10th Grade
Reedsburg Area High School
Reedsburg

HEALTHY SOIL HEALTHY LIFE

Depending on soil texture particle size, Soil absorbs water at different rates.

Losing Water

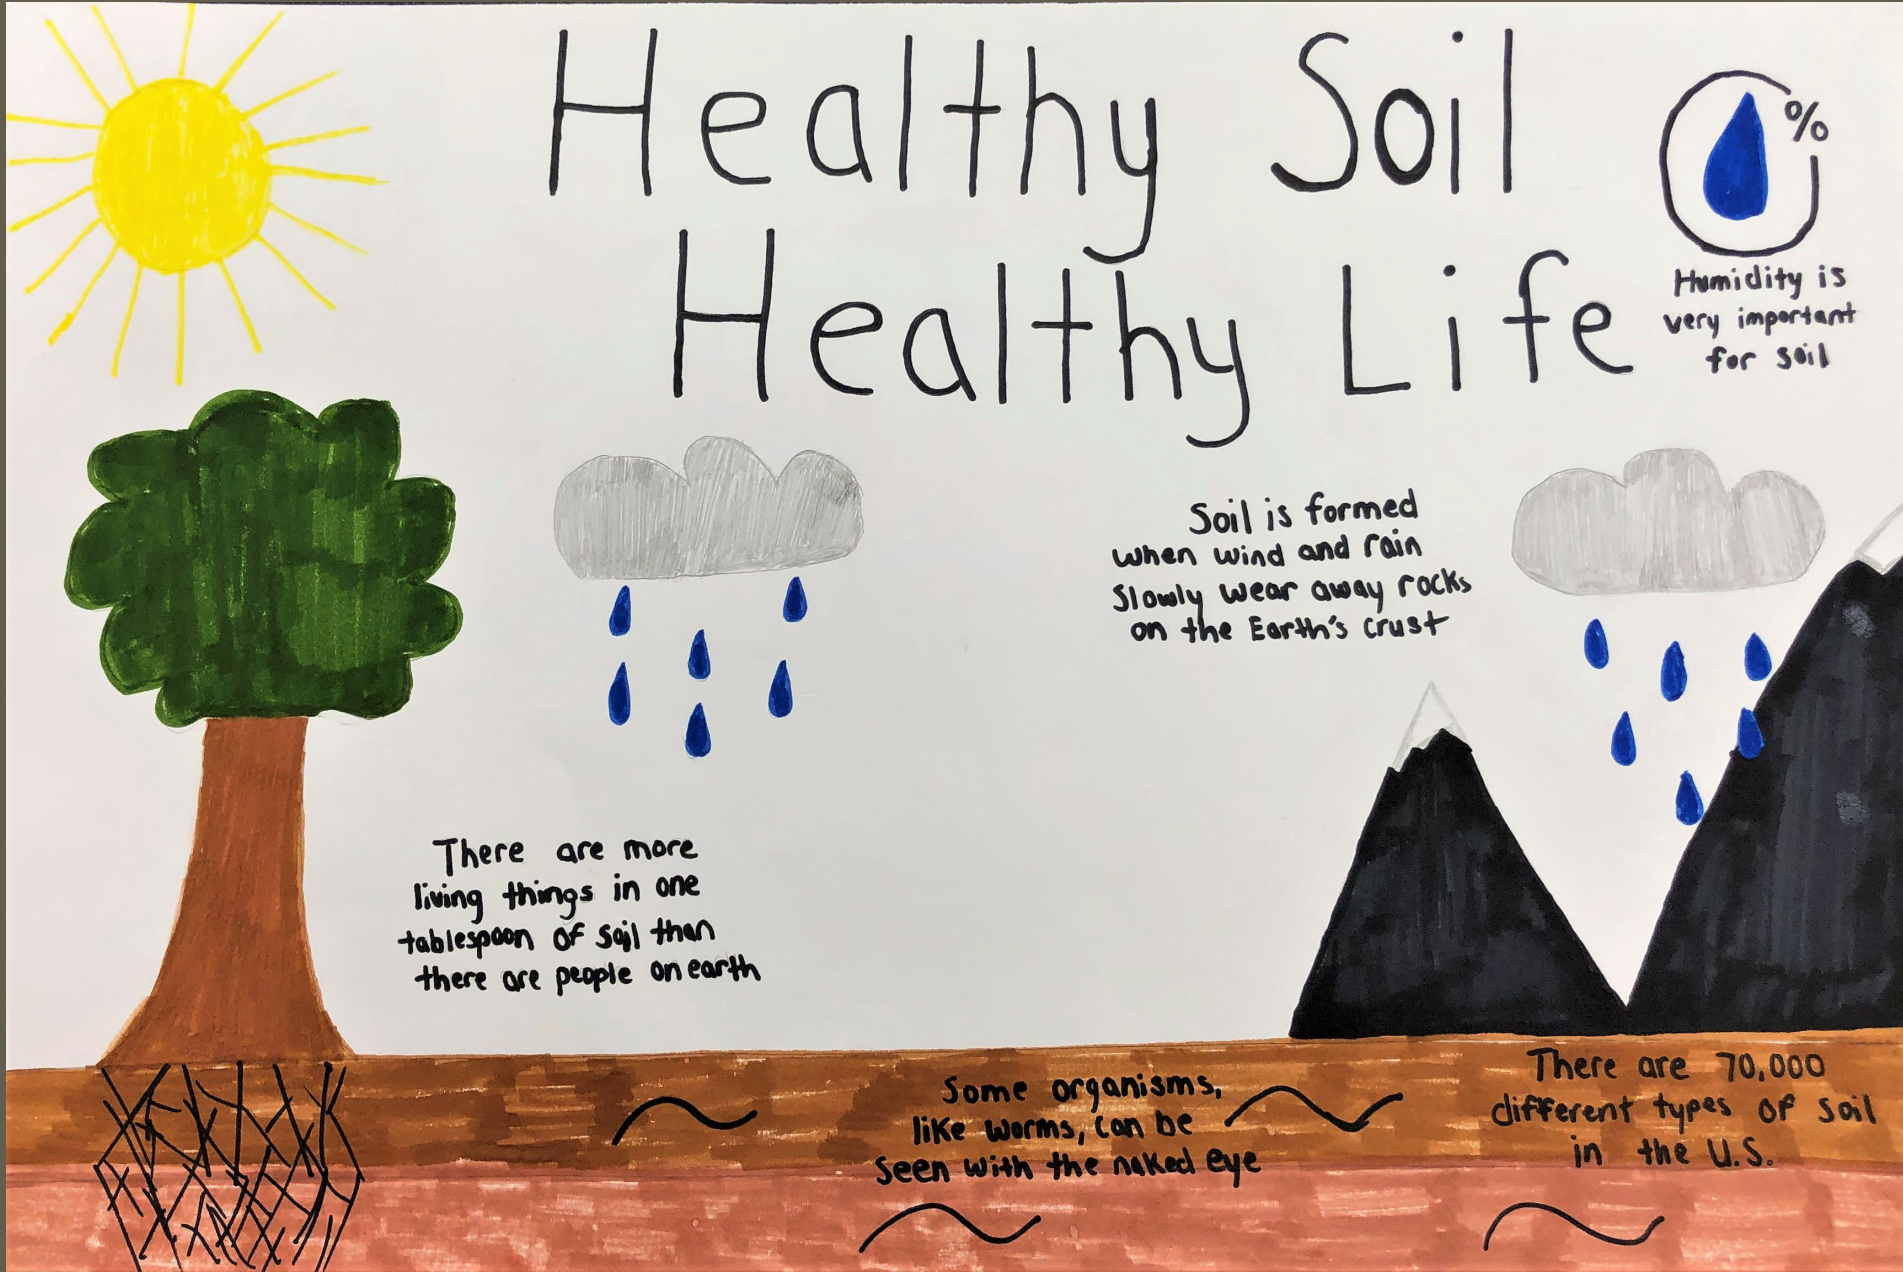

Soil that is too wet can't absorb more water. Too much water can drain too quickly. Water is absorbed deeper in soil, beyond reach of plant roots.

Losing Nutrients

Water carries nutrients to plant roots, water that moves too quickly carries away nutrients. Losing nitrogen from the soil is bad, plants use it as energy to grow tall & strong.

SOUTHERN AREA POSTER CONTEST RESULTS 2022

Southern Area Poster Contest Results 2022

(1st place winners going to State Competition)

Primary Division: Grades K-1

1 st Place	Name: Paizley Helmers	County: Sauk County
