

# Isthmus Brass Quintet

We (the RMF Board) were very pleased with the audience turnout and the audience was extremely impressed by the musicianship and program performed by Isthmus Brass.

An audience member remarked about how rewarding it was to hear this wonderful professional classical concert at such a lovely open barn setting. Also the owners of Octagon Barn had never had a musical event like this before. As they said, music in the venue has been limited to wedding bands with lots of amplification, but this unamplified brass quintet filled the space with beautiful music and they would love to have more classical music performances in the future.

Performers and first couple rows of audience in the Octagon Barn.
