

Around the nation, older adults make their marks every day as volunteers, employees, employers, parents, grandparents, mentors, and advocates. They offer their time, talents, and experience to the benefit of our communities.

For 57 years, Older Americans Month (OAM) has been a special time to recognize these contributions. Led by the Administration for Community Living (ACL) each May, OAM also provides resources to help older Americans stay healthy and independent, and materials to help communities support and celebrate their citizens.

This year's OAM theme, Make Your Mark, highlights older adults' unique and lasting contributions to their communities—everything from sharing a story with grandchildren to leaving a legacy of community action. In the spirit of this theme, here are a few ways to make your mark this May and all year long:

- **Volunteer your time.** Local schools, shelters, food kitchens, and hospitals always need support. Help a neighbor by prepping a meal, picking up groceries, or giving them a ride. Or, take time to pass on your knowledge. Why not tutor a student who could use extra help in math, music, or science?
- **Share your story.** There are so many ways to do this, from showing your grandkids around your old neighborhood to writing a book. Take a class and learn how to express yourself with the arts! Or, assemble a photo album of important moments in your life.
- **Get involved in your neighborhood.** Join a homeowner or resident association, organize a block party, or sign up for a book club or other social group. Have a green thumb? Small projects like planting flowers in your yard or cleaning up the community park have a big impact.

**Communities that support and include all their members are stronger! Please join the ADRC in strengthening our community-see page 32 for a listing of volunteer opportunities!**

# Celebrate Older Americans Month this May!

Every May, the Administration for Community Living (ACL) leads the nation's observance of Older Americans Month. The ACL has announced "Make Your Mark" as the theme for 2020.

This theme was selected to encourage and celebrate countless contributions that older adults make to our communities. Their time, experience, and talents benefit family, peers, and neighbors every day. Communities, organizations, and individuals of all ages are also making their marks. This year's theme highlights the difference everyone can make – in the lives of older adults, in support of caregivers, and to strengthen communities.

When Older Americans Month was established in 1963, only 17 million living Americans had reached their 65th birthday. About a third of older Americans lived in poverty and there were few programs to meet their needs. Interest in older Americans and their concerns was growing. A meeting in April 1963 between President John F. Kennedy and members of the National Council of Senior Citizens led to designating May as "Senior Citizens Month," the prelude to "Older Americans Month."

Historically, Older Americans Month has been a time to acknowledge the contributions of past and current older persons to our country, in particular those who defended our country. Every President since Kennedy has issued a formal proclamation during or before the month of May asking that the entire nation pay tribute in some way to older persons in their communities. Older Americans Month is celebrated across the country through ceremonies, events, fairs, and other such activities.

The ADRC has again partnered with the Sauk County Parks & Recreation Department to offer free Sauk County Park Passes to Sauk County Seniors for the month of May. Check out page 33 for more information and how to get a pass!

## Beware of Social Security Scams

Social Security phone scams are the #1 type of fraud reported to the Federal Trade Commission and Social Security. Over the past year, these scams—misleading victims into making cash or gift card payments to avoid arrest for Social Security number problems—have skyrocketed. Social Security encourages you to use the new online form to report Social Security phone scams to disrupt the scammers and help us reduce this type of fraud, and reduce the number of victims. “We are taking action to raise awareness and prevent scammers from harming Americans,” said Andrew Saul, Commissioner of Social Security. “I am deeply troubled that our country has not been able to stop these crooks from deceiving some of the most vulnerable members of our society.”

Social Security employees will occasionally contact you by telephone or mail for business purposes if you have ongoing business with the agency. However, Social Security employees will not:

- Tell you that your Social Security number has been suspended.
- Contact you to demand an immediate payment.
- Ask you for credit or debit card numbers over the phone.
- Require a specific means of debt repayment, like a prepaid debit card, a retail gift card, or cash.

- Demand that you pay a Social Security debt without the ability to appeal the amount you owe.
- Promise a Social Security benefit approval, or increase, in exchange for information or money.

