Veterans' Benefits Turnkey Support

Standard Support Policy and Service Level Commitments

OVERVIEW

To ensure that our clients achieve success with our solutions, Veterans' Benefits turnkey support comes standard with every maintenance contract. We have developed a 3-tier support framework that empowers your helpdesk to handle the daily operations of the system, while we provide a clear escalation path and regular updates to keep your organization on track.

STANDARD SUPPORT ROLES AND DEFINITIONS

SUPPORT TIER	SUPPORT PROVIDER	SUPPORT DESCRIPTION
Tier 1	Client's Helpdesk	Addresses basic client issues and inquiries. Includes business-related questions, general navigation, and non-technical inquiries such as resetting passwords and unlocking accounts.
Tier 2	Veterans' Benefits Turnkey Support Team	Addresses system changes and incidents that prevent clients from using the system. Includes client-specific configurations and customization, bug fixes and associated configuration. ¹ Includes deployment processes and remediation of hosting, performance, and maintenance tasks and issues. ² (See below for Tier 3 response times).
Tier 3	Veterans' Benefits Turnkey Product Team	Addresses major system changes and issues related to the product platform or external vendors which cannot be mitigated through Tier 3 support.

1 Tier 2 support description applies only to systems configured and implemented by Tyler.

2 Hosting-related issue remediation is included for systems hosted by or through Tyler.

TIER 2 RESPONSE TIMES

The Tyler Veterans' Benefits Support Team response times depend on an incident's assigned severity.³

SEVERITY	DESCRIPTION	IMPACT	INITIAL RESPONSE TIME (EMAIL)
Blocker	System outage. Complete loss of service on a production system.	All users	2 Business Hours
Critical	Substantial loss of service in a production system. No workarounds available.	All users	4 Business Hours
Major	Production system is working but important component or workflow is not functional.	Majority of users	4 Business Hours
Medium	Production system is working but less-used component or workflow is not functional. Report not calculating correctly.	1–2 teams of users	8 Business Hours
Minor	Non-production system issue, or production issue that impacts few users.	Small groups or individual users	8 Business Hours

UPGRADES

In addition to technical support, maintenance contracts also include access to new Veterans' Benefits turnkey product version releases. Upgrades are scheduled during non-working hours (6pm-6am ET) and are communicated by Tyler at least one business day in advance. Tyler may require some client involvement for user acceptance testing.
