

Sauk County Planning & Zoning

Application/Plan Summary Review

For Erosion and Sediment Control Plans

Sauk County West Square Bldg * 505 Broadway, Baraboo WI 53913
608-355-3285 Phone, 608-355-4440 Fax

Complete the following Plan Summary Review Application. After developing an erosion control plan according to Comm 60 and a long term storm water management plan according to NR 216.47, submit the completed application form and a copy of the Erosion and Sediment Control Plan Summary. Summaries must clearly describe and demonstrate how the methods proposed for the site will meet the erosion and sediment control standards established by Comm 60 Wis. Adm Code.

Note: Earth disturbing activities can not commence on the site until the Department has completed the review and approval of this plan summary submittal for conformance with the erosion and sediment control standards established in Comm 60 Wis. Adm Code.

1. Construction Site Information:		2. Type of Project	
Total estimated disturbed area:	Sq.ft./acre	Project/site Name:	
Anticipated construction start date:		Fire Number/Street and legal description of property:	
Anticipated construction end date:		Town of:	
Nearest named receiving water body:

		Phone/Fax:	

4. Describe the soil and sediment control methods proposed for the purpose of satisfying the standards established in Comm 60 Wis. Adm Code:

As the designer/contractor on this project, I verify that all standards will be met and the project will be completed following the plan submitted. Any deviation from the plan could result in the construction site shut down and/or possible enforcement action against me and/or the property owner.

Contractor/Designer Signature

Date

As the property owner of this project, I verify that a long term stormwater management plan meeting the requirements set forth in NR 216.47 has been developed and will be implemented. I also verify that I have read and understand the erosion control plan for my property and will work with the designer/contractor to follow all approved plan. Any deviation from the plans or not following the plans could result in the construction site being shut down and/or possible enforcement action against me and/or the contractor designer.
