In review of the twenty-nine (29) referrals that have not entered programming it is reported that 24% did not contact ATTIC to schedule their intake session, 10% failed to appear for their intake session, and 7% were out of county residents. The remaining referrals chose not to participate or were unable to participate for a variety of reasons including incarceration and DA discretion.

Krueger reports the overall lack of response from other CJCC's regarding re-entry but does provide data reported by Portage County on an ongoing pilot program and a historic grant funded program for re-entry initiatives. This group discusses factors of re-entry and common barriers that the jail and DOC staff sees with their clients.
