

Sauk County, Wisconsin  
**EMBS – Emergency Management Annual Report**

**2013 Mission:** In conjunction with State Statute 323, maintain an effective emergency management program with the National Response Plan and State Emergency Response Plan to protect and assist the citizens of Sauk County whenever a manmade, technological or natural disaster occurs, including terrorism. Perform all required duties under the Superfund Amendment Reauthorization Act (SARA).

**Departmental Program Summary:**

Emergency Management works with Federal, State and Local agencies to reduce the effects of natural, manmade and/or technological disasters including acts of terrorism on all inhabitants of Sauk County through planning, training, responding and mitigation

**2013 Goals Review**

**2013 GOALS REVIEW**

OBJECTIVE	WAS THIS OBJECTIVE REACHED IN 2013?
	Yes or No (If no, please provide comment)
Exercise	Yes
Ongoing planning, education & awareness to newly developing issues	Yes
Assist all personnel involved with Disaster response in obtaining required ICS & NIMS training to assure compliance.	Yes

Volunteer Management training – 20 Severe weather and training – 110 Law in-service training – 157 Trained over 100 people in ICS
Exercises	4 Tabletops 1 Functional	6 Tabletops 2 Functionals	16 tabletops

**OUTCOME AND EFFICIENCY MEASURES**

DESCRIPTION	2011 ACTUAL	2012 ACTUAL	2013 ACTUAL
The way to consider the outcome of our Training, Response and Mitigation is by the effectiveness of the response to an incident.	Minimal or No Casualties from incidents, No loss of funding for lack of required training	Major county wide flooding and no loss of life or major injuries, performance based funding remains steady	Considerable time was spent updating annexes to CPG 101 requirements. Performance based funding remains consistent.
Grants approved and received	\$59,749	\$66,543	\$69,038
