

Sauk County Warming / Cooling Locations

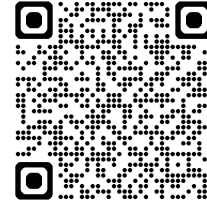

Below is a list of locations in the county that are open to the public. Visiting these locations, during their normal business hours, can offer a break from extreme temperatures.

These locations are not shelters.

Residents should check with their local government officials to see if a local warming or cooling site is available. Always call to verify the facility is open as they may close during inclement weather and holidays. Be mindful that the locations listed are open to the public and will continue daily operations.

Visit the Sauk County Resource Guide for additional resources:
