

Project ID: 5263-00-30/60
Baraboo – IH 90/94
City View Rd/Man Mound Rd to CTH U
CTH T
Sauk County

PROJECT INFORMATION

The Sauk County Highway Department is proposing to improve the safety of approximately 4.6 miles of CTH T from City View Road/Man Mound Road to CTH U. See the attached project location map. There have been a high number of crashes along this section of roadway. The run-off the road crash rate for this section of CTH T is 96 crashes per hundred million vehicle miles traveled (HMVMT). The run-off the road crash rate with severity K (fatality), A (incapacitating injury), or B (non-incapacitating injury) is 53 crashes per HMVMT.

Proposed improvements include:

- 1) Installing grooved epoxy edgeline pavement markings
- 2) Installing centerline rumble strips
- 3) Installing specified horizontal curve warning signs
- 4) Paving the inside and outside shoulders of specific horizontal curves

PROPOSED TRAFFIC IMPACTS

Construction is currently scheduled to begin in the Spring/Summer of 2023 and is expected to be completed within 4-5 weeks.

CTH T will remain open to thru traffic during construction through the use of flagging operations. Temporary driveway closures may be necessary during parts of the construction process. Construction staff will contact homeowners and businesses in advance before closing a driveway. If you have special access needs during construction please let us know so these can be considered as much as possible and, if needed, included in the bidding documents.

REAL ESTATE

No real estate acquisitions are anticipated for this project.

ANTICIPATED SCHEDULE

Preliminary Design Complete:	September 2021
Environmental Review Complete:	November 2021
Final Design Complete:	June 2022
Bid Date:	February 2023
Construction:	Spring/Summer 2023

PUBLIC INPUT/COMMENTS

We encourage you to talk to the project representatives and ask them questions. Your comments assist us in developing a project that will serve the needs of the traveling public as well as the needs of the local community. Your input is welcome and appreciated throughout the design process.