Remember that Social Security employees will never threaten you. If there’s a problem with your Social Security record, Social Security will mail you a letter. If Social Security needs you to submit payments, the agency will provide instructions in the letter, including options to make those payments. “Awareness is our best hope to thwart the scammers,” said Gail Ennis, Inspector General for Social Security. “Tell your friends and family about them and report them to us when you receive them, but most importantly, just hang up and ignore the calls.”

### Scams come in many different forms.

Social Security is at the forefront of keeping your online data secure, but you play a vital role in safeguarding your personal information too. Scammers commonly target people who are looking for Social Security program and benefit information. You might receive an advertisement in the mail, but it could be from a private company or even a scammer. U.S. law prohibits people and businesses from using words or emblems that mislead others. Their advertising can’t lead people to believe that ...continued on next page

they represent, are somehow affiliated with, or endorsed or approved by Social Security or the Centers for Medicare & Medicaid Services (Medicare).

If you receive misleading information about Social Security, send the complete advertisement, including the envelope it came in, to:

Office of the Inspector General Fraud Hotline  
Social Security Administration  
P.O. Box 17768  
Baltimore, MD 21235

Scams can also happen online. A growing tactic for scammers is to use online dating sites. According to the United States Postal Inspection Service's recent messaging, before starting an internet-based relationship, we should always keep our personal details to ourselves until you meet face-to-face. Next, do an internet search of the other person's name and the town they claim to be living in.

Here are indications that someone may not be who they say they are:

- A mismatch between their name and the name embedded in their email address.
- There are obvious spelling and grammar errors.
- They asked if you would send or receive money/packages on someone else's behalf.
- They need money right away due to a medical emergency, or they need a visa or air tickets. Or, a business opportunity arose that was too good to turn down. Can you wire a loan?

If anyone asks for your Social Security number, never give it to them. And if they are specifically pretending to be from Social Security, please report the information to the Office of the Inspector General at 1-800-269-0271 or online. Protecting your information is an important part of Social Security's mission. You work hard and make a conscious effort to save and plan for retirement. For more information, please visit the Office of the Inspector General's website.

# HOW YOUR INCOME MIGHT BE AFFECTING YOUR MEDICARE PREMIUMS

by the GWAAR Legal Services Team

If you are on Medicare and you have higher income, you may have to pay a higher monthly premium for your Part B and prescription drug coverage. These higher premiums are called “Income-Related Monthly Adjusted Amount” (IRMAA). Fewer than 5 percent of people with Medicare will pay IRMAA, so most people are not affected.

Whether you have to pay an IRMAA depends on your tax filing status and yearly income from two years ago. That means that in 2020, your IRMAA will be based on your 2018 tax return, as shown in the table below.

If your yearly income in 2018 (for what you pay in 2020) was:			You pay each month (in 2020) for <b>Part B</b>	You pay each month (in 2020) for <b>Part D</b>
File individual tax return	File joint tax return	File married & separate tax return		
\$87,000 or less	\$174,000 or less	\$87,000 or less	\$144.60	Your plan premium
above \$87,000 up to \$109,000	above \$174,000 up to \$218,000	Not applicable	\$202.40	\$12.20 + your plan premium
above \$109,000 up to \$136,000	above \$218,000 up to \$272,000	Not applicable	\$289.20	\$31.50 + your plan premium
above \$136,000 up to \$163,000	above \$272,000 up to \$326,000	Not applicable	\$376.00	\$50.70 + your plan premium
above \$163,000 and less than \$500,000	above \$326,000 and less than \$750,000	above \$87,000 and less than \$413,000	\$462.70	\$70.00 + your plan premium
\$500,000 or above	\$750,000 and above	\$413,000 and above	\$491.60	\$76.40 + your plan premium

If you believe that your IRMAA is wrong, the Social Security Administration (SSA) may recalculate it. However, this will usually happen only if you have had a life-changing event. SSA considers these situations to be life-changing events:

- Death of a spouse
- Marriage
- Divorce or annulment
- You or your spouse stopping work or reducing the number of hours you work
- Involuntary loss of income-producing property due to a natural disaster, disease, fraud, or other circumstances
- Loss of pension
- Receipt of settlement payment from a current or former employer due to the employer's closure or bankruptcy

continued on next page

You may also ask SSA to recalculate your IRMAA if you filed an amended tax return, if the IRS provided incorrect income information to SSA, or if there is a more recent tax return available.

