**Sauk County**

**RESOLUTION NO. 30 - 2019**

**APPROVING A RESOLUTION ADOPTING THE UPDATED 2019-2024 SAUK COUNTY NATURAL HAZARD MITIGATION PLAN**

**Background:**

The Hazard Mitigation Plan describes potential natural and manmade disasters that can occur and have historically caused damage to the people and property in Sauk County, and that while it is not possible to prevent disasters from occurring, it is possible to better position a community to mitigate the effects of such disasters. The purpose and scope of this plan is to describe, so that it is clear, what is intended to do and how it relates to other previous planning efforts and ongoing emergency management activities. Sauk County and participating municipalities have prepared this plan to meet this new requirement, and in so doing, help its citizens mitigate the effects of natural disasters. This plan includes seven chapters and a map series. The first chapter provides an overview of the project. The second presents background information about the county including its setting, demographic and economic characteristics, climate, natural resources, land use, and development trends. Special needs populations and groups are identified in Chapter 3. The fourth chapter details the critical facilities. Natural and manmade hazards are identified and reviewed in Chapters 5 and 6, respectively. In the seventh chapter, the recommended mitigation strategy for the County and its individual jurisdictions is presented. A series of maps is included in the last chapter. Sauk County recognizes the threat that natural hazards pose to people and property, and the undertaking hazard mitigation actions before disasters occur will reduce the potential for harm to people and property and save taxpayer dollars. An updated natural hazards mitigation plan is required as a condition of future grant funding for mitigation projects.

Sauk County participated jointly in the updated planning process with the other local levels of government within the County, as well as working with local public input to prepare the 2019-2024 Sauk County natural hazards mitigation plan. Federal Emergency Management Agency (FEMA) and Wisconsin Emergency Management (WEM) have approved the updated 2019-2024 Sauk County natural hazards mitigation plan. Sauk County's Hazard Mitigation planning efforts are funded by the Pre-Disaster Mitigation Program through the Federal Emergency Management Agency. Maintenance of the plan will be part of the Sauk County Emergency Management Office's responsibility on an as needed basis.

Fiscal Impact:  None  Budgeted Expenditure  Not Budgeted

**NOW THEREFORE, BE IT RESOLVED**, by the Sauk County Board of Supervisors, met in regular session, that the updated 2019-2024 Sauk County Natural Hazard Mitigation Plan is hereby adopted as the official plan of Sauk County and the Sauk County Emergency Management Manager shall submit this resolution to Wisconsin Emergency Management.

For consideration by the Sauk County Board of Supervisors on April 16, 2019.

Respectfully Submitted,

SAUK COUNTY EXECUTIVE & LEGISLATIVE COMMITTEE

  
Peter Vedro, Chair

  
Wally Czuprynski

  
William Hambrecht, Vice-Chair

  
Thomas Kriegl

  
Dave Riek

  
STATE OF WISCONSIN  
COUNTY OF SAUK  
I hereby certify that this resolution/ordinance is a true & correct copy as passed by the Sauk County Board of Supervisors.  
  
(Seal) Rebecca C. Evert, Sauk County Clerk

**Fiscal Note:** Sauk County is required by federal law to have an adopted county Hazard Mitigation Plan. Failure to have an adopted plan could result in certain federal grants not being available for the County. Sauk County was awarded \$23,525 to update the Hazard Mitigation Plan. There will be no costs to the county due to in-kind costs covering the counties percentage.   
**Information System Impact:** No Information System Impact.

**City of Baraboo**

**NBR - 1**

**RESOLUTION NO. 2019 - 50**

**Dated: June 25, 2019**

**The City of Baraboo, Wisconsin**

**Background.** Hazard mitigation is the effort to reduce loss of life and property by lessening the impact of disasters. It is most effective when implemented under a comprehensive, long-term mitigation plan. State, tribal, and local governments engage in hazard mitigation planning to identify risks and vulnerabilities associated with natural disasters, and develop long-term strategies for protecting people and property from future hazard events. Mitigation plans are key to breaking the cycle of disaster damage, reconstruction, and repeated damage. Developing hazard mitigation plans enables state, tribal, and local governments to:

- Increase education and awareness around threats, hazards, and vulnerabilities;
- Build partnerships for risk reduction involving government, organizations, businesses, and the public;
- Identify long-term, broadly-supported strategies for risk reduction;
- Align risk reduction with other state, tribal, or community objectives;
- Identify implementation approaches that focus resources on the greatest risks and vulnerabilities; and
- Communicate priorities to potential sources of funding.

