Dear Kasey,

The Board of Directors of the Wisconsin County Mutual Insurance Corporation recently took action declaring a dividend for member counties for the 2019 liability policy year. Based on premium, investment and loss results, the Board has declared a dividend totaling **\$250,000** to member county participants. The total dividend amount was reduced for the 2019 policy year in order to maintain rate stability. Attached is your dividend check in the amount of \$8,265.00

The County Mutual Board of Directors continues to stay focused on risk management and protecting counties. Additional investments continue to be made in loss control programs to benefit member counties and including cyber liability insurance in each member's policy. This is all done at no cost to members. We encourage all County Mutual member counties to continue utilizing our valuable loss control services. In addition a Property Insurance Program is now offered by Your Company, to provide the needed coverage and risk management benefits to its' members.

The Sauk County Board of Supervisors can feel proud of the foresight and courage shown by the formation of, and participation in the Wisconsin County Mutual Insurance Corporation. The additional return of surplus to its participants reflects the Mutuals' philosophy of providing liability insurance substantially at cost.

On behalf of the Wisconsin County Mutual Insurance Corporation, we look forward to many more years of service to Sauk County.

Willie Johnson, Jr.  
President

Lance Plimi