If you have an IRMAA in 2020 and you experienced one of these life-changing events, contact an Elder Benefit Specialist. You will need to show proof that a life-changing event occurred. For example, if you recently got married, you should be prepared to show your marriage certificate. If SSA finds that your IRMAA was incorrect, you will be refunded for any higher premiums that were already paid (the difference between the IRMAA premium and the standard premium amount).

## BADGERCARE PLUS CHANGES START FEBRUARY 1, 2020

by the GWAAR Legal Services Team

The Wisconsin Department of Health Services (DHS) recently announced changes to BadgerCare Plus. These changes will affect adults ages 19-64 who are not pregnant and who do not have dependent children living with them. On November 1, 2019, DHS mailed information about these changes to current members who are childless adults. Members will receive a separate letter that provides more detail about the changes at their renewal. These changes include:

- **Emergency room copay.** Members will be charged a copay of \$8 if they visit the ER for care in a situation that is not an emergency. The \$8 copay will not apply if the provider determines the visit to be an emergency. The provider's decision will be based on the patient's symptoms, rather than the final diagnosis. Please note that federal law requires hospital emergency rooms to screen every patient who seeks emergency care and to stabilize or transfer those with medical emergencies, regardless of health insurance status or ability to pay. BadgerCare Plus members who are tribal members, the child or grandchild of a tribal member, or who qualify for Indian Health Services do not have to pay emergency room copays.
- **Monthly premiums.** BadgerCare Plus members who are childless adults and who have incomes over 50% of the Federal Poverty Level will be charged up to \$8 each month for their entire household. In 2019, 50% of the Federal Poverty Level was \$520 per month for a household of one or \$705 per month for a household of two. These numbers will likely change for 2020. Members who do not pay all owed premiums by the end of their certification period will lose eligibility for six months. BadgerCare Plus members who are tribal members, the child or grandchild of a tribal member, or who qualify for Indian Health Services do not have to pay monthly premiums. In addition, members who are homeless, were homeless at any point in the last 12 months, have been residing in a medical institution for at least 30 days, or who have a disability will not have to pay monthly premiums.

- **Optional health survey.** Members will be given the option to complete a health survey. If members are required to pay monthly premiums, they can reduce their monthly premium by reporting healthy behaviors like wearing a seat belt, exercising, and not smoking. Premiums may be reduced to as low as \$4 per month based on members' answers to this survey.
- **Treatment needs question.** To be eligible for BadgerCare Plus, members must answer a question about their drug use during the last 12 months and, if applicable, their willingness to enter treatment. Their answer will not affect their health care benefits in any way. If an applicant or member does not answer this question, the applicant or member will not be eligible for BadgerCare Plus as a childless adult. Please note that there is no drug test requirement for BadgerCare Plus.
- **Coverage of residential substance use disorder (SUD) treatment.** Federal law used to restrict coverage of SUD treatment in residential facilities for BadgerCare Plus members. However, as of February 1, 2020, SUD treatment in residential facilities will be available to all BadgerCare Plus members and other individuals who receive full-benefit Medicaid. This is the only change being made to BadgerCare Plus health care benefits at this time.

These changes will go into effect for new applicants on February 1, 2020. These changes will affect current BadgerCare Plus members who are childless adults at their next renewal after February 1, 2020. Both new applicants and current members will be required to pay a copay for any non-emergency visits to the emergency room after February 1, 2020.

As with all benefits, members should notify their income maintenance agency about any changes in income or family size to determine if their eligibility will change or whether they will be required to pay a premium. If you have any questions about whether these changes affect you, please contact your county's Aging and Disability Resource Center.

