### **WISCONSIN DELLS COVID TESTING EVENT CANCELED**

Sauk County, WI – Despite an initial agreement to conduct 2 days of free, drive-thru COVID-19 testing for residents and workers in the Wisconsin Dells area, Sauk County Public Health was informed this afternoon that the parking lot where the testing was to be held is no longer available for this use.

Therefore, Sauk County Public Health has no choice but to cancel the Wisconsin Dells testing event originally scheduled for July 28 & July 29. “We are obviously very disappointed that the original venue decided to cancel the use of its parking lot for this free testing event for the people of the Wisconsin Dells area,” said Tim Lawther, Sauk County Health Officer. “We hope to find another location that will serve the needs of these residents and workers as soon as possible.”

Sauk County is currently experiencing a rise in COVID-19 cases, with almost 65% of its cases since the beginning of this epidemic occurring in the month of July. For more information, please visit the Sauk County Public Health website at <https://www.co.sauk.wi.us/publichealth/coronavirus>.
