

To: CDBG Housing Program Contractors

If you are awarded a CDBG project, you will be required to submit the following information, as applicable:

- Copy of Asbestos Certificate and Card from DHS for employee(s) working on the project.
 - If you are not asbestos trained, you can sub-contract any work identified as containing asbestos (such as roof, flooring, etc.); however, the subcontractor must be able to provide the appropriate certifications.
- Copy of Asbestos Certificate for company
- Copy of Lead Safe Renovator Certificate and Card from DHS for employee(s) working on the project.
 - If you are not lead trained, you can sub-contract any work identified as containing lead based paint (such as windows, siding, etc.); however, the subcontractor must be able to provide the appropriate certifications.
- Copy of Lead Certificate for company
- Insurance Certificate for the general contractor as well as all sub-contractors
- Dwelling Contractor Certification and Dwelling Contractor Qualifier Certification
 - These certifications are only necessary if the local building inspector requires them in order to pull a permit.

One completed bid must be submitted per contractor, including all electrical, heating, plumbing and general work. The general contractor is responsible for obtaining all certifications, insurances and lien waivers from the sub-contractors.

On the attached pink sheet is a list of communities where MSA administers housing programs throughout Wisconsin. If you are interested in working with our programs, please fill out the form and mail it back to me as soon as possible. The homeowners are able to choose the contractors they want to bid on their project but we have a very limited number of trained contractors at this time working with the program.

Please contact the housing program office at 1-800-552-6330 with any questions.

CONTRACTOR ELIGIBILITY FORM

All information received will be considered confidential. If you have any questions concerning the rehabilitation program, please call the Housing Program Office at 920-887-4242 or 1-800-552-6330

Date _____

Company Name: _____ | Name: _____

Address _____

City, State, Zip _____

Phone # _____ Cell Phone # _____ Fax # _____

Email Address: _____

Type of construction done by your company
(general, masonry, heating, plumbing, etc.)

Tax Identification Number:

How long have you been in business? _____

Average number of employees during construction season _____

Do you employ a licensed plumber? Yes _____ No _____

Do you employ a licensed electrician? Yes _____ No _____

Insurance Information*:

Agency _____ Phone # _____

Amount of coverage _____

*Include copy of insurance certificate or have a copy sent or faxed directly from your Agent.
Our fax number is 920-887-4250.

As a requirement in the use of these funds, MSA Professional Services must comply with Section 3 of federal regulations, which requires, to the greatest extent feasible, opportunities for training and employment be given to low income residents, including contractors. Please review the Household Income Limit sheet enclosed and let us know, without disclosing actual income, the total number of employee households that fall within these income guidelines. Please enter number below.

_____ # of households

Contractor application will be considered incomplete until Section 3 income information is provided. In the case of all other elements of a bid being equal, preference will be given to contractors employing Section 3 households. Signature below acknowledges receipt of MSA Professional Services Section 3 Clause and contractor agreement to abide by all requirements of said Section 3 Clause.

Is at least 51% of the company owned by a minority? Yes _____ No _____

Is at least 51 % of the company owned by a female? Yes _____ No _____

Signature of Contractor

Date

Please see the reverse side of this form to specify the communities with which you are willing to work.

Please include copies of the following (as applicable)
1) Insurance Certificate
2) Dwelling Contractor Certification
3) Dwelling Contractor Qualifier Certification
4) Lead Safe Renovator Certificate
5) Asbestos Certificate