### *Welcome Barbara!*

*I may look familiar to some since I was behind the front desk at the Baraboo Public Library as a Circulation Assistant for 7 years. Yes, I love books and films and music! I moved to Baraboo about 8 years ago after living in Chicago and then Baltimore. My roots are in the Midwest. I grew up in Scandia, Minnesota and received my degree from UW Stevens Point. I love living in Sauk County and exploring our beautiful natural areas. Currently, my favorite place to travel is northern Michigan where my daughter is attending school. I look forward to greeting you at the ADRC front desk and connecting you with our wonderful specialists and resources.*

## *FAQs About Skilled Nursing Facility Denials of Medicare Coverage*

by the GWAAR Legal Services Team

***Q: I am in a Skilled Nursing Facility (SNF) for rehabilitation after being in the hospital, and I just received a notice that my coverage will end in two days. My doctor says I still need therapy at least 5 times per week. What can I do?***

A: On the notice you received there should be a phone number for a Quality Improvement Organization or QIO. A QIO is the independent reviewer authorized by Medicare to review the decision to end services. If you want an expedited appeal, you must make that request no later than noon of the day before the date that coverage will end. (If you miss that appeal deadline, you may still have further appeal rights, just not for an expedited appeal). The QIO will notify you of its decision within 12-36 hours, depending on if you have original Medicare or a Medicare Advantage plan. You have the right to submit additional information to the QIO. For example, you may ask the physician who ordered your care or the therapists providing the care to submit a written statement explaining why you continue to need daily skilled care. Note: Livanta is the QIO for Wisconsin. Their phone number is 888-524-9900.

***Q: I appealed to the QIO and they upheld the decision to end coverage. What can I do now?***

A: You can ask the QIO to reconsider its decision by telephone or in writing. Again, you may submit additional information to support your case. You have sixty (60) days to submit this appeal.

***Q: I won! The QIO overturned the insurance company's denial of my SNF coverage. I'm in the clear now, right?***

A. Not necessarily, we're sorry to say. All SNF cases are reviewed by insurance companies on a weekly basis, so you may receive another denial next week or the following week. Those denials will need to be appealed as well if you wish to continue receiving coverage.

***Q. The QIO denied coverage again after my second appeal. Is there anything else I can do?***

A. On the QIO's denial notice there should be information about how to request a hearing in front of an Administrative Law Judge (ALJ). Unfortunately, ALJ hearings and decisions are not expedited. This means that you may have to wait a long time (several months) before your hearing is held. Further, while the ALJ is supposed to issue a decision within 90 days of receipt of the request for hearing, it often takes longer. To get a hearing decision as soon as possible, be sure to write "Attn: Beneficiary Mail Stop" on the envelope containing your appeal.

***Q: I received a denial of coverage, but the staff at the SNF say I can just apply for Medicaid. Should I just do that instead of dealing with all these appeals?***

A: It is your choice whether or not you wish to apply for Medicaid, but there are pros and cons to consider. First, you may need to spend down your assets before you qualify for Medicaid. If you have a legitimate appeal on your Medicare denial, you may do that unnecessarily. Also, if Medicaid pays for some of your services, you may be subject to Estate Recovery. This is where the state seeks to recover some of the costs of your care from your

continued on next page

estate. For more information on Wisconsin's Estate Recovery Program, visit: <https://www.dhs.wisconsin.gov/medicaid/erp.htm> There may also be other considerations you have before applying for Medicaid. For more information or assistance, contact an Elder Benefit Specialist.

***Q: Medicare is denying coverage for my rehab in a SNF because they say I was not in the hospital for three days prior to arriving at the SNF. But I was in the hospital for three days before being transferred to the SNF! What gives?***

A: You may have been in the hospital under "observation status" for all or some of those days. If that is the case, you should have received a Medicare Outpatient Observation Notice (MOON). If this happens, you have options to appeal. For more information on this issue, visit: <https://www.medicareadvocacy.org/self-help-packet-for-medicare-observation-status/>

***Q: I still reside in the SNF, but my therapies have been cut to only two or three times per week. I am also not receiving any special nursing care, but it's not safe for me to go home yet. Will Medicare cover my room and board?***

A: No, your room and board will not be covered because you do not need and/or are not receiving daily skilled services. However, Medicare Part B or your advantage plan may still cover the cost for the therapy services you do receive.

***Q: I plan to appeal the denial of coverage. Do I need to continue receiving therapy (or skilled nursing services) every day?***

A: Yes. One of the requirements to get Medicare coverage of your room and board in the SNF is that you continue to receive daily skilled services such as physical therapy or skilled nursing care. This means, if you plan to appeal, you will need to keep getting the services but risk being on the hook for the cost of care if lose your appeal. Again, however, Medicare Part B or your advantage plan may still cover the cost of the therapy.

***Q: My SNF coverage was denied because the insurance company (or Medicare) says that I "plateaued," but if I don't continue receiving therapy every day, I might start losing all the progress I've made. Can the insurance company do that?***

A: No. In 2013 there was a class action lawsuit called Jimmo v. Sebelius. This lawsuit settled, and the result of that settlement is that Medicare beneficiaries who received care in skilled nursing facilities, home health care, and outpatient therapy could no longer be denied Medicare coverage on the basis that they were not improving or did not demonstrate a potential for improvement. For more information about your rights under Jimmo, visit: <https://www.medicareadvocacy.org/toolkit-medicare-skilled-nursing-coverage-and-jimmo-v-sebelius/>

***Q: Okay, so what can I do to try to prevent being stuck with these charges? How can I prevent getting denied, and if I do get denied, try to increase my likelihood of winning my appeal?***

1. Make sure you have a physician's signed order to go to the SNF and for rehab/skilled therapy services (if applicable).

continued on next page

2. Make sure your nurses and therapists take detailed notes of your daily care.
3. Respond to any denials as quickly as possible and ask the facility to include ALL care notes with your appeals. If possible, include a letter from your physician with your appeals.
4. Make sure you continue receiving skilled nursing services every day or skilled therapy services at least 5 days per week if your doctor ordered them even if the advantage plan/Medicare says they are no longer covered.

# SCIL SAUK COUNTY INSTITUTE OF LEADERSHIP

What is the next step in your leadership journey? The Sauk County Institute of Leadership (SCIL) is a leadership development program that empowers, engages, and equips participants to make a positive difference in Sauk County. The nine-month program kicks off with an overnight retreat in September followed by eight day-long workshops that are held throughout the county on the second Thursday of each month from October to May. Each interactive SCIL session blends leadership skill development with an examination of emerging community issues.

SCIL has a rich history of success. Alumni routinely note a more comprehensive understanding of community issues and leadership practices. They also demonstrate a new confidence to take on leadership roles in their homes, communities, and workplaces. SCIL graduates cite improvements in their effectiveness as decision makers and leaders in their current roles. They also value the opportunity to grow and develop a diverse network of local resources and contacts.

THE COP'S CORNER HAS BEEN WRITTEN BY A  
MEMBER OF THE SAUK COUNTY CHIEF'S ASSOCIATION

## TAX FRAUD & IDENTITY THEFT

It seems that this time of year, the local police get a lot of calls about tax scams and theft of identity complaints. A little information can go a long way to protecting yourself. Do not become a victim because a person is using the change to the tax code against you!

The most common tax scam we hear of is a phone call made by a robot dialer who tells the caller that the IRS is launching an investigation and if they want to avoid being arrested, they need to call and wire money or provide access to a bank account.

The first problem with the scam is that the IRS will not call you. If you are being audited, you would be contacted by an IRS agent in person who will present proper credentials. Any call made via the phone should be suspect to you and you need to follow up before sending money or allowing anyone access to your bank accounts. If you pay, it is extremely difficult for local law enforcement to track the bad guys and the chances of getting your money back are almost none. Never divulge information over the phone to anyone you do not know, even if you believe it is an official.

With changes to the tax code, it may be a little confusing and you may have questions. Seek information from the sources you trust that are the Government sites of the IRS!

The second type of issue we see this time of year is identity theft through tax return fraud. This is where your identity is stolen to file a tax return

for fraudulent return monies. The following is from the IRS web site and has some helpful hints:

### Know the warning signs

Be alert to possible tax-related identity theft if you are contacted by the IRS or your tax professional/provider about:

- More than one tax return was filed using your SSN.
- You owe additional tax, refund offset or have had collection actions taken against you for a year you did not file a tax return.
- IRS records indicate you received wages or other income from an employer for whom you did not work.

