Dear Treemanisha:

On behalf of the Wisconsin Seal-A-Smile (SAS) Program and the Wisconsin Division of Public Health, we would like to congratulate you and Sauk County Seal-A-Smile as a recipient of Wisconsin SAS funds. This funding is available for SAS programming that occurs from July 1, 2021 to June 30, 2022. Funding this year is being awarded on a performance basis and programs will be paid for providing screening, sealants, multiple fluoride varnish applications and entering data. Below shows how your program will be funded based on the RFP that your program submitted. The participation incentive will be calculated at the end of the year and is based on your program's participation rate compared to that of the entire program's participation rate.

Service	Proposed Number	Multiplier	Potential Award Amount
Screening	1700	\$3.50	\$32,900.00
Sealant placement	700	\$13.00	
Two+ varnish applications	1700	\$5.00	
Data entry	1700	\$5.50	

Please note that this funding amount is based on the proposed numbers submitted in your RFP and could increase or decrease based on your actual performance for the year. You are able to bill for screening, sealant and multiple varnish applications by submitting documentation from DentaSeal and an invoice quarterly beginning in December 2021.

Please make note of the requirements as outlined in the newly revised SAS Administration Manual available on the SAS website and current CDC, DHS and OSAP Guidelines All programs are to follow all guidelines, recommendations, policies and procedures. Please see the enclosed funding agreement packet instructions and checklist to complete the contracting phase of the program.
