

# River Valley Community Chorus

The concert was performed on 4/23/23 at St. Luke's Catholic at 3:00 pm. First the River Valley Community Chorus performed (from the choir loft) the Haydn Mass #7 with organ and string accompaniment and soprano solo. Then, from the front of the church, ten River Valley High School students performed various ensemble and solo pieces that they will be performing in state music competition later in the month of April. The concert ended with four additional numbers performed by the chorus, one written, and another arranged by the chorus director, Dan Krunnfusz. About 140 people attended the concert with a standing ovation and many glowing comments about the quality of music and the performers.

As this was also a charity event, the concert raised \$758 in donations (plus some food donations) to benefit the local River Valley food pantry. The money disbursement was transacted by The Peoples Community Bank to the food pantry on 4/25/23.