### Steps to take if you become a victim

If you are a victim of identity theft, the Federal Trade Commission recommends these steps:

- File a complaint with the FTC at [identitytheft.gov](http://identitytheft.gov).
- Contact one of the three major credit bureaus to place a 'fraud alert' on your credit records:
  - Equifax, [www.Equifax.com](http://www.Equifax.com), 1-800-766-0008
  - Experian, [www.Experian.com](http://www.Experian.com), 1-888-397-3742
  - TransUnion, [www.TransUnion.com](http://www.TransUnion.com), 1-800-680-7289
- Contact your financial institutions, and close any financial or credit accounts opened without your permission or tampered with by identity thieves.

continued on next page

If your SSN is compromised and you know or suspect you are a victim of tax-related identity theft, the IRS recommends these additional steps:

- Respond immediately to any IRS notice; call the number provided or, if instructed, go to [IDVerify.irs.gov](https://www.idverify.irs.gov).
- Complete IRS Form 14039, Identity Theft Affidavit, if your efiled return rejects because of a duplicate filing under your SSN or you are instructed to do so. Use a fillable form at [IRS.gov](https://www.irs.gov), print, then attach the form to your return and mail according to instructions.
- Continue to pay your taxes and file your tax return, even if you must do so by paper.

If you previously contacted the IRS and did not have a resolution, contact us for specialized assistance at 1-800-908-4490. We have teams available to assist.

A little prevention may save a lot of pain in the very near future. Protect your identity and yourself. The IRS has advised that due to the number of ID thefts in recent years, that returns may be delayed.

## Communication Tips & Strategies

Communicating with a person with Alzheimer's or other dementias can be difficult. When the brain endures changes due to Alzheimer's disease, stroke or other illness, the language ability is often impaired. Changes in the ability to communicate are unique to each person, but for most people the changes will worsen as dementia progresses.

On Tuesday, April 28 from 5:30 - 7:00 p.m. at Oak Park Place, 800 Waldo St., in Baraboo, Outreach Specialist Janet Wiegel will share ways dementia affects communication and give tips and strategies to help family and friends more effectively and compassionately communicate with loved ones.

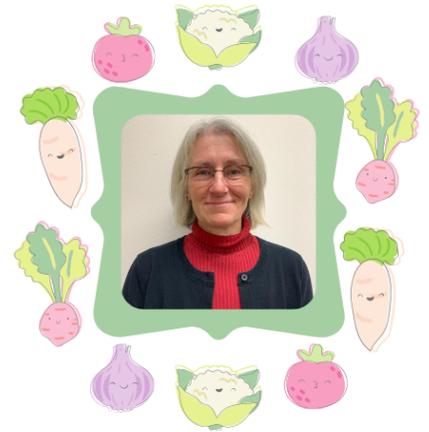

Educating yourself on important matters and advanced planning are one of the keys to making this journey easier. The Legal and Financial Planning seminar presented by Jeffrey Clark and the ABC's of Alzheimer's and Dementia presented by Brenda Reisdorph, RN will be held at the Baraboo Area Senior Center from 5-7 PM on March 18th and April 15th respectively.

For more information on these programs or if you have specific questions, contact Janet at 608.742.9055 or [janet.wiegel@alzwissc.org](mailto:janet.wiegel@alzwissc.org). Additional family education programs and resources available at [www.alzwissc.org](http://www.alzwissc.org).

## NEW DINING OPTIONS IN BARABOO & REEDSBURG!

The traditional dining sites in Sauk County serve a delicious lunch for many older adults in our communities. The ADRC invites you try our two newest venues featuring the My Meal, My Way nutrition program. With My Meal, My Way, eligible older adults can enjoy an affordable and nutritious meal served in a comfortable restaurant setting.

In Reedsburg we are partnering with the Reedsburg Country Club, 3003 East Main Street. Diners may make a trip through the expansive salad bar and pair it with a cup of freshly made soup. The My Meal, My Way soup and salad bar option is available on Tuesdays and Thursdays from 11:30 AM to 1:30 PM.

In Baraboo the My Meal, My Way program is hosted by the Four Star Restaurant, 1011 8th Street. At the Four Star, there is a special My Meal, My Way menu with choices for either a hearty, healthy breakfast or lunch. The program runs on Mondays and Wednesdays from 10:30 AM to 1:00 PM.

