

Sauk County Health Care Center Cropland Lease 2025-2027

This lease is made between the County of Sauk, a municipal corporation, with its seat of government located at 505 Broadway Street, Baraboo, Wisconsin, herein called Lessor, and Jamie Haag, Reedsburg, Wisconsin, herein called Lessee.

Lessor hereby leases to Lessee the premises, situated in the City of Reedsburg, County of Sauk, and State of Wisconsin, known and described as follows:

Sauk County Health Care Center Cropland, approximately 11.4 (eleven and four tenths) acres of tillable cropland located adjacent to the Sauk County Health Care Center. (See Exhibit A, attached and incorporated herein.)

1. **Term.** Lessor demises the above premises for a term of three (3) years, commencing on January 1, 2025, and terminating on December 31, 2027. Lease term is contingent upon the Lessor obtaining an annual conditional use permit (CUP) from the City of Reedsburg.
2. **Rent.** The rent for said premises shall be \$150.00 Dollars/acre (\$1,710 per year), due in advance of the first day of March, during the term of this lease. All rental payments shall be made to Lessor, at the Sauk County Land Resources and Environment Department, 505 Broadway, Baraboo, Wisconsin 53913.
3. **Use.** Lessee shall use and occupy the cropland for growing and harvesting of agricultural crops while preserving soil, water, and other natural resources consistent with the terms and conditions of this lease. The premises shall be used for no other purpose.
 - a. Field equipment operations (planting, spraying, harvesting) shall be conducted between the hours of 7 a.m. and 9 p.m.
 - b. Lessee must notify neighbors 24 hours prior in person or with door hangers for spraying or harvesting.
 - c. Remove crops each year of the lease by December 1st.
 - d. Maintain/trim along curbs.
 - e. 5' setback along adjacent lots.
4. **Care and Maintenance of Premises.** Lessee acknowledges that the premises are in good order and repair. Lessee shall, at their own expense and at all times, maintain the premises and any existing fencing in good and safe condition, and shall surrender the same, at termination hereof, in as good condition as received, normal wear and tear excepted. Lessee shall be responsible for the actual cost of any repairs required or maintenance necessitated by any damage caused by the Lessee to the demised premises. Lessee shall not damage the city street curb or blacktop.
 - a. Mineral rights: Lessee shall not market gravel, or any other part of the leased property. Lessee shall not have any right to any above- or below-ground mineral rights.
 - b. Conservation Practices: Lessee agrees to preserve established water sources, tile drains, tile outlets, grass waterways, buffer strips and diversions and to refrain from any operation that will injure such. Damage will be repaired at the Lessee's expense. Waterways cannot be eliminated or changed contrary to the conservation plan (See Exhibit B attached and incorporated herein). All crops must be harvested prior to December 1, 2027.

- c. Crop rotation: All fields will be no tilled and follow the crop rotation identified in the approved conservation plan (See Exhibit B attached and incorporated herein).
 - i. Cover Crops: Cover crops will be established as indicated in the approved conservation plan. Lessee shall establish cover crops within ten (10) days of conventional crops being harvested (subject to weather conditions). Lessor agrees to furnish all cover crop seed to be used on the farm. If cover crops are not planted by the established deadline, a penalty of \$1,000 shall be administered.
- d. Nutrient Management: Lessee shall develop and follow a nutrient management plan to meet Natural Resources Conservation Service Standard 590 for all fertilizer applications on the cropland. The lessee shall attend a Nutrient Management Farmer Education (NMFE) class within the first year of the lease commencement date. This class will provide the lessee with a basic understanding of nutrient management plan development and implementation. The plan shall be approved by the Sauk County Land Resources and Environment Department prior to any commercial fertilizer applications. Manure and industrial and/or municipal waste applications are not allowed on the premises.
- e. Soil Fertility: Lessee shall maintain phosphorus and potash levels previously established for each field. Phosphorus and potash levels shall be established by Lessor with written notice to the Lessee at the commencement of the lease term. Lessee is responsible for maintaining soil fertility levels and ensuring that the levels are at the same or better level at the termination of the lease. Lessor shall provide for soil sampling verification, at Lessor's expense. In the event Lessee fails to apply necessary amounts of fertilizer prior to the expiration of this contract, Lessor may make such applications and the costs thereof shall be reimbursed by Lessee to Lessor. Lessor is not responsible for maintaining soil fertility levels nor responsible if Lessee voluntarily chooses to maintain a higher fertility level. Lessor agrees to furnish all limestone to be used on the farm, and in such amounts to bring and maintain PH at a 6.6 level.
- f. Herbicide & Pesticide Use: Lessee shall apply herbicides with residual in a manner that will not interfere with the crop rotation specified in the conservation plan. Hazardous wastes and other debris shall not be accumulated or disposed of on Lessor's property. Hazardous waste shall include, but is not limited to, empty pesticide and oil containers and waste oil.
- g. Crop Acreage Certification: Lessee shall report planted acres to the Sauk County Farm Service Agency (FSA) office to maintain maximum eligibility to participate in the government programs in the future, even if the Lessee chooses not to participate in government programs during that year. The Lessee shall submit a copy of the FSA report to the Lessor by August 1 of each year. Land leased under this contract will not be combined with any other land for grain base purposes without prior written permission of the Lessor.
- h. Requested Information: Lessee shall provide lessor with input costs and crop yield information annually by December 31st. Data shall be collected using a yield monitor and provided as a removable storage device (i.e. SD card, thumb drive). Information will be