Moreover, a FEMA-approved hazard mitigation plan is a condition for receiving certain types of non-emergency disaster assistance, including funding for mitigation projects.

Sauk County adopted a multi-jurisdictional plan in 2005, which was approved by FEMA on April 27, 2006. The City of Baraboo also adopted a plan on June 28, 2005, which was approved by the FEMA on April 27, 2006. The countywide plan was updated in 2011 and also incorporated the City of Baraboo. The most recent plan update started in 2018 and concluded in 2019 to cover the next five-year period (2019-2024).

**Budgeting Note:**  Not Required  Budgeted Expenditure  Not Budgeted  
**Comments:**

**Resolved, by the Common Council of the City of Baraboo, Sauk County, Wisconsin:**

**WHEREAS,** hazard mitigation planning is the process of developing a set of actions designed to reduce or eliminate long-term risks to people and property from hazards and their effects; and

**WHEREAS,** the Sauk County Hazard Mitigation Plan: 2018-2024 ("PLAN") attempts to assess the magnitude of the risks and develop strategies for minimizing or reducing risks; and

**WHEREAS,** the City of Baraboo worked with Sauk County Emergency Management to update the Plan, which was last updated in 2011, and

**WHEREAS,** the City of Baraboo makes the following findings regarding this matter:

1. Natural disasters pose a tangible threat to residents and property.
2. Undertaking hazard mitigation actions before disasters occur will reduce the potential for harm to residents and property and save taxpayer dollars.
3. Preparation of this Plan is in the public interest.
4. This Plan is intended to serve as a general strategy and may be amended from time to time.
5. Nothing in this Plan obligates the City of Baraboo to undertake any of the recommended

**City of Baraboo**

activities and/or projects.

6. Adoption of the Plan is needed to apply for federal funding for certain mitigation projects.

**NOW, THEREFORE, BE IT RESOLVED**, the Plan entitled "Sauk County Hazard Mitigation Plan: 2018-2024" is hereby adopted; and

**BE IT FURTHER RESOLVED**, the City of Baraboo Clerk is directed to send a signed copy of this resolution, at her earliest convenience, to Jeff Jelinek, Sauk County Emergency management Director.

**Offered by:** Emergency Management Comm.  
**Motion:** Wedekind

**Resolution 2019-7  
Village of Sauk City**

**A RESOLUTION ADOPTING THE UPDATED NATURAL HAZARD  
MITIGATION PLAN**

**WHEREAS**, the U.S. Congress passed the Disaster Mitigation Act of 2000, which requires that a local unit of government must have an approved all hazard mitigation plan before it can receive federal grant monies for pre-disaster mitigation projects; and

**WHEREAS**, the Village of Sauk City has worked with Sauk County Emergency Management to update the countywide hazard mitigation plan that was first adopted in 2005; and

**WHEREAS**, the Village Board considered the updated plan entitled "Sauk County Hazard Mitigation Plan: 2019-2024" at its meeting on April 30, 2019; and

**WHEREAS**, the Village Board makes the following findings regarding this matter:

1. Natural disasters pose a tangible threat to residents and property.
2. Undertaking hazard mitigation actions before disasters occur will reduce the potential for harm to residents and property and save taxpayer dollars.
3. Preparation of this plan is in the public interest.
4. This plan is intended to serve as a general strategy and may be amended from time to time.
5. Nothing in this plan obligates the Village to undertake any of the recommended activities and/or projects.
6. Adoption of this plan is needed to apply for federal funding for certain mitigation projects.

**NOW THEREFORE, BE IT RESOLVED**, the plan entitled "Sauk County Hazard Mitigation Plan: 2019-2024" is adopted; and

**BE IT FURTHER RESOLVED**, the Village Clerk is directed to send a signed copy of this resolution, at her earliest convenience, to Jeff Jelinek, Sauk County Emergency Management Director, Sauk County, 510 Broadway, Baraboo, WI 53913; and

Adopted this 30<sup>th</sup> day of April, 2019
