintains collateral agreements with some of its banks. As of December 31, 2015, the banks had pledged various government securities in the amount of \$6,367,618 to secure the County's deposits.

Custodial Credit Risk

As of December 31, 2015, the carrying amount of the County's deposits and investments was \$35,289,865 and the bank balance was \$35,660,821. \$35,639,720 of the bank balance was covered by Federal and State depository insurance or by collateral held by the County's agent in the County's name. \$21,101 of the County's total bank balances were exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$ <u>21,101</u>
--------------------------------	------------------

Investments - For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

The County does not have any investments exposed to custodial credit risk.

Credit Risk

As of December 31, 2015, the County had investments in the following external pool which is not rated:

Local government investment pool

B. RECEIVABLES

All receivables as of year end are expected to be collected within one year except for the funds listed as follows:

	<u>General</u>	<u>Non-Major Funds</u>	<u>Health Care Center</u>
Amounts not expected to be collected within one year	\$ <u>1,192,787</u>	\$ <u>953,941</u>	\$ <u>7,292</u>

Receivables of the County are reported net of uncollectible amounts. Total uncollectible amounts related to receivables as of year end are as follows:

	<u>General</u>	<u>Human Services</u>	<u>Non-Major Funds</u>	<u>Health Care Center</u>
Uncollectible amounts	\$ <u>14,185</u>	\$ <u>75,801</u>	\$ <u>120,215</u>	\$ <u>24,726</u>

Governmental funds report *unavailable or unearned revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Property taxes levied for the subsequent year are not earned and cannot be used to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

B. RECEIVABLES (cont.)

At the end of the current fiscal year, the various components of *unavailable revenue and unearned revenue* reported in the governmental funds were as follows:

	Unearned	Unavailable
Property taxes receivable for subsequent year	\$ 24,002,867	\$ -
Delinquent property taxes receivable	-	505,452
Accounts and grants receivable not received within 60 days of year end	-	952,068
2016 revenues received in 2015	<u>94,506</u>	<u>-</u>
Total Unearned/Unavailable Revenue for Governmental Funds	<u>\$ 24,097,373</u>	<u>\$ 1,457,520</u>
Unearned revenue included in liabilities	\$ 94,506	
Unearned revenue included in deferred inflows	<u>24,002,867</u>	
Total Unearned Revenue for Governmental Funds	<u>\$ 24,097,373</u>	

Delinquent property taxes purchased from other taxing authorities are reflected as nonspendable fund balance at year end. Delinquent property taxes collected within sixty days subsequent to year end are considered to be available for current expenditures and are therefore excluded from the nonspendable portion of fund balances. For the year ended December 31, 2015, such collections aggregated \$271,794, of which \$58,634 was levied by the County. Delinquent property taxes levied by the County are reflected as unavailable revenue and are excluded from the fund balance until collected. At December 31, 2015, delinquent property taxes by year levied consists of the following:

	Total	County Levied (Deferred Inflows of Resources)	County Purchased (Nonspendable Fund Balance)
Tax Certificates			
2014	\$ 888,582	\$ 195,891	\$ 692,691
2013	489,314	103,087	386,227
2012	231,833	49,106	182,727
2011	36,415	7,797	28,618
2010	15,282	3,237	12,045
2009	7,395	1,636	5,759
2008	165	37	128
2007	133	30	103
2006	135	32	103
2005	137	32	105
Tax deeds	<u>420,851</u>	<u>203,201</u>	<u>217,650</u>
Total Delinquent Property Taxes Receivable	<u>\$ 2,090,242</u>	<u>\$ 564,086</u>	<u>\$ 1,526,156</u>

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

C. RESTRICTED ASSETS

The following represent the balances of the restricted assets:

Residents' Funds - The Health Care Center holds funds for its residents for their personal use. Restricted resident funds at December 31, 2015 were \$8,862.

Net Pension Asset – Restricted assets have been reported in connection with the net pension asset balance since this balance must be used to fund employee benefits.

D. CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2015 was as follows:

	Beginning Balance	Additions	Deletions	Ending Balance
Governmental Activities				
Capital assets not being depreciated/ amortized				
Land	\$ 1,765,190	\$ -	\$ -	\$ 1,765,190

Depreciation expense was charged to functions as follows:

Business-type Activities

Highway	\$ 725,532
Health Care	479,781
	<hr/>
Total Business-type Activities Depreciation Expense	\$ 1,205,313

Additions to accumulated depreciation do not equal depreciation expense due to salvage value associated with the disposal of assets.

E. INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS

Interfund Receivables/Payables

The following is a schedule of interfund receivables and payables including any overdrafts on pooled cash and investment accounts:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General fund	Nonmajor governmental funds	\$ 123,155
General fund	Internal service funds	7,645
Debt service	General fund	442,745
Human services	General fund	2,235,853
Nonmajor governmental funds	General fund	1,028,128
Health care center	General fund	837,974
Highway	General fund	2,238,194
Internal service funds	General fund	1,017,728
Subtotal – Fund financial statements		<hr/> 7,931,422
Less: Internal service fund allocations		(503,521)
Less: Fund eliminations		<hr/> (3,848,212)
Total – Government-Wide Statement of Net Position		<hr/> <hr/> \$ 3,579,689

All interfund balances are due within one year.

The principal purpose of these interfunds is a result of the general fund holding cash for operational revenues and expenditures in other funds.

All remaining balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

E. INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS (cont.)

Interfund Transfers

The following is a schedule of interfund transfers:

<u>Fund Transferred To</u>	<u>Fund Transferred From</u>	<u>Amount</u>	<u>Principal Purpose</u>
General fund	Health Care Center	\$ 693,498	Transfer supplemental payment grant
General fund	Health Care Center	2,548	Interfund investment income
General fund	Human Services	1,878,948	Excess fund balance returned
General fund	Human Services	7,973	Interfund investment income
General fund	Highway	5,065	Interfund investment income
CDBG-ED revolving loan	CDBG-FRSB	28,277	FRSB loan payment
Debt service	General fund	1,569,216	Sales taxes used for debt payments
Debt service	County jail	98,123	Assessment fees used for debt payments
Health Care Center	General fund	1,193,724	Sales taxes used for debt payments
Health Care Center	General fund	91,902	Home Care over budget transfer
Subtotal – Fund Financial Statements		5,569,274	
Add: Contributions from Highway to Governmental Activities		5,166,343	
Less: Contributions to Health Care Center from Governmental Activities		(262,420)	
Less: Fund eliminations		(3,582,537)	
Less: Government-wide adjustments		(2,571,251)	
Total – Government-Wide Statement of Activities		<u>\$ 4,319,409</u>	

<u>Transferred To</u>	<u>Transferred From</u>	<u>Amount</u>
Governmental activities	Business-type activities	\$ 5,867,454
Business-type activities	Governmental activities	(1,548,045)
Total		<u>\$ 4,319,409</u>

Generally, transfers are used to (1) move revenues from the fund that collects them to the fund that the budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

F. LONG-TERM OBLIGATIONS (cont.)

General Obligation and Other Debt

All general obligation notes and bonds payable are backed by the full faith and credit of the County. Notes and bonds in the governmental funds will be retired by future property tax levies accumulated by the debt service fund. Business-type activities debt is payable by revenues from user fees of those funds or, if the revenues are not sufficient, by future tax levies.

In accordance with Wisconsin Statutes, total general obligation indebtedness of the County may not exceed five percent of the equalized value of taxable property within the County's jurisdiction. The debt limit as of December 31, 2015 was \$341,473,610. Total general obligation debt outstanding at year end was \$20,145,000.

Governmental Activities	Date of Issue	Final Maturity	Interest Rates	Original Indebtedness	Balance 12-31-15
General Obligation Debt					
Refunding bonds	12/29/05	10/1/21	3.50 – 4.00%	\$ 10,000,000	\$ 7,345,000

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

F. LONG-TERM OBLIGATIONS (cont.)

Other Debt Information

Estimated payments of compensated absences, workers compensation, other post employment benefits, and the landfill post-closure liability are not included in the debt service requirement schedules. The compensated absences liability and other post employment benefits obligation attributable to governmental activities will be liquidated primarily by the general fund. The workers compensation liability will be liquidated by the internal service fund. See Note IV.H. for more information about the landfill post-closure liability.

Prior-Year Defeasance of Debt

In prior years, the County defeased certain general obligation and other bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the County's financial statements. At December 31, 2015, \$10,360,000 of bonds outstanding are considered defeased.

G. LEASE DISCLOSURES

The County has no material leases as lessee or lessor.

