

COVID-19 Safety Guidelines Are Followed Here!

STAY HOME IF YOU ARE SICK

Our staff ARE staying home from work if they feel symptoms like fever, cough, shortness of breath, chills, sore throat, vomiting, diarrhea and loss of taste/smell. If you have any of these symptoms, please stay home also.

WASH YOUR HANDS

Our staff are required to follow our rigorous hand washing policy. We also strongly encourage you to frequently wash your hands with soap and water for 20 seconds or use hand sanitizer to prevent the spread of germs.

GROUPS OF 10 or LESS

Limit your socializing to groups of 10 or less and stay with the same group you came in with to ensure that you maintain your physical distancing from other patrons.

PERSONAL HYGIENE

Don't spread germs

Cover your mouth and nose with a tissue when you cough or sneeze, or use the inside of your elbow. Don't forget to wash your hands afterward.

PHYSICAL DISTANCING

Stay Six Feet Apart

from others that are not in the group that you came with. It is our policy that our staff and patrons follow this important guideline.

INCREASING OUR CLEANING

We are cleaning, sanitizing and disinfecting for you!

We are wiping down all high-touch surfaces between customers and increasing our normal disinfecting practices.

Other ways we're working hard to keep you safe include:

- limiting and directing traffic flow inside our business,
- following WEDC and local public health guidance,
- encouraging staff and visitors to wear cloth face coverings, and
- requiring vendors to wash their hands upon entering.