used as a case study looking at the efficacy of soil health practices. If data has not been delivered by the established deadline, a penalty of \$1,000 shall be administered.

5. **Alterations.** Lessee shall not, without first obtaining the prior written consent of Lessor, make any alterations, additions, or improvements, in, to or about the premises. Lessee shall have the right to erect, maintain and remove, at Lessee's expense, temporary fence and moveable buildings on the leased land, provided that such fence or building or their removal do not damage the Lessor's property in any way, and provided that Lessee shall not create anything which shall constitute a nuisance to the Lessor. The Lessor shall have the right to determine in its sole discretion what constitutes a nuisance under this section, but such determination may be reviewed as to reasonableness and the assessment of damages under the arbitration provisions of this lease.
6. **Reduction of Leased Area.** Lessor reserves the right to reduce the area of cropland provided by this lease, as described above, in total or in part. Such reduction shall occur in the event that the Sauk County Board of Supervisors shall by Resolution require such property for another purpose. Any such reduction shall be effective sixty (60) days following the date of adoption of said Resolution. Lessee shall be entitled to a reduction in the rents due under this lease, based upon a prorated reduction in the leased area. Any reduction in acreage shall reduce the rental amount for that and any succeeding year by the average annual acreage rental rate as determined by the annual cropland bid divided by the number of cropland acres.

If the reduction should occur during the growing period when crops are already planted, provided Lessee did not receive notice of the intended reduction prior to the actual planting of the crop, Lessee shall be entitled to a credit against the next rent payment to compensate for the expense of planting and resulting loss in yield. Lessee and Lessor shall agree upon an independent appraiser to establish the value of the crop lost due to the reduction of leased area. The cost of the appraiser shall be borne by the Lessor. In the event that the Lessor and Lessee cannot agree upon an appraiser, Lessee and Lessor shall each select an agricultural appraiser, and these two shall select a third appraiser. This group of three appraisers shall then establish the value of crop lost due to the reduction. The cost for this appraisal process shall be divided equally between the Lessor and Lessee.

7. **Utilities and Easements.** All applications and connections for necessary utility services on the demised premises shall be made in the name of Lessor. All easements now in force, or which may hereafter be in force, pertaining to the premises, shall remain in force for the duration of this lease. Fire hydrant lines, sewage lines and manholes located on the leased property will be maintained by the Lessor. Access to these lines is reserved for maintenance work. If damage occurs to crops as a result of this maintenance work, the Lessee will be credited for the lost crop as per the process identified in Section 6.
8. **Lessor's Remedies on Default.** If Lessee defaults in the payment of rent, or any additional rent, or defaults in the performance of any of the other covenants or conditions hereof including maintaining adequate soil fertility levels, or becomes insolvent or bankrupt, Lessor may give Lessee notice of such default and if Lessee does not cure any such default within 15 days, after the giving of such notice, or such default is of such nature that it cannot be completely cured within such period, if Lessee does not commence such curing within 15 days and thereafter proceed with reasonable diligence and in good faith to cure such default, then Lessor may terminate this lease on not less than 15 days' notice to Lessee. On the date specified in such

Sauk County Health Care Center Cropland Lease 2025-2027

notice, the term of this lease shall terminate, and Lessee shall then quit and surrender the premises to Lessor, but Lessee shall remain liable as herein provided. If this lease shall have been so terminated by Lessor, Lessor may at any time thereafter resume possession of the premises by any lawful means and remove Lessee, Lessee's crops, other occupants, or any effects. No failure to enforce any term shall be deemed a waiver.

Lessee may not and shall not harvest crops after service of a notice of default. If the default is not cured within the 15-day period, Lessor shall be entitled to a lien on any crops harvested, or to harvest the crops itself, and sell same, in order to reimburse the Lessor for any expenses incurred.

9. **Entire Agreement.** The foregoing constitutes the entire agreement between the parties and may be modified only by a writing signed by both parties. The following Exhibits, if any, have been made a part of this lease before the parties' execution hereof:

Exhibit A – Sauk County Health Care Center Cropland Map

Exhibit B – Sauk County Health Care Center Conservation Plan

Exhibit C – Standard Clauses – Sauk County Health Care Center Cropland Lease

Exhibit D – Request for Bid Standard Terms and Conditions