H. CLOSURE AND POSTCLOSURE CARE COST

State and federal laws and regulations require the County to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 40 years after closure. Although closure and postclosure care costs are paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$1,958,686 reported as landfill closure and postclosure care liability at December 31, 2015 represents the cumulative amount reported to date based on the use of 100% of the estimated capacity of the landfill less amounts actually paid for postclosure. These amounts are based on what it would cost to perform all postclosure care in 2015. The County did cease accepting waste in 2006, and closure activities were completed in 2007. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

The County is required by state and federal laws and regulations to make annual contributions to the Wisconsin Department of Natural Resources (DNR) to a trust to finance closure and postclosure care. The County is in compliance with these requirements. \$2,003,052 is held with the DNR for postclosure care. The County expects that future inflation costs will be paid from interest earnings. However, if interest earnings are inadequate or additional postclosure care requirements are determined (due to changes in technology or applicable laws or regulations, for example) these costs may need to be covered by from future tax revenues.

NOTE V – OTHER INFORMATION

A. EMPLOYEES' RETIREMENT SYSTEM

Summary of Significant Accounting Policies

Pension. For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Wisconsin Retirement System (WRS) and additions to/deductions from WRS' fiduciary net position have been determined on the same basis as they are reported by WRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information About the Pension Plan

Plan description. The WRS is a cost-sharing multiple-employer defined benefit pension plan. WRS benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. Benefit terms may only be modified by the legislature. The retirement system is administered by the Wisconsin Department of Employee Trust Funds (ETF). The system provides coverage to all eligible State of Wisconsin, local government and other public employees. All employees, initially employed by a participating WRS employer on or after July 1, 2011, and expected to work at least 1200 hours a year and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS.

Vesting. For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998, and prior to July 1, 2011, are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011, must have five years of creditable service to be vested.

Benefits provided. Employees who retire at or after age 65 (54 for protective occupation employees, 62 for elected officials and State executive participants) are entitled to receive an unreduced retirement benefit. The factors influencing the benefit are: (1) final average earnings, (2) years of creditable service, and (3) a formula factor.

Final average earnings is the average of the participant's three highest years' earnings. Creditable service is the creditable current and prior service expressed in years or decimal equivalents of partial years for which a participant receives earnings and makes contributions as required. The formula factor is a standard percentage based on employment category.

Employees may retire at age 55 (50 for protective occupation employees) and receive reduced benefits. Employees terminating covered employment before becoming eligible for a retirement benefit may withdraw their contributions and forfeit all rights to any subsequent benefits.

The WRS also provides death and disability benefits for employees.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE V – OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Post-retirement adjustments. The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance in accordance with s. 40.27, Wis. Stat. An increase (or decrease) in annuity payments may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by the system's consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core annuities, decreases may be applied only to previously granted increases. By law, Core annuities cannot be reduced to an amount below the original, guaranteed amount (the "floor") set at retirement. The Core and Variable annuity adjustments granted during recent years are as follows:

Year	Core Fund Adjustment	Variable Fund Adjustment
2005	2.6%	7%
2006	0.8	3
2007	3.0	10
2008	6.6	0
2009	(2.1)	(42)
2010	(1.3)	22
2011	(1.2)	11
2012	(7.0)	(7)
2013	(9.6)	9
2014	4.7	25

Contributions. Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wisconsin Statutes. The employee required contribution is one-half of the actuarially determined contribution rate for General category employees and Executives and Elected Officials. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement.

During the reporting period, the WRS recognized \$2,053,596 in contributions from the County.

Contribution rates as of December 31, 2015 are:

Employee Category	Employee	Employer
General	6.8%	6.8%
Executives & Elected Officials	7.7%	7.7%
Protective with Social Security	6.8%	9.5%
Protective without Social Security	6.8%	13.1%

NOTE V – OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Pension Assets, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2015, the County reported an asset of \$5,196,712 for its proportionate share of the net pension asset. The net pension asset was measured as of December 31, 2014, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2013 rolled forward to December 31, 2014. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. The County's proportion of the net pension asset was based on the County's share of contributions to the pension plan relative to the contributions of all participating employers. At December 31, 2014, the County's proportion was 0.211568930%, which was a decrease of 0.002232340% from its proportion measured as of December 31, 2013.

For the year ended December 31, 2015, the County recognized pension expense of \$1,911,303.