You are eligible for the My Meal, My Way dining option if you are 60 years of age or older. You may also participate if you are eating with your spouse who is an eligible diner, or if you are a disabled child eating with an eligible parent. Eligible diners are welcome to eat for a suggested donation of \$5.00. No reservations are required!

Like the meals at the dining centers, the My Meal, My Way meals have been nutritionally analyzed and approved to meet the Federal Senior Meal requirements. As a result, substitutions are not allowed.

First time diners will be asked to fill out the senior diner form. The information will be stored confidentially, and will only be requested the first time you join us for a meal.

The goal of the My Meal, My Way program partnerships is to increase the variety of meal choices, add flexibility to the dining times, and increase the opportunity for socialization with people of all ages in a welcoming setting.

We encourage you to venture out and try the new My Meal, My Way dining options!

## Caregivers Have Rights, Too!

Jane Mahoney, Older American's Act Consultant-Caregiver Support Specialist, GWAAR

It happens gradually. She needs a little help balancing the checkbook and there are bills on the counter not getting paid. The layer of ice on the roads and sidewalks leaves you nervous about a fall so you stop for her groceries and accompany her to appointments. You notice that her floors are dirty and there is a laundry basket of clothes waiting to be washed. You do more and more for her and soon find yourself making daily phone calls or visits to help. You have become a caregiver. Your mother could not live at home without your help.

The next things you notice involve your own life - when is the last time I had lunch with my friends? When did I start eating fast food so often? I used to love going for walks, but how long has it been? And why do I feel so grumpy, angry, and frustrated? The answers are enmeshed with your new "job" that you didn't realize you had.

Caregiving is like another job. You choose to do it and truly want to do it. But when you put your own life and needs on the backburner, you can run into trouble. Caregiving can consume your time, thoughts, and energy and it can chip away at your physical and emotional health. But don't dismay, you can be a healthy caregiver! You have rights as a caregiver and following these rights will keep you healthy and help you give better care to your loved one too.

If you are a caregiver, please know that **you have the right to:**

- Take care of yourself without any feelings of guilt. By maintaining your own health, you will be happier, healthier, and a better caregiver for your loved one!
- Continue having a life of your own-one that does not include your role as a caregiver. Make it a priority to keep doing the things you love, knowing that you are also doing all you can for your loved one.
- Feel and express the strong emotions that caregiving produces. It is normal to feel anger, fear, loss, and depression. Acknowledge these feelings and find someone to talk to about them.
- Refuse feelings of guilt that may be put upon you by your loved one or others. Do not allow yourself to be manipulated by guilt or other negative feelings.
- Accept the positive feelings-appreciation, love, forgiveness, gratitude-bestowed on you by your loved one and others who see your difficult task. Caregiving is hard work and you should feel happy and proud to be a caregiver.
- Seek help from others, whether from friends and relatives or paid help. No one can do it all. Accept help in order to maintain your own life and individuality. You will need this life to return to when your days of being a caregiver end.

# VOTER ID FREQUENTLY ASKED QUESTIONS

SOURCE: THE WISCONSIN ELECTIONS COMMISSION

## **When will I be required to show a photo ID to vote?**

- You will need to show an original copy of an acceptable photo ID to vote at your polling place or to cast an in-person absentee ballot at your municipal clerk's office.
- You will also be required to provide a photocopy of your ID to cast an absentee ballot by mail, with certain exceptions for military and permanent overseas voters and permanent absentee voters.
- The photo ID requirement is in effect for all elections after April 2015.

## **What IDs are acceptable?**

- These are acceptable for voting purposes, and can be unexpired or expired after the date of the most recent general election (currently, the November 6, 2018 election):
  - A Wisconsin DOT-issued driver license, even if driving privileges are revoked or suspended, and with or without a star in the right-hand corner.
  - A Wisconsin DOT-issued identification card, with or without a star in the right-hand corner
  - Military ID card issued by a U.S. uniformed service
  - A U.S. passport
  - An identification card issued by a federally recognized Indian tribe in Wisconsin (May be used even if expired before the most recent general election.)
  - A photo identification card issued by a Wisconsin accredited university or college that contains date of issuance, signature of student, and an expiration date no later than two years after date of issuance. Also, the university or college ID must be accompanied by a separate document that proves enrollment. (May be used even if expired before the most recent general election.)
- These photo IDs are also acceptable for voting purposes, but must be unexpired:

## **Do I need a special voter photo ID card?**

## **How do I get a free photo ID to vote?**

- You can get a free state ID card from the Division of Motor Vehicles if you do not already have a Wisconsin driver license.

