

Services for adult Sauk County residents, including Treatment Assisted by Medication (MAT).

Concerned about the use of Meth, Cocaine, Heroin, Fentanyl, or Prescription Drugs?

CALL OUR HOTLINE:
608-402-4312

Sauk County Recovery Connections supports your goals for physical and emotional health:

- Treatment Assisted by Medication (MAT): information and access to medicines that can help you reach your recovery goals. Options are available to help you through withdrawal, detox, and beyond. We'll help you choose the right providers. If MAT is not for you, we can support your recovery in other ways.
- Connection to Peer Support, quality medical care, treatment for substance use disorders, and mental health services.
- Recovery and treatment planning based on your unique needs.
- Referral to services for education, employment, housing, health, food assistance, insurance, and more.
- Social support, compassion, and understanding.