At December 31, 2015, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>
Differences between expected and actual experience	\$ 753,361
Net differences between projected and actual earnings on pension plan investments	2,516,499
Changes in proportion and differences between employer contributions and proportionate share of contributions	60,606
Employer contributions subsequent to the measurement date	<u>2,122,416</u>
Total	<u>\$ 5,452,882</u>

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE V – OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

\$2,122,416 reported as deferred outflows related to pension resulting from the WRS Employer's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability (asset) in the year ended December 31, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year Ended December 31:	Deferred Outflows of Resources	Deferred Inflows of Resources
2016	\$ 814,699	\$ -
2017	814,699	-
2018	814,699	-
2019	814,698	-
2020	71,671	-

Actuarial assumptions. The total pension liability in the December 31, 2014 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Date:	December 31, 2013
Measurement Date of Net Pension Liability (Asset)	December 31, 2014
Actuarial Cost Method:	Entry Age
Asset Valuation Method:	Fair Market Value
Long-Term Expected Rate of Return:	7.2%
Discount Rate:	7.2%
Salary Increases:	
Inflation	3.2%
Seniority/Merit	0.2% - 5.8%
Mortality:	Wisconsin 2012 Mortality Table
Post-retirement Adjustments*:	2.1%

** No post-retirement adjustment is guaranteed. Actual adjustments are based on recognized investment return, actuarial experience and other factors. 2.1% is the assumed annual adjustment based on the investment return assumption and the post-retirement discount rate.*

Actuarial assumptions are based upon an experience study conducted in 2012 using experience from 2009 – 2011. The total pension liability for December 31, 2014 is based upon a roll-forward of the liability calculated from the December 31, 2013 actuarial valuation.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE V – OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Long-term expected return on plan assets. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Long-Term Real Rate of Return	Target Allocation
US Equities	5.3%	21%
International Equities	5.7	23
Fixed Income	1.7	36
Inflation Sensitive Assets	2.3	20
Real Estate	4.2	7
Private Equity/Debt	6.9	7
Multi-Asset	3.9	6
Cash	0.9	-20

Single discount rate. A single discount rate of 7.20% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.20% and a long term bond rate of 3.56%. Because of the unique structure of WRS, the 7.20% expected rate of return implies that a dividend of approximately 2.1% will always be paid. For purposes of the single discount rate, it was assumed that the dividend would always be paid. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments (including expected dividends) of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE V – OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Sensitivity of the County's proportionate share of the net pension asset to changes in the discount rate. The following presents the County's proportionate share of the net pension asset calculated using the discount rate of 7.20 percent, as well as what the County's proportionate share of the net pension asset would be if it were calculated using a discount rate that is 1-percentage-point lower (6.20 percent) or 1-percentage-point higher (8.20 percent) than the current rate:

	1% Decrease to Discount Rate (6.20%)	Current Discount Rate (7.20%)	1% Increase to Discount Rate (8.20%)
County's proportionate share of the net pension asset (liability)	\$(14,660,819)	\$5,196,712	\$20,879,386

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in separately issued financial statements available at <http://legis.wisconsin.gov/lab/> and reference report number 15-11.

At December 31, 2015, the County reported a payable to the pension plan of \$358,507, which represents contractually required contributions outstanding as of the end of the year.

B. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; and health care of its employees. The County purchases commercial insurance to provide coverage for losses from the risks listed above. However, other risks, such as liability and workers' compensation are accounted for and financed by the County in an internal service fund – the County insurance fund.

Self Insurance

For liability claims, the uninsured risk of loss is \$10,000 per incident and \$10,000,000 in aggregate limits for a policy year. The County has purchased commercial insurance for claims in excess of those amounts. Settled claims have not exceeded the commercial coverage in any of the past three years.

For workers' compensation claims, the uninsured risk of loss is \$50,000 per incident and \$500,000 in the aggregate for a policy year. The County has purchased commercial insurance for claims in excess of those amounts. Settled claims have not exceeded the commercial coverage in any of the past three years.

All funds of the County participate in the risk management program. Amounts payable to the County insurance fund are based on estimates of the amounts necessary to pay prior and current year claims deductible.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE V – OTHER INFORMATION (cont.)

B. RISK MANAGEMENT (cont.)

Public Entity Risk Pool

Wisconsin County Mutual Insurance Corporation

Sauk County and 54 other Wisconsin counties jointly participate in the Wisconsin County Mutual Insurance Corporation (WCMIC) for general and automobile liability insurance. The creation of WCMIC requires the establishment of capital reserves with each of the participating counties depositing amounts as specified in projected rates. This company began operation on January 1, 1988.