# VETERANS MESSENGER

Dear Friends,

For those of you that may not have heard, the Assistant Veterans Service Officer for the past 5 years, Louie Birkholz, has retired. It is with great pleasure I wish to welcome Rick Erickson as our new Assistant CVSO. We are very fortunate to have somebody of Rick's knowledge, intelligence, ambition, and passion for helping veterans access the benefits they earned with their military service. As you will notice with Rick's bio below, he is experienced and fully accredited veterans' representative, and you can have confidence in working with him.

If you are planning to use the new benefit of being able to access military base privileges, please be aware they may not allow a guest to enter with you. It is up to each individual base if they will allow a guest or not.

We have already begun our Post/Chapter visits for 2020, so make sure and watch for when we will be visiting your local service organizations regularly monthly meeting to update you on all the new & exciting things happening in the world of veterans benefits and services. This is also a chance to meet Rick.

We would also like to remind you that when you call our office, you are likely to get our voicemail. If you would like a faster response to your questions, we would recommend you email the office at [vetservice@saukcountywi.gov](mailto:vetservice@saukcountywi.gov) There are 5 of us in the office and any of us should be able to get back to you sooner. Calling repeatedly will not make it any more likely you will get a quicker response.

In Your Service,

Tony

## Meet our New Assistant CVSO, Rick Erickson

I have been serving as a Veterans Service Officer since 2018. I joined the Sauk County team part time in November of 2019 and was brought on full time in January of 2020. I served in the United States Marine Corp from 2003-2007 as an Artillery Scout/Forward Observer. There is nothing more satisfying to me than assisting Veterans in receiving every benefit they have earned through their service to this country.

I currently reside in Wisconsin Dells with my two daughters. Together we enjoy activities like playing cards, swimming, taking hikes, and cooking together. I also enjoy hunting and fishing.

It is an honor to work here in Sauk County and continue to serve my fellow Veterans on a daily basis. I hope that I can have a positive impact on the lives of Sauk County Veterans and their families.

# MEMORY SCREENS

Gina Laack, Dementia Care Specialist

Your brain is the most important part of your body. It controls every organ and is in charge of every movement, task and function that you complete daily. Medical advancements in recent years have helped to keep our physical bodies living longer and longer however advancements have lagged in keeping our brains healthy just as long. We go to the doctor for routine checkups and preventative screenings, however when was the last time you considered having a brain check-up done? Have you been making sure that your brain is as healthy as the rest of your body?

The Aging and Disability Resource Center of Eagle Country serving Crawford, Juneau, Richland and Sauk Counties offers free and confidential memory screens, also known as “brain check-ups.” A memory screen is a wellness tool that helps to identify possible changes in memory and cognition. The screens help to determine a baseline of a person’s cognitive functioning so future changes can be monitored. The screen is free and confidential and only takes 10 minutes to complete. The screen does not provide a diagnosis, however if changes are detected the ADRC staff can help the individual follow up with a physician and also provide information on resources available.

Memory screens can help with early detection in memory and cognitive changes. Why is early detection important? Changes associated with memory and cognition could be due to a health condition that may be reversible such as an infection, thyroid, medication side effect, pain, dehydration, depression and many others. If a person may be living with irreversible cognitive changes often times associated with dementia, it allows the individual to prioritize and be proactive in planning for the future. Just as blood pressure, cancer, diabetes or stroke screenings contribute to prevention and better treatment, so do memory screens. If you are interested in having a memory screen completed or would like to be connected to the Regional Dementia Care Specialist contact the Aging and Disability Resource Center of Eagle Country Baraboo Office at 608-355-3289.
