Subject: Kudo to pass along, please

I was just on a call about COVID-19 control measures at a can manufacturing plant in Baraboo. This plant makes 10% of the US vegetable canning industry's cans. There were lots of high rankers from FDA, CDC, and then the DHS crew, Troy and me.

Sauk County HD, particularly Rose Atkinson, deserves two kudos that I'd like you to pass along. First, they've done great work with the plant management. Second, Rose did an outstanding job of clearly presenting what had been done and where the situation now stood. They made Wisconsin look very good and I am very grateful!

Thanks,
Steve