The County also participates in WCMIC for workers' compensation insurance. An actuarially determined estimate has been recorded for the County's retained liability, as well as for claims incurred but not reported at December 31, 2015. A total liability of \$195,157 at December 31, 2015 was recorded as claims payable and reported in the Workers' Compensation internal service fund. The entire amount is also recorded in the governmental activities column of the government-wide statements of net position. Changes in the claims loss liability follow:

	<u>Beginning Balance</u>	<u>Incurred Claims</u>	<u>Claims Paid/ Settled</u>	<u>Ending Balance</u>
2015	\$ 292,036	\$ 54,350	\$ 151,229	\$ 195,157
2014	300,381	147,490	155,835	292,036

The governing body is made up of 19 directors elected by the participating counties. The governing body has authority to adopt its own budget and control the financial affairs of the corporation.

Summary financial information of WCMIC as of December 31, 2015 can be obtained directly from WCMIC's offices.

C. COMMITMENTS AND CONTINGENCIES

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. The liability and expenditure for claims and judgments is only reported in governmental funds if it has matured. Claims and judgments are recorded in the government-wide statements and proprietary funds as expenses when the related liabilities are incurred.

From time to time, the County is party to various pending claims and legal proceedings. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the corporation counsel that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the County's financial position or results of operations.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE V – OTHER INFORMATION (cont.)

C. COMMITMENTS AND CONTINGENCIES (cont.)

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under terms of the grants. Management believes such disallowances, if any, would be immaterial.

The County has active construction projects as of December 31, 2015. Work that has been completed on these projects but not yet paid for (including contract retainages) is reflected as accounts payable and expenditures.

The County has an encumbrance outstanding at year end in the amount of \$341,205 which is expected to be honored upon performance by the vendor.

The Original Sauk County Landfill is on the National Priority List by the Environmental Protection Agency (EPA). The required five year report was completed in 2010. The County will apply for de-listing as the need for monitoring has decreased. As required, the Wisconsin Department of Natural Resources (DNR) will continue to maintain oversight of the landfill recovery.

Currently, Sauk County is budgeting for costs associated with the monitoring and cleanup of the original Sauk County Landfill on an annual basis. The amount of potential liability to Sauk County for costs associated with the cleanup and monitoring of the Original Sauk County Landfill cannot be estimated at this time. This potential liability may be material to these financial statements. However, other parties that may be found to have been partially responsible may be liable for some of the costs. In 1993 and 1992, individual parties entered into agreements with the County regarding this issue and paid \$1,078,000 and \$950,000, respectively, to the County to release them from future costs. In 2015, the County spent \$64,684 of these funds on site remediation and cost recovery activities. These funds are held in the Landfill Remediation special revenue fund.

On March 24, 1994, the State of Wisconsin, Department of Natural Resources, with concurrence from U.S. EPA, formally executed and issued a source control record of decision. This decision included such items as continued monitoring of groundwater, regarding of the landfill surface to promote drainage off of the landfill cover, fencing, installation of a gas extraction system, imposing deed restrictions to prohibit disturbance of the landfill cover, maintenance of the final cover to prevent erosion and contingency plans in the event that compliance with groundwater quality standards is not achieved in the future. The total cost of the above decision cannot be reasonably determined at this date.

D. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

The County's group health insurance plan provides coverage to active employees and retirees (or other qualified terminated employees) at blended premium rates. This results in another postemployment benefit (OPEB) for the retirees, commonly referred to as an implicit rate subsidy.

Plan requirements are established through collective bargaining agreements and County policies and may be amended only through negotiations between the County and the union. The retirees pay 100% of the premium amounts under the plan.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE V – OTHER INFORMATION (cont.)

D. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (cont.)

