## **Golf Utility Cart Clarifying Questions - Responses**

- 1. The vehicle make and model we have available is the Cushman Hauler 1200. I noticed on the formal bid specifications section 2.2, it did not include the Cushman Hauler. Would this be a vehicle you may be interested in entertaining as well?**

Unfortunately we will not be altering our specifications for the golf utility cart.
- 2. I was wondering what color you guys would prefer for a carryall 500? The RFP says White, Dark Green or Dark Gray.**

As long as you're submitting a proposal with the specific colors listed in the RFP, then we have no preference. You may submit a proposal with one of the colors specified, but include a note that the other colors are an option (provided there is no cost increase). If there is a cost increase, you may submit more than one proposal, and specify a different color on each proposal.
- 3. Will you consider accepting proposals that are submitted electronically via email?**

We will not be accepting proposals that are submitted electronically via email.
- 4. In section 2.2 specifications, can you also list model year 2025, or possibly "2023 models or newer" so again if the award of the RFP does not occur until June and the vehicle is built in July it would be a model year 2025.**

We have added Addendum #1 to the RFP, which reflects the 2023 models or newer. Please use this link to view: <https://www.co.sauk.wi.us/parksandrecreation/golf-utility-vehicle>
- 5. Is Sauk County Land Resources and Environment Department Parks and Recreation tax exempt?**

Yes, Sauk County Land Resources and Environment Department – Parks and Recreation service area is tax exempt.
- 6. Is the county exempt from sales tax? If the county is not exempt, then is part 3.3 (Total sales price) including the sales tax?**

Yes, Sauk County is tax exempt.
- 7. Do I need any prior registration before I send the bid?**

There is no prior registration required.
