Mr. & Ms. Kidd

Dear Mr. & Ms. Kidd:

On June 23, 2011, the Sauk County Board of Adjustment considered your application for a special exception permit, pursuant to Sauk Co. Code § 8.08(3)(a)1. Based upon the applicable records, evidence and testimony presented at the hearing, the Board of Adjustment makes the following:

#### FINDINGS OF FACT

Ken & Susie Kidd, hereinafter referred to as "Applicant", applied for a special exception permit pursuant to Sauk Co. Code § 8.08(3)(a)1, to authorize filling and grading on slopes in excess of twenty percent. The property is located in Section 23 of the Town of La Valle and subject to Chapter 8, the Sauk County Shoreland Protection Ordinance.

The Applicant is applying to modify a special exception permit granted in October of 2010 for filling and grading on slopes in excess of 20% within the Shoreland Protection District. The parcel included is 024-1110-00000.

The surrounding area is a residential subdivision.

#### CONCLUSIONS OF LAW

The Sauk County Board of Adjustment may not grant a special exception permit for filling and grading unless all of the conditions listed in Sauk Co. Code §8.08(3), 8.14(3)(b) and 8.14(3)(c), are met. As part of its review, the Board must determine whether the proposed project is consistent with the intent of the ordinance and whether the work will significantly injure the public health, safety or welfare. The applicant has the burden of showing that the permit meets the standards designated in Sauk Co. Code § 8.08(3). Edward Kraemer & Sons, Inc. v. Sauk County Board of Adjustment, 183 Wis. 2d 1, 515 N.W.2d 256, 262 (1994).

Upon reviewing the evidence and testimony, the Board determined the project is consistent with the purpose and intent of the Shoreland Protection Ordinance. The board made this decision based on the following testimony and information provided:

The language in the decision of SEP 22-10, condition A, stated that all work on and use of the premises shall proceed with the plans and supplemental evidence presented at the hearing. The plans were for a walkway and did not identify the house located on slopes greater than 20%. The Office of Conservation, Planning & Zoning had to refer the applicant back to the Board because the new house was on a slope greater than 20% and the original plans did not identify the house on steep slopes.

## DECISION

Based upon the evidence, testimony, exhibits and legal authority, the Sauk County Board of Adjustment, by a vote of five to none, approves your request, subject to conditions, for a special exception permit to authorize the filling and grading as proposed.

In issuing the special exception permit, the Board set forth the following conditions the Applicant shall comply with:

A. All work on and use of the premises shall proceed with the plans and supplemental evidence presented at the hearing. Any plan changes/modification outside of those proposed at the hearing must be approved by the Office of Conservation, Planning & Zoning, including activities on slopes greater than 20%. It is the responsibility of the applicant to secure all required Town, State, Federal and County permits within one year of the hearing date. County permits required for this approval include land use permits for filling & grading, construction of retaining walls and tree cutting.

B. No work shall be commenced prior to receiving the Board of Adjustment decision letter and securing the required permits.

C. Erosion control shall be installed and maintained until the site is stabilized/revegetated per the plans submitted at the time of application.

D. This project shall not increase stormwater runoff onto neighboring properties.

E. Sauk County Conservation, Planning and Zoning shall be granted permission to view the site to ensure compliance with these conditions and other relevant provisions of Sauk County Ordinances. The power to ensure compliance with these conditions is given to Sauk County Conservation, Planning and Zoning. If the department finds that any of these conditions have been violated, they are hereby authorized to take corrective action, either through suspension of the permit, citations or by any means of enforcement that is within their power.

F. Failure by the Applicant to follow all of the conditions set forth by the Sauk County Board of Adjustment is grounds for suspension or revocation of the special exception permit and possible enforcement action. In order to have the special exception permit reinstated after suspension, the applicant must comply with all conditions established by the Board of Adjustment, as determined by the Sauk County Conservation, Planning & Zoning Director or appear in front of the Board of Adjustment. In order to have the special exception permit reinstated after revocation the applicant must appear in front of the Board of Adjustment for a new hearing and comply with all requirements as outlined in this letter.