The County's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the County's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County's net OPEB obligation to the Retiree Health Plan:

Annual required contribution	\$ 94,610
Interest on net OPEB obligation	22,269
Adjustment to annual required contribution	<u>(22,126)</u>
Annual OPEB cost	94,753
Contributions made	<u>(35,929)</u>
Increase in Net OPEB Obligation	58,824
Net OPEB Obligation – Beginning of Year	<u>556,750</u>
Net OPEB Obligation – End of Year	<u><u>\$ 615,574</u></u>

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2015 and the past two previous years were as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
12/31/15	\$ 94,753	37.9%	\$ 615,574
12/31/14	94,631	34.8%	556,750
12/31/13	115,794	39.9%	495,080

The funded status of the plans as of January 1, 2015 the most recent actuarial valuation date, was as follows:

Actuarial accrued liability (AAL)	\$ 828,431
Actuarial value of plan assets	<u>-</u>
Unfunded Actuarial Accrued Liability (UAAL)	<u><u>\$ 828,431</u></u>
Funded ratio (actuarial value of plan assets/AAL)	0%
Covered payroll (active plan members)	\$ 27,347,663
UAAL as a percentage of covered payroll	3.0%

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE V – OTHER INFORMATION (cont.)

D. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (cont.)

Actuarial valuations of an ongoing plan involve estimates for the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan is understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and actuarial value of assets, consistent with the long-term perspective of the calculations.

In the actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions include a 4.0% investment rate of return and an annual healthcare cost trend rate of 9.0% initially, reduced by decrements to an ultimate rate of 5.0% after 8 years. Both rates include a 3.0% inflation assumption. The plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The amortization period at December 31, 2015 was 30 years.

E. JOINT VENTURE

Sauk County, Richland County and Iowa County jointly operate the local Tri-County Airport (airport). The counties share in the annual operation of the airport equally.

The governing body is made up of members from each County. The governing body has authority to adopt its own budget and control the financial affairs of the airport. The County made a payment totaling \$16,805 to the airport for 2015.

Financial information of the airport as of December 31, 2015 is available directly from the County.

F. RELATED ORGANIZATION

HOUSING AUTHORITY

The county's officials are responsible for appointing the board members of the Sauk County Housing Authority, but the county's accountability for this organization does not extend beyond making the appointments.

SAUK COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2015

NOTE V – OTHER INFORMATION (cont.)

G. EFFECT OF NEW ACCOUNTING STANDARDS ON CURRENT-PERIOD FINANCIAL STATEMENTS

The Governmental Accounting Standards Board (GASB) has approved the following:

- > Statement No. 72, *Fair Value Measurement and Application*
- > Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not Within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*
- > Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*
- > Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*
- > Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Government*
- > Statement No. 77, *Tax Abatement Disclosures*
- > Statement No. 78, *Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plans*
- > Statement No. 79, *Certain External Investment Pools and Pool Participants*
- > Statement No. 80, *Blending Requirements for Certain Component Units—an amendment of GASB Statement No. 14*
- > Statement No. 81, *Irrevocable Split-Interest Agreements*
- > Statement No. 82, *Pension Issues—an amendment of GASB Statements No. 67, No. 68, and No. 73*

When they become effective, application of these standards may restate portions of these financial statements.

SAUK COUNTY

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION For the Year Ended December 31, 2015

BUDGETARY INFORMATION

Budgetary information is derived from the annual operating budget and is presented using the same basis of accounting for each fund as described in Note I. C.

A budget has been adopted for the general fund and all other funds.

The budgeted amounts presented include any amendments made. The finance committee may authorize transfers of budgeted amounts within departments. Transfers between departments and changes to the overall budget must be approved by the finance committee and a two-thirds board action, if the transfer exceeds 10% of the department's budget.

Appropriations lapse at year end unless specifically carried over. Carryovers to the following year were \$2,179,024 in the general fund. Budgets are adopted at the department level of expenditure.

WISCONSIN RETIREMENT SYSTEM

The amounts determined for each fiscal year were determined as of the calendar year-end that occurred within the fiscal year.

The County is required to present the last ten fiscal years of data; however accounting standards allow the presentation of as many years as are available until ten fiscal years are presented.

Changes in benefit terms. There were no changes of benefit terms for any participating employer in the Wisconsin Retirement System.

Changes in Assumptions. There were no changes in assumptions.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are legally restricted or committed to expenditures for specified purposes (other than debt service or capital projects).

