

## Land Resources & Environment Department

### 2023 Fee Schedule

### Updated 3/15/2023

#### LAND RESOURCES AND ENVIRONMENT

Whenever “escrow” is referred to in any Land Resources and Environment Fee Schedule, it shall mean that the applicant shall sign an escrow agreement and pay the required escrow before the project/application request commences. Applicants are responsible for the actual costs incurred, regardless of the outcome of a project or application request. Actual costs consist of planning, engineering, and legal services provided by consultants on behalf of the Department. If at any time actual costs should exceed the escrowed amount, the applicant shall remit additional funds into the escrow fund when requested by the County. If the applicant fails to replenish the escrow as requested, the County may stop reviewing the application until such time as the escrow is replenished. Any remaining funds in the escrow at the conclusion of the project shall be refunded to the applicant when all actual costs are paid.
