

April 14th 2022

Emily Greenwood, executive director

Sauk County Health Care Center

Reedsburg Wisconsin

Dear Ms Greenwood:

In this memorandum of understanding I agree to provide medical direction for the Sauk County Health Care Center, succeeding Timothy Deering effective April 25th 2022.

We intend this to be an interim agreement, effective through December 31st 2022, terminable on thirty days' notice without cause, expecting a contract to be completed between SSM Dean Medical Group and the Health Care Center soon.

I agree to provide post-acute and long-term care medical direction services as an independent contractor; maintain licensing, certification, and professional liability insurance; practice according to the generally accepted standards promoted by Wis-PALTCM and AMDA; maintain continuous availability or an alternate; provide an average of six hours of service a month; submit a time sheet monthly summarizing work done.

The Health Care Center agrees to provide appropriate non-monetary support for the position, compensation at the rate provided to the incumbent (approximately \$160 an hour), and officers and directors liability coverage.

If this is agreeable to you, please sign a copy and return it to me, or write a similar memo.

Thanks

Sincerely

T R Flygt, MD, MA, FACP & CMD