- > *Aging and Disability Resource Center* – Accounts for funds used to provide a wide range of programming, advocacy, and access to services for the elderly and disabled.
- > *County Jail* – Accounts for the portion of court imposed fines or forfeitures ordered under Wisconsin Statutes subsection 302.46 for use in maintaining the jail or providing educational and medical services to inmates.
- > *Land Records Modernization* – Accounts for the portion of document filing fees collected under Wisconsin Statutes subsection 59.72(5)(b)3 for provision of land information data collection and retrieval.
- > *Landfill Remediation* – Accounts for maintenance of the County's closed landfill sites.
- > *Drug Seizures* – Accounts for funds seized under certain federal and state statutes for drug prevention activities.
- > *Community Development Block Grant – Economic Development (CDBG-ED) Revolving Loans* – Accounts for economic development revolving loans with an emphasis on job creation.
- > *Community Development Block Grant – Flood Relief Small Business (CDBG FRSB) Revolving Loans* – Accounts for loans extended to businesses that suffered loss as a result of 2008 flooding.
- > *Community Development Block Grant – Emergency Assistance Program (CDBG EAP)* – Accounts for forgivable loans and remediation activity related to 2008 flooding.
- > *Community Development Block Grant – Housing Rehabilitation (CDBG-Housing Rehab)* – Accounts for revolving loans extended to low-income homeowners for housing rehabilitation.
- > *Dog License* – Accounts for retained dog license fees for animal care and shelter.

FIDUCIARY FUNDS

AGENCY FUNDS

Agency Funds - Account for resources held by the County in a purely custodial capacity (assets equal liabilities). Agency funds account for the receipt, temporary investment and remittance of fiduciary resources to individuals, private organizations, or other governments.

- > *Officers Range Association* – Accounts for the operations of a shooting range association comprised of local law enforcement agencies.
- > *Tri-County Airport* – Accounts for the operations of the Tri-County Airport, a joint venture with Iowa and Richland Counties, for which Sauk County acts as fiscal agent.
- > *Clerk of Courts* – Accounts for fines and forfeitures to be disbursed to the County and other municipalities.
- > *Inmate Trust* – Accounts for inmate funds held by the County while inmates are incarcerated.
- > *Tax Collection* – Accounts for receipts and disbursements for state charges included in property tax billings.

SAUK COUNTY, WISCONSIN
COMPREHENSIVE ANNUAL FINANCIAL REPORT

**STATISTICAL
SECTION**

Statistical Section

This part of Sauk County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents

Pages

Financial Trends

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

Table 1 - Net Position by Component	80
Table 2 - Changes in Net Position	81-82
Table 3 - Fund Balance, Governmental Funds	83
Table 4 - Statement of Revenues, Expenditures & Changes in Fund Balance Governmental Funds	84

Revenue Capacity

These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.

Table 5 - Tax Revenue by Source, Governmental Funds	85
Table 6 - Equalized Value of All Property by Assessment Class	86
Table 7 - Direct & Overlapping Property Tax Rates	87
Table 8 - Principal Property Taxpayers	88
Table 9 - Property Tax Levies & Collections	89

Debt Capacity

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Table 10 - Ratios of Outstanding Bonded Debt	90
Table 11 - Computation of Direct & Overlapping Debt	91-92
Table 12 - Computation of Legal Debt Margin	93

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

Table 13 - Demographic Statistics	94
Table 14 - Principal Employers	95

Pages

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

Table 15 - Full-Time Equivalent Positions by Function	96-97
Table 16 - Operating Indicators by Function/Department	98
Table 17 - Capital Asset Statistics by Function	99

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Source: Prior years' financial statements and current year Balance Sheet

The County implemented GASB Statement No. 54 - Fund Balance Reporting and Governmental Fund Type Definitions in 2011. This statement establishes new fund balance classifications, which are based primarily on the extent to which the County is bound to observe constraints on the use of the resources reported in governmental funds. As a result of implementing this standard, the fund balance categories used beginning in 2011 are not directly comparable to the fund balance categories used prior to 2011.

Equalized value is prepared by the Wisconsin Department of Revenue, Bureau of Property Tax. These values include Tax Incremental Districts (TID) which are not included in the taxable property value upon which county taxes are levied.

Total Direct Tax Rate is based on the County levied property taxes per \$1,000 assessed value.

¹ The taxes shown for overlapping governments are the Full Value Rates - Gross. This rate is the total property tax divided by the full value of all taxable general property in the municipality, including tax incremental financing districts. The total property tax includes state taxes and special charges, special purpose district taxes, and school taxes (elementary, secondary and technical college). It reflects the amount of surplus funds applied (if any) by a district to reduce any of the above apportionments or charges. It does not include special assessments and charges to individuals, delinquent taxes, omitted taxes, forest crop taxes, managed forest land taxes or occupational taxes.

² Year is the budget year, not the levy year
